GOVERNMENT OF INDIA—MARINE BRANCH—MILITARY DEPARTMENT.

NOTICE TO MARINERS.—(No. 1.)

INDIA—BAY OF BENGAL.

RIVER HOOGHLY SANDHEADS.

*Light Regulations for Pilot Brigs.*

THE Port Officer, Calcutta, has notified that on and after the first day of July 1881, the Pilot Brigs at the Hooghly Sandheads will, when under weigh and cruizing about, show the usual red and green side lights. When they are hove-to, engaged in supplying or taking out a Pilot, and thus not under command, the side lights will be obscured, and the bright mast-head light exhibited according to the Regulations of the Board of Trade. On the near approach of a vessel, a white light will be shown over the Brig's stern.

2. While Pilot Brigs are at anchor, the usual anchor light will be hoisted at the starboard fore yard-arm.

3. The maroons, or flare-up lights, will, as heretofore, be burnt by the Brigs every quarter of an hour, whether under weigh or at anchor, from sunset to sunrise, in accordance with the aforesaid Regulations.

By Direction of the Government of India,

NOTIFICATION.

*The 13th January* 1881.—It is hereby notified that the Lieutenant-Governor authorizes the extension of the provisions of Act II (B.C.) of 1867 (an Act for the punishment of public gambling and the keeping of common gaming-houses), to the towns of Daltongunge, Shahpore, and Chainpore, in the district of Lohardugga, as defined by the boundaries mentioned below:—

DALTONGUNGE, INCLUDING NOWATOLI.

*On the north.*—An irregular line drawn due west from the junction of the Behar and Ranchee roads along a dhorha rising behind the bungalow of Mr. Hodges and running behind those of Thakurai Janki Singh occupied by the Assistant Conservator of Forests, and of the Inspector of Police to that point in the Koel river near village Kund where the dhorha falls into the Koel

*On the east.*—A straight line drawn due south from that point where the northern boundary begins across two dhorhas and fields, and going outside the houses of Bundhun Bhuya and Dobra Bhuya in Nowatoli to a rock in the bed of the Koel river off Nowatoli where the river turns to the west.

*On the south and west.*—The Koel river.

SHAHPORE.

*On the north.*—The Koel river.

*On the south.*—A straight line drawn due west from the masonry altar of the goddess Debi (known as Debisthan) across fields and a dhorha to the middle of Mr. Forbes's lake (commonly called Forbes's Bund) where a dhorha takes its rise.

*On the east.*—An irregular line drawn due north from that point where the southern boundary begins, going outside a mangoe-tope and the ruins of a masonry building of the late Rajah of Palamow, to the big chilbil tree on the bank of the Koel river near Chhokouri Sahoo's Temple.

*On the west.*—An irregular line drawn due north from that point where the northern boundary ends along the dhorha which rises there to a big seemull tree where the dhorha falls into the Koel.

CHAINPORE.

*On the north*—A slightly irregular line drawn due west from that point in the Mandhata river where the footpath from Shahpore to Kunkuree crosses that river through rice fields and a reservoir of water for irrigation to the north-west corner of Baghubar Sahoo's tank, where there is a temple.

*On the east.*—A straight line drawn due south from that point where the northern boundary begins along the footpath from Shahpore to Kunkuree to the masonry well of Thakuri Ram Sarun Sing on the boundary between Kunkuree and Bhaigan.

*On the south.*—An irregular line drawn due west from the well where the eastern boundary ends through fields going outside the houses of Chhattu Kahar and Bigun Kahar on the south of Mandhata river and then crossing that river to an old tank of the Thakuris of Chainpore in the mangoe-tope called the Andheri Bagicha.

*On the west*—A straight line drawn due north from the tank where the southern boundary ends to the north-west corner of Raghubar Shah's tank where the northern boundary ends.

This notification will have effect from the 3rd February 1881.

All Civil and Military Officers are invited to attend.

Gentlemen purposing to attend the Levée are requested to send their names and addresses to the Aide-de-Camp in waiting not later than 5 P.M. on the 28th January, after which none can be received. Gentlemen who have not already been presented at the Court of St. James' or at Government House, will be good enough to add the names of gentlemen who will present them

Gentlemen attending the Levée are requested to bring with them the two cards which will be forwarded to them,—one to be delivered on entering Government House, the other to the Aide-de-Camp in waiting at the time of presentation.

The Levée will be closed by the Native Officers of the Garrison being presented by their Commanding Officers.

Gentlemen wearing uniform will appear in full dress.

Gentlemen not wearing uniform will appear in evening dress.

The carriages of gentlemen (except such as have the private entrée) attending the Levée will enter by the North-East Gate, set down under the Grand Staircase, and pass out by the North-West Gate.

Their Excellencies the Viceroy and the Marchioness of Ripon will hold a Drawing-room at Government House at 9-30 on the evening of Thursday, the 3rd February.

Ladies purposing to attend the Drawing-room are requested to send their cards and addresses to the Aide-de-Camp in waiting not later than Saturday, the 29th, and to bring with them to the Drawing-room the two cards which will be sent to them,—one to be given on entering Government House, and the second to the Aide-de-Camp in waiting at the time of presentation.

Ladies who have not already been presented at the Court of St. James' or at Government House, are requested to send their cards, with their addresses, and the name of the lady by whom they are to be presented, to the Aide-de-Camp in waiting as soon as possible.

Ladies who present others should themselves attend the Drawing-room.

The carriages of those who have the private entrée will enter by the South-East Gateway, and set down at the South entrance of Government House.

All other carriages will enter by the North-East Gate, set down under the Grand Stairs, and pass out by the North-West Gate.

The following orders, issued by the Government of India in the Home, Revenue, and Agricultural Department, are republished for general information :—

## Notification.

TO be peremptorily sold pursuant to a decree of the High Court of Judicature at Fort William in Bengal in its Ordinary Original Civil Jurisdiction, made in suit No. 58 of 1880 (wherein Rajcoomar Paul is plaintiff, and Chunder Coomar Banerjee is defendant), and dated the 8th day of March 1880, by the Registrar of the said Court in his sale-room in the Court House, on Saturday, the 26th day of February next, at the hour of 12 o'clock, at noon, the following property—

All that piece or parcel of land situate at and being partly No. 139, Cornwallis Street, and partly No 23-2, Rajah Nobo Kissen's Street, within the registration district of Calcutta, and containing by estimation one bigha one cottah four chittacks and forty-four gundas of land, be the same a little more or less, and butted and bounded in the manner following; that is to say, on the north by the drain to the south of the land belonging to Gopaul Chunder Mitter, deceased; on the south by the house of Kally Kissen Gangooly (formerly the house of Ananda Krishna and Joy Krishna Bose), on the east by the Government road commonly called Cornwallis Street; and on the west by the land of Roghoo Nauth Mitter.

The conditions of sale and the abstract of title may be seen at the Registrar's Office, or at the office of Messieurs Dass and Sein, the plaintiff's attorneys, at No. 7, Old Post Office Street.

R. BELCHAMBERS, Registrar.

DASS AND SEIN, Plaintiff's Attorneys.

Calcutta High Court, Original Jurisdiction, Registrar's Office, the 8th January 1881. (645—1)

IT is hereby notified that the undermentioned property will be sold on the 3rd day of March 1881, in satisfaction of decree No 190 of 1880, of the Second Sub-Judge's file of Backergunge, in which Kali Prosonno Ghosh and others are decree-holders, and Ray Bhupendra Nath Choudhury and others judgment-debtors.

Abad Deb Nathpur, taluk Deb Nath Ray, bearing No. 123 of the pottah and the book of the Commissioner of Sundurbuns, and appertaining to pergunnah Saidpur, No. 4908 of the tauji of Backergunge Collectorate, is situated within the jurisdiction of the Munsif of Perozepur and the local limits of station Matbaria and the sub-registrar's office of Bhandaria, district Backergunge. It comprises 34,000 bighas of land, and was settled with proprietors Ray Bhupendro Nath Choudhury, Ray Gyanendro Nath Choudhury, Ray Narendra Nath Choudhury, Prosonna Kumar Ray, guardian of Ray Surendra Nath Choudhury and Ray Jotindra Nath Choudhury, minors. It was held at a jumma of Rs. 1,568 up to 1285 B.S., and has been assessed at a jumma of Rs. 2,351 since 1286 B.S. The taluk comprises mouzas Baramachhua, Bholmara, Tutakhali, Charokkhali, Ghapkhali, Rajpara Nijamia, Mitakhali, &c., the rights and interests of the judgment-debtors' (8) eight annas share of this property, with all its appendages, which is in the enjoyment and possession of the judgment-debtors, and has been hypothecated in the bond and the decree.

It is also notified that search was made in the books of the Registration Offices of Perozepur, Bhandaria, and Matbaria down to 1879, and it appears from the affidavit given by the decree-holders that no body has any lien on that property. It may ordinarily be worth Rs. 81,000, but it appeared from the allegation of the judgment-debtors' mooktear that the property yields an annual profit exceeding Rs. 12,000, therefore the value of the property advertised for sale has been estimated at Rs. 1,00,000, (one lakh) under order of the Court.

| Sept. 23rd | 6 | 12mo. .. | 1st ... | 1,000 | Printed | 0 1 0 | Gopál Chandra Chatterji, 1, Becháram Chatterji's Lane, Calcutta. | The approach of the great festival of Durgá Pujá is an occasion for great rejoicings in this country. Hindus are on that occasion in the habit of singing songs describing the joy of Durga's parents at the prospect of seeing their only beloved daughter with her little ones after an interval of one year, the joy of Durgá herself at the prospect of seeing her parents, Durgá's leave-taking from her consort Mahádeb, her toilette which is furnished by Kuvera the Indian god of wealth, her reception by her parents, &c. The publication under notice describes all this in song and dialogue. | 916 |
| „ 23rd | 6 | 12mo. ... | 1st ... | 1,000 | ditto ... | 0 1 0 | Tulsidás Basák, 1, Becháram Chatterji's Lane, Calcutta. | The close of the Durgá Pujá festival is marked by as much sorrow as its approach is by joy. The people of this country accordingly sing songs after the festival in which they express their grief by describing Durgá and her disconsolate parents as all in tears, Mahádeb as impatient for his wife's return, &c. These sentiments are expressed in these pages in song and dialogue. | 917 |
| Oct. 7th | 56 | 12mo. ... | 1st ... | 500 | ditto ... | 0 8 0 | Nil ... | Describes the story of the defeat of Prithibiráj in a battle with Muhummad Ghori. The heroine, Nalini, is the daughter of Prithibiráj and wife of Samarasing Samarasing greatly distinguishes himself in the war, and succeeds to the throne of Chittore, to which place he conducts Nalini after the loss of her father's kingdom. | 918 |
| Sept. 5th | 12 | 12mo. ... | 1st ... | 250 | ditto ... | 0 2 0 | Priya Náth Ráya of Calcutta. | Krishna was born in a prison in Mathurá, from whence he was secretly carried by his father infant was carried miraculously across the Jumna, and taken to Nanda, the head of the milkmen of Gokul, who was only brated by Nanda with great rejoicings, and it has since become customary with the worshippers of Krishna to repeat these facts in song and dialogue. | 919 |
| Oct 18th | 12 | 12mo. ... | 1st ... | 1,000 | ditto ... | 0 1 0 | Ráj Krishna Ráya, Chorebagan, Calcutta. | A poor shepherd-boy who wants to purchase a large fish is taunted by the fisherman with the aristocratic desire of riding stable, and accordingly goes out in search of a horse. He fails everywhere, but a shopkeeper makes a bargain out of his an animal of the kind he wants. Whilst returning home in triumph, the shepherd-boy, in order to rest himself awhile, away, the gourd falls and is cracked, and the affrighted jackal runs away. The poor shepherd-boy runs after the beast, | 920 |

| Feb. 7th | 20 | 12mo. ... | 1st ... | 2,000 | Printed | 0 2 0 | Binodbihári Dás and Báneswar Ghosh of Calcutta. | States that Vishnu is the God of the Kali Yuga under the name *Satyanárâyana*, mentions some cases of poor men becoming rich by worshipping Satyanáráyana, and relates one or two stories with the view of showing that Satyanáráyana is a god who interferes actively in the affairs of men, and may not be offended or slighted with impunity. The worship of this god is very popular in Bengal. | 949 |
| Oct. 15th | 20 | 12mo. ... | 2nd ... | 1,000 | ditto ... | 0 2 0 | ditto .. | This is the second edition of the last-mentioned work. | 950 |
| „ 18th | 60 | 12mo. ... | Not given. | 2,000 | ditto ,. | 0 5 3 | Rámkánáyi Dás of Jorásánko, Calcutta. | An old metrical work expressive of the religious sentiments of a devout Baisnaba. The style faintly recalls that of the mediæval Baisnaba poets. Baisnabism as opposed to the idolatrous worship of the *Sáktas* of Bengal, or militant Baisnabism, is the creed of the author. | 951 |
| Nov. 25th | 80 | 12mo. ... | 1st ... | 2,000 | ditto ... | 0 9 0 | Jadunáth Datta, Calcutta. | An old metrical work describing the power and divinity of Manasá, the Hindu goddess of serpents. The well-known story of Behulá and Nakhindara is related in the old-fashioned style so popular with ill-educated and orthodox readers. | 952 |
| Oct. 9th | 80 | 8vo. ... | 1st ... | 500 | ditto ... | 0 8 0 | Girish Chandra Sen, 6, College Square, Calcutta. | This part contains the memoirs of 14 Mahomedan saints, male and female, translated from a Persian work entitled *Tejkaratuloulia*, which gives notices of 96 saints. These memoirs are full of moral and religious sayings inculcating godliness, purity of heart, dependence upon God, contempt for earthly things, disregard of physical evils, &c., &c. The translator, who has avowed his faith in the new dispensation of the Bráhma Samáj of India, says that Mahometanism has more points of agreement with Bráhmaism than any other religion. | 953 |

| Oct. 20th | 32 | 8vo. ... | 1st ... | 1,000 | ditto ... | 0 6 0 | Shámlál De, Ahiritolá, Calcutta. | Discusses the origin of the Vedas and their chronology, describes their contents, and defines their relations to the subsequent Sanskrit literature. The author's treatment of his subject is of a very summary nature. He rejects the date assigned by Orientalists to the compilation of the Vedas, and seems inclined to carry that date some 30 or 40 thousand years backward. | 955 |
| Nov. 1st | 96 | 8vo. ... | 1st ... | 1,000 | ditto ... | 1 4 0 | Akshaya Kumár Banerji of Anantapur, Chandernagore. | Tables containing calculations of wages by the month and the year, of prices, measures, interest, &c., necessary in trading and household concerns. There are also tables comparing English with Indian money. | 956 |
| Sept. 15th | 96 | 8vo. ... | 1st ... | 500 | ditto ... | 1 8 0 | Mahandranáth Ghosh of Chámpátalá. | This part treats of absorption, nutrition, secretion, the ductless glands, the skin and its secretion, the kidney and its secretion, the nervous system, the causes and phenomena of motion, voice and speech, the different organs of sense, generation, fœtal circulation, parturition, and death. The chapters on the eye and the ear are illustrated with diagrams. | 957 |

| „ 16th | 48 | 12mo. dy. | 1st .. | 500 | ditto | 0 3 0 | Nabin Káli Debi, Bhowanipore. | A poem in which Mandodari, the wife of Rabana, is represented as burning with revengeful feelings and martial ardour on hearing of the fall of her husband in an encounter with Ráma, leading a female host to war, but cooling down at the sight of her husband's corpse on the field of battle. The writer, who is a Bengali lady, seems to be an imitator of the well-known Bengali poet Babu Hem Chandra Banerji. | 964 |
| „ 4th | 64 | 12mo. dy. | 1st ... | 500 | ditto ... | 0 4 0 | Satis Chandra Maitra, Sántipur. | A number of small poetical pieces most of which give expression to feelings of love and friendship. The author says that these poems are reprinted from the *Bind* and other Bengali periodicals. | 965 |
| „ 8th | 24 | 12mo. dy. | 1st .. | 500 | ditto .. | 0 2 0 | Anurup Chandra Banerji, Bhowanipore. | An opera describing the undressing of Draupadi in the Court of Durjodhana. | 966 |
| Dec. 1st | 58 | 16mo. royal. | 1st .. | 1,000 | ditto ... | 0 4 0 | Kásiswar Bhattáchárjya, Bhowanipore. | It is clearly the object of this work to ridicule modern Bengali society as consisting of young men of infamous character who seek to throw a veil over their vices and crimes by making a show of learning and patriotism. | 967 |
| Oct. 6th | 63 | 12mo. royal. | 1st ... | 550 | ditto .. | 0 4 0 | Not given ... | By *Kalir San* is meant a young ill-educated Bengali Babu who affects to be guided solely by his conscience, hesitates not to disobey and insult his elders when they command him to do what appears to his own conscience to be wrong, and feels no scruple in committing grave crimes in the prosecution of his own interest, such as advising a friend to entice away his mother-in-law. The style of the author is marked by provincialisms. The work is intended to be a survey of the now educated Bengali society from the old orthodox standpoint. | 968 |
| „ 4th | 24 | 12mo. dy. | 1st ... | 500 | ditto ... | 0 2 0 | ditto ... | The hero of this farce is a pretentious Bengali Babu who, in endeavouring to get his opponent, a young Bengali zemindar, punished in a court of justice, is himself befooled by his wife eloping with his opponent. | 969 |
| Dec 17th | 56 | 8vo ... | 1st ... | 500 | ditto ... | Nil. | Binodbihári Mallik, 90-3, Cross Street, Calcutta | This work "is only a dramatised version of that portion of the Mahábhárata which is listened to with tears of joy, reverence, and pity when narrated by *Kathaks* and bards. The subject is the reinstatement of Yudhisthir on the royal throne and his coronation at Hastinapur" | 970 |

| „ 13th | 31 | 8vo. .. | 1st .. | 500 | ditto .. | 0 12 0 | Pramatha Náth Basu, B.Sc., 4, Theatre Road, Calcutta. | The writer divides Indian history into five periods—the Rigvedic, the Bráhmanic, the Rationalistic, the Buddhist-Hindu, and the Hindu—and says that with those five periods are connected important changes or developments in the history of Indian caste which are described at some length. He differs from those who hold that occupation is the determining principle of Indian caste, and says that the primary cause and chief regulator of that caste is the principle of race-superiority determined by conquest. This principle, says he, is still in operation in many parts of the world. The paper was originally read at the Bristol Museum and Library. | 121 |
| Sept. 9th | 42 | 12mo. .. | 1st ... | 500 | ditto ... | 0 4 0 | C. C. Sen of Jessore. | This discourse forms the "substance of the inaugural address delivered at the Students' Association, Jessore." The author condemns the prevailing system of teaching history, logic, metaphysics, and other subjects as a system in which morality and religion are entirely kept out of view. Assuming as his motto the Positivist doctrine that "the intellect is to be the servant of the heart, not its slave," the author advocates a system of education in which morality and religion will find a high place, and which should be entirely independent of Government agency. That agency, says he, should be only employed for the purposes of primary mass education. | 122 |

Under the heading "Sannyási" are given brief biographical notices of men who entirely subordinated self to some great interest of a social, religious or political character. The personages noticed in this number are Chaitanya, who is called the religious *Sannyási*, and Pratab Sing of Mewar and Joseph Mazzini, who are called political *Sannyásis*. There is also an interesting paper on Rammohan Roy's religious education and religious labours. "Játiya Nigraha" is a long poem contrasting ancient with modern India. | 26[illegible] |

The mean pressure, temperature, &c., are deduced from the traces of the barograph and thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The direction and movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

# Report of Fluctuation of Traffic on the Eastern Bengal Railway for the five weeks ending 27th November 1880.

## *Report on Goods Traffic for the five weeks ending 27th November* 1880.

EASTERN BENGAL RAILWAY COMPANY, TRAFFIC SUPERINTENDENT'S OFFICE, SEALDAH TERMINUS.

Dated Calcutta, the 15th January 1881.

From—JAMES BRANDER, ESQ., Traffic Superintendent,
To—The Agent, Eastern Bengal Railway, Sealdah.

FROM attached report of traffic for five weeks ending the 27th November 1880, you will please observe that the total weight of goods carried over this Railway during that period was 12,27,561 maunds, showing an increase of 3,85,718 maunds as compared with the corresponding period last year.

This increase is attributable to the following commodities:—grain, gunnies, jute, salt, seeds, tea, and miscellaneous goods.

There has, however, been a slight decrease in European piece-goods, Indian twist, and turmeric.

The fluctuations may be assigned to the following causes —

*Increases.*

Grain, including rice ... ... Mds. 1,98 823

This staple continues to come into the market in very large quantities, there being a good demand in London, and the market prices having an upward tendency.

Gunny, bundles ... ... Mds. 6,799

„ bales ... „ 2,160

This increase is due to the increased demand for native gunnies.

Jute, drums ... ... Mds. 58,975

„ bales ... „ 27,723

The satisfactory increase of this commodity is principally owing to the continued activity in the market mentioned in last report

Salt ... ... Mds. 29,459

Since the date of August report there has been a falling off I am happy, however, to report a decided improvement, owing doubtless to the market prices having firmed

Seeds ... ... Mds. 20,099

This increase is due to the steady demand for export, and the upward tendency of market prices.

Tea, Indian ... ... Mds 12,814

As mentioned in former reports, this increase is due to the facilities afforded by our steamer service from Sylhet and Silchar districts, as well as what we now receive from the Northern Bengal State Railway.

The increase of 29,307 maunds in miscellaneous goods may be ascribed to the continued improvement in trade generally.

*Decreases.*

The only decrease of any importance is in European piece-goods; there has been a falling off to the extent of 6,036 maunds, caused by a general depression in market prices.

# Report of Fluctuation of Traffic on the Eastern Bengal Railway for the four weeks ending 25th December 1880.

*Report on Goods Traffic for the four weeks ending 25th December* 1880.

EASTERN BENGAL RAILWAY COMPANY, TRAFFIC SUPERINTENDENT'S OFFICE, SEALDAH TERMINUS.

Dated Calcutta, the 18th January 1881.

From—JAMES RHANDER, ESQ., Traffic Superintendent,
To—The Agent, Eastern Bengal Railway, Sealdah.

IN forwarding you the attached report of traffic for four weeks ending the 25th December 1880, I have pleasure in stating that there has been an increase to the extent of 5,549 maunds as compared with the corresponding period last year.

From the report, you will see that the following staples—grain; gunny, bundles; jute, bales; and seeds—have chiefly contributed to this increase, while on the other hand there has been a decrease in hides; jute, drums; Railway material, foreign; salt and tobacco.

The following appears to me to be the causes of the fluctuations:—

*Increases.*

Grain, including rice ... ... ... ... ... ... Mds. 37,046
This increase is mainly due to the new crops of rice coming into the market.

Gunny, bundles ... ... ... ... ... ... Mds. 15,366
The market demand for native gunnies still continues, and is no doubt the cause of this increase.

Jute, baled ... ... ... ... ... ... Mds. 12,905
The increase under this head is due to the brisk state of the market for baled jute for direct shipment.

Seeds ... ... ... ... ... ... Mds. 17,700
The increase in this commodity still continues, and is due to the steady demand for export prices as mentioned in last report.

*Decreases.*

Jute, drums ... ... ... ... ... ... Mds. 80,863
This decrease is doubtless owing to the large quantities of jute now being baled at Dacca, Narayangunge, and Serajgunge, as well as a large quantity now coming down baled.

Hides ... ... ... ... ... ... Mds. 9,329
This decrease is owing to the fall in the market and the discouraging advices from home.

Railway material, foreign ... ... ... ... ... Mds. 12,406
This decrease is not to be wondered at, as it is due to the stoppage of the export of materials for the Northern Bengal State Railway and Darjeeling Steam Tramway, most of the materials having been already forwarded, and will continue to show a decrease as the works are being finished.

Salt ... ... ... ... ... ... Mds. 5,710
This decrease cannot be looked upon as a falling off, the market for this product having been for some time quiet.

Tobacco ... ... ... ... ... ... Mds. 3,695
There has been a falling off in the demand for export of this produce, hence the decrease.

# Report on the Fluctuations in Traffic on the Northern Bengal State Railway for the month of December 1880.

## GENERAL REMARKS.

The heavy falling off under the heads of jute and food-grain (rice and paddy) has seriously affected the results of the month's working. In December 1879, 1,31,956 maunds of jute and 31,542 maunds of rice and paddy were hauled, whereas during the month under review only 77,303 maunds of jute has been carried, and 26,501 maunds of rice, paddy, and other food-grains, making under these two heads a decrease of 62,694 maunds, which, with the slight falling off in the tea and ale traffic, makes up a total of 64,364 maunds. Against this decrease must be taken the increase in all other staples (29,421 maunds), which gives 34,943 maunds as the net decrease for the month.

*Increases.*

Ginger ... ... ... ... ... Mds 370

A few slight shipments for ports on the coast account for this.

Gunny-bags ... ... ... ... Mds 8,030

The present depressed state of the market for loose jute is having the effect of stimulating this traffic

Piece-goods ... ... ... Mds. 218

The falling off under this head during the months of October and November has brought stocks in the local marts to a low ebb, and an increase in this traffic may be looked for.

Railway material ... ... ... Mds. 9 308

Material for the construction of the Dhubri Tramway has continued to go forward steadily during the month.

Salt ... ... ... Mds. 3,047

This result bears out what was predicted in October's traffic report.

Tobacco ... ... ... ... Mds. 358

12,901 maunds of this staple were carried during the month under review, against 12,543 maunds for December 1879 A gradual falling in this traffic must now be expected until the new crop begins to come in.

All other goods ... ... ... Mds. 7,440

The traffic in the numerous staples carried under this head has been brisk during the month; not only does the weight carried bear favourable comparison with last December's traffic, but no less than 14,000 maunds more have been hauled this month than in November.

*Decreases.*

Ale ... ... ... ... ... Mds 1,271

The shipments of last October's brew have been very late in arriving in Calcutta this year, and this may, in a great measure, account for decrease in commissariat despatches, usually so heavy about this time of the year.

Food-grain ... ... ... Mds 5,041

An abundant harvest in all parts of Bengal is having the effect of checking the movement in the staples carried under this head.

Jute ... ... ... ... ... Mds. 57,653

The jute traffic this season has been most disappointing. At the beginning of the month the market was weak; this was followed by a steady fall in prices, which, in a few days, amounted to a decline of from 4 to 5 annas a maund, and despatches were in consequence withheld. Later in the month there was a slight reaction, and prices advanced about 2 annas a maund, but it was too late to affect the traffic, as the X'mas holidays were at hand. Should the market keep firm, the traffic next month will probably show better results.

Tea ... ... ... ... ... Mds. 399

This month's despatches may be said to be the last of this season's tea, as very little now remains to go forward.

## Report of Fluctuation of Traffic on the Tirhoot State Railway for the month of December 1880.

THE total quantity of goods carried during the month of December 1880 aggregated 2,03,917 maunds, as compared with 2,00,095 maunds carried during the corresponding period of 1879, and 2,07,447 maunds as carried during the previous month, showing an increase of 3,822 maunds in the one case, and a decrease of 3,530 maunds in the other. 2,077 maunds of railway materials carried during December 1879 have not been taken into account

Of the several increases and decreases, the following are the prominent ones and worthy of separate explanations :—

| | Mds. |
|---|---|
| **INCREASES.** | |
| *Coal.*— Chiefly imported by the Public Works Department at Durbhunga for brick-burning purposes | 4,099 |
| *Food-grains.*—This increase is due to the local markets of some places on the line having been more brisk than that of elsewhere ... ... ... ... ... ... | 6,103 |
| *Gunny-bags, empty.*—The import of empty gunny-bags depends upon the quantities of grain, seeds, &c., exported ... ... ... ... ... ... ... | 1,151 |
| *Indigo.* — The outturn of indigo this year was very large, and every concern in the district, that might be expected to, is despatching indigo by railway. Indigo receives every attention in transit, and no delay of any kind has been occasioned to a single load ... ... ... | 7,981 |
| *Iron.*—This is imported by indigo concerns, the Road Cess, Raj, and general iron dealers, &c., and the increase is due to and depends chiefly upon the local requirements ... ... ... | 1,376 |
| *Lime and Kunkur.*—This is traffic from Samastipur Junction, and is carried on by contractors who gather it from the river Gunduck, and transport it to Durbhunga to fulfil their contracts with the Raj Durbhunga ... ... ... ... ... ... ... | 8,202 |
| *Oil-cakes.*—This is outward traffic, and as might be expected the increase is satisfactory ... | 1,190 |
| *Sundries.*—This consists of several articles which are imported and exported in small consignments The increase is steady, but cannot be explained in detail ... ... ... .. | 1,731 |
| *Timber.*— This is a part of Messrs. Dear & Co.'s timber despatched from Samastipur during the month ... ... ... ... .. ... ... ... | 2,945 |
| **DECREASES.** | |
| *Hides and Horns.*—Owing to the improved health of cattle the local collection of hides, &c., has diminished ... ... ... ... ... ... ... ... | 10,204 |
| *Piece-goods, English.*—There having been sufficient stock on hand the merchants imported a very small quantity of piece-goods during the month, and hence the sudden decrease ... ... | 5,069 |
| *Saltpetre.*—Owing to the introduction by the Government of several stringent rules in manufacture of saltpetre several firms have closed the business, and this trade will for a time be checked ... | 16,855 |
| *Stones, &c.*—This cannot be counted upon as a regular traffic of the line, and as occasion arises stones, ballast, &c, are imported by the Raj, Public Works Department, &c., for building and metalling purposes ... ... ... ... ... ... ... ... | 1,763 |
| *Tobacco.*—The selling prices having fallen in outside markets very small quantities of tobacco were exported during the month. The new crops, the outturn of which is expected to be large, will appear in the markets very shortly, when this traffic will increase ... ... ... | 6,988 |

## Report of Fluctuation of Traffic on the Patna-Gya State Railway for the month of December 1880.

THE total quantity of goods carried during the month of December 1880 aggregated 1,30,381 maunds, as compared with 1,20,669 maunds carried during the corresponding period of 1879, and 1,27,487 maunds carried during the previous month, showing an increase of 9,712 maunds in the one case, and of 2,944 maunds in the other. Four thousand one hundred and twelve maunds of railway materials, carried during December 1879, have not been taken into account.

Of the several increases and decreases, the following are the prominent ones and worthy of separate explanation :—

| | Mds. |
|---|---|
| **INCREASES.** | |
| *Coal.*—Chiefly imported for brick-burning purposes by Public Works and other Departments, as well as by private merchants ... ... ... ... ... ... | 3,840 |
| *Cotton.*—This is inward traffic, and imported from Agra, Cawnpore, and other stations in the North-Western Provinces for sale at Gya, Jehanabad, and other markets in the interior of the district ... ... ... ... ... | 812 |
| *Jaggree.*—This increase is steady and satisfactory Large quantities of jaggree are despatched from several stations on the Patna-Gya Railway to Bombay and other markets in Central India, North-Western Provinces, &c. The opening of the railway and subsequent through-booking will develop this traffic highly ... ... ... ... ... | 14,882 |
| *Seeds, oil.*—Oil-seeds are chiefly exported to Calcutta for shipment. Considering the general inactivity of trade in this year, the business done during the month is very satisfactory .. ... | 11,272 |
| **DECREASES** | |
| *Food-grains.*—Owing to abundance of crops throughout the country, the prices of food-grains have fallen, markets are overstocked, and both imports and exports have fallen considerably ... | 11,642 |
| *Salt.*—The stock in the district being rather in excess, and the coming in of the Christmas holidays, caused a decrease in the import of this staple ... ... ... ... ... | 5,623 |
| *Saltpetre.*—Owing to the introduction by the Government of several stringent rules in manufacture of saltpetre, several firms closed business and the trade will for a time be checked .. .. | 4,120 |

IRRIGATION.

*Dated 8th February* 1881.

*No.* 29.—*Notification.*—In exercise of the powers conferred on him by Section 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor is pleased to direct the publication of the following rules for the Sarun Irrigation Scheme.

H. C. LEVINGE,
*Joint-Secy. to the Govt. of Bengal,*
*P. W. Dept., Irrign. Branch.*

*Draft Rules for the guidance of the Canal Officers appointed for the management of the Sarun Irrigation Scheme.*

1 IN Notification No 179, dated 18th August 1879, under the provisions of Part II of Act III of 1876, Government has reserved to itself the rights of property in the water in the following canals and river beds forming part of the Sarun Irrigation Scheme :—

1. The Roopun Chup Sota.
2. The main canal.
3. The Daha river and the water channels in continuation of or in connection with it.
4. The Gunducki river and the water channels in continuation of or in connection with it.
5. The Dhanai river and the water channels in continuation of or in connection with it.
6. The Gangree river and the water channels in continuation of or in connection with it.

These rivers and canals will hereinafter be referred to as the Sarun canals.

2. On and after the 19th November 1880, no person shall take water from the Sarun canals for irrigation or manufacturing purposes without the written permission of a duly authorized person.

Licenses will be required—

(*a*) For the construction of temporary dams in the canal beds.
(*b*) For the erection of fishing weirs.
(*c*) For the use of fishing nets.
(*d*) For the irrigation of lands by flow or lift.
(*e*) For the construction of village channels and distributaries leading from the canals for the irrigation of lands.
(*f*) For water used for the purpose of any manufacture.

3. Government reserves at present its right to levy tolls for navigation, and to charge for filling tanks, watering cattle, or for water for other domestic purposes.

4. The Revenue Administration of the Sarun Irrigation Scheme is vested in the Collector, who is *ex-officio* head of the Canal Revenue Department The Executive Engineer of the Gunduck Division, as Canal Officer, is his chief executive officer, and his

Secretary in the Canal Department. All orders relating to the Canal Revenue will usually be issued by the Collector through the Executive Engineer as Canal Officer, and all correspondence intended for the Collector in this department should be addressed to the office of the Canal Department, Mozufferpore.

5. For administrative purposes, the Sarun district is divided into thirteen sub-districts, corresponding generally with those divisions which Sarun Indigo Planters recognize as factory *dehats*.

These sub-districts are shown in a map deposited in the Collector's office. The boundaries of the sub-districts and their number may be hereafter modified.

6. The following gentlemen are, till further orders, appointed Canal Managers, and will be in charge of these sub-districts :—

| | | |
|---|---|---|
| Manager of the Sadawa | Concern | for the time being. |
| Ditto | Jogapore | ditto. |
| Ditto | Burhoga | ditto. |
| Ditto | Rajaputti | ditto. |
| Ditto | Burowlee | ditto. |
| Ditto | Ramcola | ditto. |
| Ditto | Arroah | ditto. |
| Ditto | Hutwah estate | ditto. |

7. Thd duties of Canal Managers will be—

1*st*.—To receive and register applications for the use of water under sections 74 and 77 of the Irrigation Act.

2*nd*.—To grant permits for the use of water under section 75 of the Act.

3*rd*.—Subject to the instructions of the Canal Officers, to control the water-supply under the provisions of section 76.

4*th*.—To recover and credit to Government the water-rates.

5*th*.—To superintend and maintain such establishment as may be found necessary.

8. Canal Managers have no power under Parts III, IV, and V of the Act ; and all claims for remission under Section 76 of Part VI should be referred to the Canal Officer or his deputy for disposal. Complaints regarding unauthorized use of canal water under sections 79, 80, and 81 are also to be referred to the Canal Officer for decision. All proceedings connected with the recovery of water-rates by distraint, or other compulsory process, will be undertaken by the Collector.

9. Persons desiring the construction of a temporary dam on the Sarun canals must prefer a written application to the Canal Manager in whose jurisdiction the proposed dam lies, specifying the object of the work, and the length of the time for which it is required. The application will be submitted to the Canal Officer, with the opinion of the Canal Manager. If the Canal Officer considers the construction of such temporary dam expedient, he shall call upon the applicant, or applicants, to deposit a sum of money sufficient to cover the cost of construction and maintenance of the dam, and of removing the same when no longer required.

On the completion of the dam, the Canal Officer shall give the applicant, or applicants, notice thereof, and also of any further sum payable by him, or them, on account of its construction. The Canal Officer shall not permit irrigation with water raised by the dam until the whole sum thus demanded shall have been paid. Rates for such irrigation will be charged as fixed in rule 12.

10. If one or more of the riparian proprietors desire to have a permanent dam erected in any river bed, he or they shall present an application to that effect to the Collector who will decide, in communication with the Canal Officer, on the advisability of constructing such a dam. Should he deem it desirable, he shall cause plans and estimates to be prepared, and shall then call on the applicants to give a guarantee, securing interest at 4½ per cent. on the amount of the estimates, provided that, if the cost of the work should, through unforeseen causes, exceed the original estimate, the Guarantor or Guarantors shall pay interest on the total cost of the work. The construction of the dam will be carried out by the Canal Officer. A register shall be kept of the Guarantors of the cost of dam, and any person may, at any time, apply to the Canal Officer to be made a part owner thereof on payment to the co-sharers in the work, of such sums as may be fixed by the Collector. Shares will generally be distributed in proportion to the area of the estates concerned. The privileges of an owner are (1) exemption from any higher rate than Re. 1 per acre per annum, and (2) prior claim to irrigation from the dam. Other persons irrigating from the dam may be charged any rate, not above Rs. 2, which may be fixed by Government. The maintenance of the permanent dam shall be a charge against the owner. The Canal Officer shall have power to stop all supplies of water if the dam is not maintained in proper repair.

11. The Collector shall make arrangements for the disposal of the fisheries, and the sale-proceeds of the rights of the same shall be an asset to be taken into account in determining the Guarantor's liabilities for any portion of the guarantee in any year.

12. Persons desiring to irrigate their fields with canal water by flow or lift must submit a written application in the form (Appendix A) to be obtained by himself or by his agent from the Canal Manager, whereupon the latter shall issue a permit, in form Appendix

B, to irrigate. The right to irrigate without extra charge extends up to 15th February following the date on which the permit was issued. The rate charged shall not exceed Re. 1 per acre irrespective of the crops grown, except in special cases to be determined by Government.

13. Any person desirous of taking water for manufacture of indigo must apply to the Canal Officer through the Canal Manager, stating the area of cultivation, the area which he has leased for irrigation, and promising that he will on the 1st of October declare the quantity he has manufactured.

14. Licenses will be granted on the following terms :—

(*a*). To persons irrigating an area of not less than half their cultivation, one rupee per maund.

(*b*). To persons irrigating an area of less than half their cultivation, two rupees per maund.

Provided that, as Guarantors are, under the terms of their guarantees, entitled to water for manufacture free of charge, the sums leviable from them under the above conditions shall be set off against the guarantee, and, on consideration of the payment of the latter, be written off the account.

15. The privileges of Guarantors are as follows :—

(1) A prior claim to a supply of water for irrigation and manufacture during the continuance of their guarantee.

(2) Each Guarantor to have a sub-district within which he shall act as the agent of Government in managing the affairs of the canal, receiving a commission on his collection of 20 per cent.

(3) The right to use water for manufacturing purposes free of charge.

16. Any person may apply to the Collector to become a guarantor. If the Collector accept the application, which at his discretion he may or may not do, he shall proceed, in communication with the Canal Officer, to determine whether the new guarantee shall be utilized towards extending the canals, providing distributaries or embankments, or towards reducing the responsibility of the original Guarantor. If the original Guarantor (within whose *dehat* the applicant's property or interest is situated) claims a reduction in his guarantee and can at the same time show that the application of the new guarantor towards an extension of the canal would operate to reduce his collections below the amount of his guarantee, his claims to have his guarantee reduced shall be approved; otherwise the new guarantee may be applied towards extending the canals, and an area corresponding to the applicant's property or interest be marked off to him, within which he shall exercise the rights and privileges now exercised in their *dehats* by the Guarantors mentioned in paragraph 5 of these rules.

If the applicant's interest or property be not situated within any *dehat* as specified in paragraph 5, then the Collector shall apply the guarantee towards extending the benefits of the canal system.

17. Canal Managers or Guarantors requiring water for the irrigation of their own fields, or for manufacture, will apply for the requisite permit to the Collector through the Canal Officer. In the license for the use of water for irrigation and manufacture, the rates to be charged shall be stated. In accordance with rules 12, 13, and 14 the following rates will be charged, subject to the proviso in paragraph 14 :—

| | Rs. | A. |
|---|---|---|
| Irrigation per acre ... ... ... ... | 1 | 0 |
| *Manufacture.* | Per md. | |
| | Rs. | A. |
| To persons irrigating one-half of their cultivation ... | 1 | 0 |
| To persons irrigating less than one-half ... ... | 2 | 0 |

18. The irrigation year will commence on the 1st of April, and as soon after the 15th January and 15th September of each year as possible, the Canal Manager shall present bills for water-rates based on the actual area irrigated, and deliver them to the Irrigators before the 15th February and 15th October. If these bills are not paid to the Canal Manager before the 1st of March and 1st of November, he shall prepare a list of unpaid claims, and submit the same to the Collector through the Canal Officer who will put in force the powers vested in him for their recovery in accordance with sections 83, 84, and 85 of the Irrigation Act.

19. It will be the duty of Canal Managers to see—

1*st*.—That all applications for water are made in the forms supplied to them. These applications must be filed for reference, and will be issued to applicants free of charge.

2*nd*.—That all licenses for the use of water be issued in the prescribed form, and a copy be kept in counterfoil in books supplied for the purpose.

3*rd*.—That a monthly return of applications received and issued be submitted to the Collector in a form to be supplied by the Canal Officer.

4*th*.—That copies of bills presented for payment be kept in the counterfoils supplied for record.

5*th*.—That a cash-book of all receipts of water-rates be kept in forms supplied for the purpose.

6*th*.—That a weekly rainfall statement, and irrigation notes be sent to the Canal Officer and be kept in duplicate for record.

7*th*.—That for all cash received, receipts be granted in the form supplied by the Canal Officer which will be kept in counterfoil.

8*th*.—That all cash received be paid monthly into the sub-divisional or district treasury without deduction, and that the treasury receipts be filed with the cash-book as vouchers.

9*th*.—That monthly advices of cash paid to the treasury be sent to the Canal Officer in forms to be supplied by him.

10*th*.—That bills for commission on the collections at 20 per cent. be submitted when requisite to the Canal Officer who will issue cheques for their payment on the order of the Collector.

20. On the 1st April of each year, or as soon after as practicable, the Canal Officer will prepare a statement showing—

(*a* The sum guaranteed.
(*b*) The total collection.
(*c*) The total payments into the treasury.
(*d*) The excess of (*b*) over (*a*) on which bills for the 20 per cent. allowance are to be drawn.

All correspondence and accounts may be kept in Kaithi, if the Canal Manager desires it. Forms, as detailed in previous paragraphs of these rules, will be supplied by Government, together with service stamps free of charge; all other charges for stationery must be met by the Managers and defrayed from their commission. All accounts and records relating to canal matters must be open to the inspection of the Collector, the Canal Officers, and their Deputies. All expenses for Water-guards, Patrols, and Ameens must be defrayed from the commission of 20 per cent. allowed by Government on the collections.

## PROPOSALS FOR THE EXTENSION OF MAHOMEDAN EDUCATION.

No. 93, dated Calcutta, the 8th February 1881.

From—A. MACKENZIE, Esq., Secretary to the Govt. of Bengal, General Dept.,
To—The Director of Public Instruction.

I AM directed to acknowledge the receipt of your letter No. 178, dated the 5th ultimo, submitting with your remarks a copy of a pamphlet on Mahomedan education in Bengal by Syed Ameer Hossein. Sir Ashley Eden has read the pamphlet and your letter with much interest, and I am now desired to communicate to you his views on the questions discussed in these papers.

2. Syed Ameer Hossein divides his pamphlet into three parts. The first part gives a brief account of the discussions which resulted in the re-organization of Mahomedan education under the orders passed by Sir George Campbell in July 1873; the second part reviews the condition of the several Madrassas, year by year, since that period; and the third part sets out the measures which Syed Ameer Hossein considers necessary for the reform of the present State system of Mahomedan education in Bengal. He recommends—

(1)—The abolition of the Hooghly Madrassa, and the reduction of the scale of the Chittagong and Rajshahye Madrassas.

(2)—The establishment in the Calcutta Madrassa building of a college for Mahomedans, teaching up to the B. A. standard.

(3)—The revision of the course in the Arabic department of the Madrassas.

Generally speaking, his intention is to advocate a change of policy in connection with Mahomedan education, such as would give more prominence and stimulus to the study of English, and allow less weight to the oriental side of the Madrassa curriculum.

3. The funds specially set aside for the encouragement of Mahomedan education consist of an annual grant of Rs. 38,000 from the general revenues, and of an income of Rs. 55,000 from the Mohsin Endowment. The Calcutta Madrassa, with its attached school, is entirely maintained from the Government grant. Of the income from the Mohsin Endowment, one-half, roughly speaking, is appropriated for the maintenance of Madrassas for the study of Arabic and Persian, and one-half for scholarships tenable in English schools and colleges, and for part-payment of the fees of Mahomedan scholars in those institutions. It was, as you remark, the view of Government in 1873 that the intentions of the founder of the Mohsin Endowment would be best fulfilled by providing, first of all, in the Mohsin schools, for instruction in Arabic and Persian and a reasonable amount of Mahomedan law and literature, and, after that, by affording facilities for the study of English and physical science to students who might wish to take up these subjects. This view has been acted upon ever since; the teaching of English being, not enforced but, allowed in those mofussil Madrassas in which any strong desire has been manifested for instruction in that language In the Calcutta Madrassa also, which does not derive its funds from the Mohsin Endowment, the same principle has been followed. There is an Arabic Department for one class of students, and an Anglo-Persian Department for the other. The policy of Government has been, in the one department, to teach the Mahomedans their Oriental languages after their own fashion, with the object of satisfying "the requirements of their religion, their idea of a liberal education, and the genuine demand for Oriental learning for its own sake, and not as a means of gaining profit and employment;" and, in the other department, to provide every facility for enabling them to learn English and Western science if they choose to do so. To this policy the Lieutenant-Governor thinks that we must still practically adhere. Syed Ameer Hossein would reform the Arabic course in the Calcutta Madrassa in accordance with modern notions. But, as is pointed out by you, that course was laid down, after consideration by repeated committees, as the only one Oriental students really care for. A strong desire for a purely Oriental education still prevails among the Mahomedans of Bengal, especially in the Eastern districts, and the repeated failure of the late Mr. Blochman's efforts to introduce modern subjects into the course of the Arabic Department, from the opposition or passive resistance of the students, shows that it is as yet premature to attempt any material change in the present system.

4. Syed Ameer Hossein bases his proposals in respect of the Hooghly, Chittagong, and Rajshahye Madrassas on their alleged want of success, judging them apparently by their character as English-teaching schools. The Lieutenant-Governor agrees with you that it would be a mistake to make any change in the present scale of the Chittagong and Rajshahye Madrassas, which are certainly far from being failures. In the case of Hooghly failure must be admitted. That Madrassa has, in fact, been maintained for some years past chiefly through a sentimental reluctance to close it, on account of Mahomed Mohsin's connection with the town. The branch Madrassa at Joraghat, which appears to have already met with some success, may have the effect of reviving the Hooghly Institution; but if it does not do so within a reasonable time, the question of closing this Madrassa must be seriously considered.

5. The Lieutenant-Governor agrees with you that the proposal to establish in Calcutta a special college for Mahomedans cannot be entertained. Syed Ameer Hossein believes that this measure could be carried out without additional expenditure, by the mere redistribution of the funds specially set apart for Mahomedan education. He estimates the cost of the new college at from Rs. 50,000 to Rs. 60,000 per annum, and this sum he would provide by the abolition of the Hooghly Madrassa, and the reduction of the Chittagong and Rajshahye Madrassas, and by transferring a portion of the grants now made for scholarships and for the payment of the schooling fees of Mahomedan students. The Lieutenant-Governor is, however, opposed to the reduction of

the Chittagong and Rajshahye Madrassas, and he thinks it best not to sanction the immediate closing of the Hooghly Madrassa He is also entirely opposed to the withdrawal of any portion of the grants for scholarships and for the payment of schooling fees. These grants are of the utmost benefit to Mahomedan students in various parts of the country, and there is perhaps no way in which the proceeds of the Mohsin Endowment could be more usefully and appropriately spent. It is clear, therefore, that the proposed college could be maintained only at the cost of the general revenues. But no case is in fact made out to justify the grant of public money for such an institution.

6. You point out correctly in your letter under acknowledgment that the Presidency College was established with the purpose of providing an academical education for Mahomedans as well as Hindus, and that the Mahomedan community cannot reasonably put forward a claim to have a separate college for students of that persuasion. In the letter of the 21st October 1853, conveying to the Council of Education the views of the Government of Bengal on the question of establishing a college for all creeds in Calcutta by developing the English Department of the Hindu College into a "Presidency College," reference was made to the failure of the English Department of the Calcutta Madrassa, and it was remarked of the whole scheme of the new college—

"The Hindu of maturer age will have the means of pursuing his studies in the highest branches of Hindu learning at the Sanskrit College, and the Mussulman youth may in like manner follow up his studies in the peculiar learning of his sect in the Arabic College, and both of these classes of young men, together with young men of every other class, will have an institution where they may obtain the instruction they desire in every branch of general acquirement offered to them in the new Presidency College."

This extract shows clearly that, in establishing the Presidency College, the Government had in view the provision of a collegiate institution for the benefit of the Mahomedan as much as for the benefit of the Hindu community.

7. But apart from this fact, there seems to be no real need for a separate college for Mahomedans. The number likely to benefit from such an institution would, you report, be no more than about 20 at any time. The Mahomedan students actually reading in the Calcutta colleges are below that number, while throughout Bengal about 32 students only pass the Entrance Examination annually, out of whom barely 20 could be expected to enter the special college in Calcutta, after allowance is made for those who would naturally join the mofussil colleges. It is manifestly out of the question to establish a separate college for this small number. Moreover, such an institution would be of doubtful advantage to Mahomedan students from an educational point of view. It would be impossible for the Government to sanction a large or highly-paid staff for it, and the students would thus be practically deprived of the superior teaching which they can now obtain at the large Colleges already in existence, with their full and thoroughly qualified staff of professors.

8. The chief reason for the proposal to establish a college in the Madrassa appears to lie in the inconvenience and expense in conveyance to which the Mahomedan students attending the Presidency College are put in consequence of the distance of that college from the Mahomedan quarter of the town. This ground of complaint will, the Lieutenant-Governor thinks, be fully met by the simple measure which you propose, of extending to Mahomedans studying in the St. Xavier's and other Calcutta Colleges the privilege which the Mahomedan students of the Presidency College now enjoy, of having two-thirds of their fees paid from the Mohsin Fund, and he accordingly sanctions this proposal.

9. Syud Ameer Hossein makes various minor suggestions for improving the internal management and discipline of the Calcutta Madrassa. On these you promise further report, and this will be awaited. The Lieutenant-Governor, however, desires that you will appoint a committee to consider whether the boarding arrangements at the Madrassa could not be so far improved and developed that Mahomedan boys having scholarships, or having been already educated for a certain number of years at the Madrassa, or at any of the Mohsin Endowment schools, should be able to board there while continuing their studies at the Presidency or at any other Calcutta College.

The mean pressure, temperature, &c., are deduced from observations made at 6 h, 10 h, 16 h and 22 h, and from the traces of the barograph and thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The direction and movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

The results of observations at the Alipore Observatory are not rigorously comparable with the registers of past years (at the Park Street Observatory). The barometer is about 8 feet higher at Alipore, and, other things being equal, reads therefore ·003 lower. The diurnal range of temperature is also greater at Alipore, and the mean temperature apparently about 2°·6 lower, and finally, the thermometer, which has furnished the record of temperature at the Surveyor-General's Office during the last 20 years and upwards, is found to read 0·6 higher than the Kew standard thermometer, which is the standard of reference at the present Observatory.

The increase in firewood traffic is due to larger imports at Basra Ghât.

The decrease in hay is due to less demands at selling stations.

The increase in wooloo is due to greater demands at selling stations.

The increase in straw and paddy are due to greater demands at selling stations.

The decrease in rice is due to dull market at selling stations.

The decrease in building materials is due to less repairs having been done to the rice mills.

The increase in sundries is due to greater demands of sundry articles.

The increase in coal is due to the Mugrah extension works.

IRRIGATION.

*Dated 8th February* 1881.

*No.* 29.—*Notification.*—In exercise of the powers conferred on him by Section 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor is pleased to direct the publication of the followinig rules for the Sarun Irrigation Scheme.

H. C. LEVINGE,
*Joint-Secy. to the Govt. of Bengal,*
*P. W. Dept., Irrign. Branch.*

*Draft Rules for the guidance of the Canal Officers appointed for the management of the Sarun Irrigation Scheme.*

1 In Notification No 179, dated 18th August 1879, under the provisions of Part II of Act III of 1876, Government has reserved to itself the rights of property in the water in the following canals and river beds forming part of the Sarun Irrigation Scheme :—

1. The Roopun Chup Sota.
2. The main canal.
3. The Daha river and the water channels in continuation of or in connection with it.
4. The Gunducki river and the water channels in continuation of or in connection with it.
5. The Dhanai river and the water channels in continuation of or in connection with it.
6. The Gangree river and the water channels in continuation of or in connection with it.

These rivers and canals will hereinafter be referred to as the Sarun canals.

2. On and after the 19th November 1880, no person shall take water from the Sarun canals for irrigation or manufacturing purposes without the written permission of a duly authorized person.

Licenses will be required—

(*a*) For the construction of temporary dams in the canal beds.
(*b*) For the erection of fishing weirs.
(*c*) For the use of fishing nets.
(*d*) For the irrigation of lands by flow or lift.
(*e*) For the construction of village channels and distributaries leading from the canals for the irrigation of lands.
(*f*) For water used for the purpose of any manufacture.

3. Government reserves at present its right to levy tolls for navigation, and to charge for filling tanks, watering cattle, or for water for other domestic purposes.

4. The Revenue Administration of the Sarun Irrigation Scheme is vested in the Collector, who is *ex-officio* head of the Canal Revenue Department. The Executive Engineer of the Gunduck Division, as Canal Officer, is his chief executive officer, and his Secretary in the Canal Department. All orders relating to the Canal Revenue will usually be issued by the Collector through the Executive Engineer as Canal Officer, and all correspondence intended for the Collector in this department should be addressed to the office of the Canal Department, Mozufferpore.

5. For administrative purposes, the Sarun district is divided into thirteen sub-districts, corresponding generally with those divisions which Sarun Indigo Planters recognize as factory *dehats*.

These sub-districts are shown in a map deposited in the Collector's office. The boundaries of the sub-districts and their number may be hereafter modified.

6. The following gentlemen are, till further orders, appointed Canal Managers, and will be in charge of these sub-districts :—

| | | |
|---|---|---|
| Manager | of the Sadawa | Concern for the time being. |
| Ditto | Jogapore | ditto. |
| Ditto | Burhoga | ditto. |
| Ditto | Rajaputti | ditto. |
| Ditto | Burowlee | ditto. |
| Ditto | Ramcola | ditto. |
| Ditto | Arroah | ditto. |
| Ditto | Hutwah estate | ditto. |

7. The duties of Canal Managers will be—

1*st.*—To receive and register applications for the use of water under sections 74 and 77 of the Irrigation Act.

2*nd.*—To grant permits for the use of water under section 75 of the Act.

3*rd.*—Subject to the instructions of the Canal Officers, to control the water-supply under the provisions of section 76.

4*th.*—To recover and credit to Government the water rates.

5*th.*—To superintend and maintain such establishment as may be found necessary.

8. Canal Managers have no power under Parts III, IV, and V of the Act; and all claims for remission under section 76 of Part VI should be referred to the Canal Officer or his Deputy for disposal. Complaints regarding unauthorized use of canal water under sections 79, 80, and 81 are also to be referred to the Canal Officer for decision. All proceedings connected with the recovery of water-rates by distraint, or other compulsory process, will be undertaken by the Collector.

9. Persons desiring the construction of a temporary dam on the Sarun canals must prefer a written application to the Canal Manager in whose jurisdiction the proposed dam lies, specifying the object of the work, and the length of the time for which it is required. The application will be submitted to the Canal Officer, with the opinion of the Canal Manager. If the Canal Officer considers the construction of such temporary dam expedient, he shall call upon the applicant, or applicants, to deposit a sum of money sufficient to cover the cost of construction and maintenance of the dam, and of removing the same when no longer required.

On the completion of the dam, the Canal Officer shall give the applicant, or applicants, notice thereof, and also of any further sum payable by him, or them, on account of its construction. The Canal Officer shall not permit irrigation with water raised by the dam until the whole sum thus demanded shall have been paid. Rates for such irrigation will be charged as fixed in rule 12.

10. If one or more of the riparian proprietors desire to have a permanent dam erected in any river bed, he or they shall present an application to that effect to the Collector who will decide, in communication with the Canal Officer, on the advisability of constructing such a dam. Should he deem it desirable, he shall cause plans and estimates to be prepared, and shall then call on the applicants to give a guarantee, securing interest at 4½ per cent. on the amount of the estimates, provided that, if the cost of the work should, through unforeseen causes, exceed the original estimate, the Guarantor or Guarantors shall pay interest on the total cost of the work. The construction of the dam will be carried out by the Canal Officer. A register shall be kept of the Guarantors of the cost of dam, and any person may, at any time, apply to the Canal Officer to be made a part owner thereof on payment to the co-sharers in the work, of such sums as may be fixed by the Collector. Shares will generally be distributed in proportion to the area of the estates concerned. The privileges of an owner are (1) exemption from any higher rate than Re. 1 per acre per annum, and (2) prior claim to irrigation from the dam. Other persons irrigating from the dam may be charged any rate, not above Rs. 2, which may be fixed by Government. The maintenance of the permanent dam shall be a charge against the owner. The Canal Officer shall have power to stop all supplies of water if the dam is not maintained in proper repair.

11. The Collector shall make arrangements for the disposal of the fisheries, and the sale-proceeds of the rights of the same shall be an asset to be taken into account in determining the guarantor's liabilities for any portion of the guarantee in any year.

12. Persons desiring to irrigate their fields with canal water by flow or lift must submit a written application in the form (Appendix A) to be obtained by himself or by his agent from the Canal Manager, whereupon the latter shall issue a permit, in form Appendix B, to irrigate. The right to irrigate without extra charge extends up to 15th February following the date on which the permit was issued. The rate charged shall not exceed Re. 1 per acre irrespective of the crops grown, except in special cases to be determined by Government.

13. Any person desirous of taking water for manufacture of indigo must apply to the Canal Officer through the Canal Manager, stating the area of cultivation, the area which he has leased for irrigation, and promising that he will on the 1st of October declare the quantity he has manufactured.

14. Licenses will be granted on the following terms:—

(*a*). To persons irrigating an area of not less than half their cultivation, one rupee per maund.

(*b*). To persons irrigating an area of less than half their cultivation, two rupees per maund.

Provided that, as guarantors are, under the terms of their guarantees, entitled to water for manufacture free of charge, the sums leviable from them under the above conditions shall be set off against the guarantee, and, on consideration of the payment of the latter, be written off the account.

15. The privileges of guarantors are as follows:—

(1) A prior claim to a supply of water for irrigation and manufacture during the continuance of their guarantee.

(2) Each guarantor to have a sub-district within which he shall act as the agent of Government in managing the affairs of the canal, receiving a commission on his collection of 20 per cent.

(3) The right to use water for manufacturing purposes free of charge.

16. Any person may apply to the Collector to become a guarantor. If the Collector accept the application, which at his discretion he may or may not do, he shall proceed, in communication with the Canal Officer, to determine whether the new guarantee shall be utilized towards extending the canals, providing distributaries or embankments, or towards

reducing the responsibility of the original guarantor. If the original guarantor (within whose *dehat* the applicant's property or interest is situated) claims a reduction in his guarantee and can at the same time show that the application of the new guarantor towards an extension of the canal would operate to reduce his collections below the amount of his guarantee, his claims to have his guarantee reduced shall be approved; otherwise, the new guarantee may be applied towards extending the canals, and an area corresponding to the applicant's property or interest be marked off to him, within which he shall exercise the rights and privileges now exercised in their *dehats* by the guarantors mentioned in paragraph 5 of these rules.

If the applicant's interest or property be not situated within any *dehat* as specified in paragraph 5, then the Collector shall apply the guarantee towards extending the benefits of the canal system.

17. Canal Managers or guarantors requiring water for the irrigation of their own fields, or for manufacture, will apply for the requisite permit to the Collector through the Canal Officer. In the license for the use of water for irrigation and manufacture, the rates to be charged shall be stated. In accordance with rules 12, 13, and 14 the following rates will be charged, subject to the proviso in paragraph 14:—

| | Rs. | A. |
|---|---|---|
| Irrigation per acre ... ... ... ... | 1 | 0 |
| *Manufacture.* | Per md. | |
| | Rs. | A. |
| To persons irrigating one-half of their cultivation ... | 1 | 0 |
| To persons irrigating less than one-half ... ... | 2 | 0 |

18. The irrigation year will commence on the 1st of April, and as soon after the 15th January and 15th September of each year as possible, the Canal Manager shall present bills for water-rates based on the actual area irrigated, and deliver them to the irrigators before the 15th February and 15th October. If these bills are not paid to the Canal Manager before the 1st of March and 1st of November, he shall prepare a list of unpaid claims, and submit the same to the Collector through the Canal Officer, who will put in force the powers vested in him for their recovery in accordance with sections 83, 84, and 85 of the irrigation Act.

19. It will be the duty of Canal Managers to see—

*1st.*—That all applications for water are made in the forms supplied to them. These applications must be filed for reference, and will be issued to applicants free of charge.

*2nd.*—That all licenses for the use of water be issued in the prescribed form, and a copy be kept in counterfoil in books supplied for the purpose

*3rd.*—That a monthly return of applications received and issued be submitted to the Collector in a form to be supplied by the Canal Officer.

*4th.*—That copies of bills presented for payment be kept in the counterfoils supplied for record.

*5th.*—That a cash-book of all receipts of water-rates be kept in forms supplied for the purpose.

*6th.*—That a weekly rainfall statement, and irrigation notes be sent to the Canal Officer and be kept in duplicate for record.

*7th.*—That for all cash received, receipts be granted in the form supplied by the Canal Officer which will be kept in counterfoil.

*8th.*—That all cash received be paid monthly into the sub-divisional or district treasury without deduction, and that the treasury receipts be filed with the cash-book as vouchers.

*9th.*—That monthly advices of cash paid to the treasury be sent to the Canal Officer in forms to be supplied by him.

*10th.*—That bills for commission on the collections at 20 per cent. be submitted when requisite to the Canal Officer who will issue cheques for their payment on the order of the Collector.

20. On the 1st April of each year, or as soon after as practicable, the Canal Officer will prepare a statement showing—

(*a*) The sum guaranteed.
(*b*) The total collection.
(*c*) The total payments into the treasury.
(*d*) The excess of (*b*) over (*a*) on which bills for the 20 per cent. allowance are to be drawn.

All correspondence and accounts may be kept in Kaithi, if the Canal Manager desires it. Forms, as detailed in previous paragraphs of these rules, will be supplied by Government, together with service stamps free of charge; all other charges for stationery must be met by the Managers and defrayed from their commission. All accounts and records relating to canal matters must be open to the inspection of the Collector, the Canal Officers, and their Deputies. All expenses for Water-guards, Patrols, and Ameens must be defrayed from the commission of 20 per cent. allowed by Government on the collections.

E C GEORGE, Presy. Postmaster, Calcutta.

THE public are informed that on and from the 15th January 1881, the Mails from Northern Bengal and Assam will be issued at the 3rd delivery at 1-30 P M in place of at 4-30 P M., as at present.

Registered and bearing articles will, however, continue to be delivered by the 4th delivery issuing at 4 P M

This change is due to the earlier receipt of the above Mails, to have effect from the said date

The Eastern Bengal Mails, which will arrive from the above date at Sealdah at 6-25 P M, will be issued at the 1st delivery the following morning instead of by the 4th delivery the previous afternoon Registered and bearing covers received by these Mails will go out by the 2nd delivery at 9 A M

E C GEORGE, Presidency Postmaster.
Calcutta General Post Office, the 8th January 1881.

---

ATTENTION is called to the following revised hours of closing of the Mails at the General Post Office and Receiving Offices of Calcutta, consequent on the earlier despatch of the Chord and Loop Mail Trains from the 31st instant. The public are requested to note specially that the Mails by the Loop and Chord Trains of the East Indian Railway, which at present are closed at 4 P M and 6-30 P M, will in future be closed at 3 P M and 6 P M respectively; also that Insured Registered Letters will only be received up to 4 P M at the Calcutta General Post Office and such Town Receiving Offices at which Insured letters are taken, instead of up to 5 P M. as at present, at the Receiving Offices also ordinary Registered letters and parcels will be received up to 4 P M only instead of up to 5 P M, as at present.

Bourdillon, Esq.; S Jacob, Esq.; F. F. Handley, Esq.; H. M. Kisch, Esq. M A; G. A. Grierson, Esq.; and H. Lee, Esq.

The Hon'ble L. R. Tottenham in the chair.

The following report was submitted by the Managers :—

### REPORT.

1. The Managers submit the proceedings for the past half-year for the consideration and sanction of the meeting.

2. Subject to the approval of the subscribers, they have admitted to the benefits of the Fund the following families :—

| | | |
|---|---|---|
| Mrs. Halkett . | .. £ 300 | The widow of the late Mr. D. C. Halkett, an annuitant of 1877, who died in Scotland on the 11th February 1880. |
| Mrs Money ... ... | .. £ 300 | The widow and one daughter of the late Mr. D. J. Money, an annuitant of 1859, who died in England on the 16th July 1880. |
| One daughter ... .. | ... „ 100 | |
| Total | ... „ 400 | |
| Lady Beadon ... ... | .. £ 300 | The widow and eight children (three sons and five daughters) of the late Sir Cecil Beadon, an annuitant of 1867, who died in England on the 18th July 1880. |
| Eight children ... | ... „ 670 | |
| Total | .. ... 970 | |

3. Under Article V of the Rules the Marquis of Tweeddale has incurred the penalty of the exclusion of his daughter from the benefits of the Fund by failure to report her birth within the prescribed six months. Lord Tweeddale states that the omission was the result of oversight, and asks that the child may be admitted. The admission of the child to Fund benefits is dependent upon the decision of a general meeting of subscribers; and the Managers submit the case accordingly. They recommend that the child be admitted on payment of the minimum fine of Rs. 100, together with arrear subscriptions and 8 per cent. interest, as required by the rules. It has been the practice of the Fund hitherto to grant applications of this nature on the terms now recommended.

4. Mr. C. R. Marindin has applied for the remission of the fine of Rs. 50 incurred under Article V of the Rules for failure to report the birth of his daughter within the prescribed time. Mr. Marindin pleads that, as his daughter was born on the 30th October and his communication reporting the occurrence was dated 1st December, he was only one day late. He further states that the delay was accidental, and that on his pay-bill for November 1880 being made out, he directed that subscriptions for this child be deducted. He was informed in reply to his application that the fine must be paid and that the Managers would submit his representation to the subscribers at the next general meeting, if he desired it; but that they would be unable to recommend the subscribers to comply with his request. The practice of the Fund has been to exact the penalty of Rs. 50 in all cases where only carelessness or oversight can be pleaded. The case is submitted to the meeting, at the request of Mr. Marindin, for decision.

5. The Managers have received the following further application from Miss Palmer for a reconsideration of her case :—

Dated 5th October 1880.

From—MISS ALICE W. PALMER,

To—The Secretary to the Managers of the Bengal Civil Fund, Calcutta.

I BEG to acknowledge the receipt of your letter of the 24th July. I regret that the Managers of the Bengal Civil Fund have not felt themselves at liberty to recommend my appeal to the favorable consider-

ation of the Members of the Service; for I am sure they must perceive the inequality of the rules, that accord to my half-brother, whose mother is living, and supported by the Fund, what they deny to me, who have no living mother to maintain or assist me.

The fact of my step-mother being on the Fund, is held by the Managers to bar my claim to an increase of allowance until after her death, though no bar to the claim of her son, my half-brother, during her life-time.

The fundamental error, as it appears to me, in the rule regarding the "wife or widow," is its failing to recognise the obvious distinction between a mother and a step-mother, in relation to the daughter. The daughter has a natural right to protection from the mother or "widow," but the step-daughter has none and may be left at any time, to an unaided and admittedly inadequate provision.

My father, as I have stated in my former appeal, was more than forty years in the service, and contributed to the Fund, as the price of his annuity, more than three times the estimated half value of the pension.

Can it be too late, with the permission of the Managers, to re-open my case, as *special* and *exceptional*, at the next general meeting of the members of the service, or too presumptious on my part, in again soliciting the support of the Managers which I am certain they would grant me, could they only realise the difficulty, or rather the impossibility, of maintaining even a decent exterior on a limited income of one-hundred a year.

I shall feel greatly obliged by your laying this letter before the Managers of the Fund, for such further consideration as they may think proper, and thanking you for your kind attention to my last, and requesting an answer to my present appeal, at your early convenience.

In reply to her previous application Miss Palmer was informed that her case was excluded under the revised rules which provided for the increased pension in the event of the "wife or widow" of a deceased subscriber having died, and that as cases of this description had been carefully considered when the rules were amended, the Managers were not prepared to recommend the subscribers to alter their decision. The action of the Managers was approved at the meeting of 10th August 1880. The present application is laid before the meeting at Miss Palmer's request.

6. The following circular has been addressed by the Managers to the subscribers with reference to a circular issued by certain subscribers in support of two resolutions advertised to be proposed at the next general meeting.

*CIRCULAR.*

Dated Calcutta, the 11th December 1880.

To—All Subscribers.

I AM directed by the Managers to address you with reference to a circular recently issued by certain subscribers in support of two Resolutions which they propose to bring forward at the half-yearly general meeting in January.

2. Before proceeding to discuss the merits of the resolutions, the Managers desire to invite your attention to certain allegations in this circular, reflecting upon the management. It is stated that the Managers allowed unnecessary delay to occur in the preparation of the Actuary's report. If the subscribers will refer to the reports presented by the Managers at the different half-yearly general meetings, they will observe that the Managers have regularly reported to the subscribers the obstacles that had been encountered in obtaining the report, and the efforts that had been made to overcome them. In July 1875 the Managers reported that Mr. Brown, the Actuary, to whom the quinquennial valuation papers of 1873 had been entrusted, had died suddenly, leaving his report unfinished, and that owing to the difficulty experienced in tracing the process adopted by him, it had been found necessary to commission another Actuary (Mr. R. Hardy) to begin a fresh report. After a time it was found that Mr. Hardy was not making such satisfactory progress as might have been wished. In 1876 Mr. Verner, who had been officiating as Secretary to the Fund, had an interview with Mr. Hardy in London, and efforts were made to expedite the submission of the report. As there was still delay, the Managers, early in 1877, begged Mr. E. F. Harrison, the Comptroller-General, who had lately been one of their number, to see Mr. Hardy in London, and to endeavour to close the engagement with him, and to leave them free to select another Actuary. This was reported to the subscribers in July 1877, and it was at the same time announced that, as the delay which had occurred had rendered the information originally submitted for Mr. Brown's consideration practically obsolete, the Managers proposed to submit to professional enquiry the further data which the four years (1873—77) had rendered available. Mr. Harrison was at first disposed to think that the work had better remain in Mr. Hardy's hands. This was reported by the Managers in January 1878. Subsequently, in February 1878, Mr. Harrison reported that he had made an arrangement by which the investigation would be carried through by Mr. Sutton conjointly with Mr. Hardy. The statistical information was then, by Mr. Sutton's desire, brought up to 1878, and forwarded to him. The Managers reported progress in January 1879, and the report was received in July 1879. Not only were these proceedings before the service, but two of the subscribers who have signed this circular had

special knowledge of some of the circumstances described above. One (Mr. Cotton) was a Manager in 1875 and the beginning of 1876, and the other (Mr. Verner) officiated as Secretary in 1875 and 1876, and in the latter year was actually engaged in London, on behalf of the Managers, in negotiating for the prompt submission of the report, and was cognizant of the proposal to lay more recent information before the Actuary.

3. It is further suggested that the Managers suppressed the resolution of 28th January 1874. That this is not the case will be apparent from the following extract from the Managers' circular of 13th October 1879, in which they stated the grounds on which they had decided not to recommend that the rules should be amended with retrospective effect from 1st April 1873 :—

"The Managers consider it unnecessary to go back further than 31st March 1878 for the adjustment of the accounts. It is a fixed principle in the administration of all systems of insurance that long retrospective effect cannot be given to any distribution of surplus funds. The existing members of a fund are alone entitled to the benefit of a surplus, as they alone bear the chance of having to provide for a deficit. Claims which have become incumbent are represented by separate allotments of funds to provide for them. No risk attaches to them, they have been settled in full, and it would be impossible to manage any institution properly if they were liable to reconsideration. Moreover, the principle of retrospective adjustment, if once admitted, would involve the extinction of the greater part of the surplus, with no appreciable benefit to the Fund. It will be observed that the Actuary's calculation gives only Rs. 6,18,333 as the surplus on 31st March 1873. If, therefore, retrospective effect were given to that date, there would be very little to distribute."

The resolution was also prominently referred to at the meeting of 31st January last, immediately before the vote was taken on the proposal to give retrospective effect to the amendments of the rules from 1st April 1878 only : and the report of the proceedings of that meeting was before the subscribers for the period of two months, required by the rules, before their confirmation of its resolutions was finally accepted. It is stated in the circular that "so long ago as the 30th October 1879, Mr. Cotton protested by letter against the Managers' proposal, but without effect." This letter was communicated by Mr. Cotton to the newspapers simultaneously with its despatch to the Managers; it was referred to in the circular of 22nd November 1879 ; and it was referred to at the meeting of 31st January, before the vote was taken. Mr. Cotton also informed the Managers unofficially that he did not require a separate reply to his letter; and he afterwards, in March, voted in favour of the resolution, against which he now states that he protested without effect. If Mr. Cotton, the author of the letter, thus adopted the very view against which the letter was chiefly directed, it is very difficult to see how it can be urged that others would have voted differently had their attention been more closely directed to the contents of this letter.

4. From the wording of the first resolution and the language used in the paragraph which precedes it, it would seem that the authors of the circular are of opinion that, under the rules as now amended, the families enumerated do not in any way participate in the increased benefits. As a matter of fact, however, those families are, except in respect of the donation, in exactly the same position, from 1st April 1878, as the families of subscribers who died on or after that date. None of them are subject to the one-sixth deduction ; all of them who were motherless on 1st April 1878, and who have since become motherless, draw the increased allowance with effect from the date in question ; all the sons draw the special allowance with effect from 1st April 1878. Additions can only be made to benefits by amendments of rules, and retrospective distribution can only be effected by giving retrospective effect to the amendments. The amendments were given retrospective effect from 1st April 1878. They were accordingly to be read as having been in force on that day ; and therefore the rule regarding one-sixth deduction ceased to have effect from that day, and every child fulfilling the conditions of being motherless, or, in the cases of sons attaining the age of 16 years on or after that day, was necessarily entitled to the new benefits. The donation, however, could only be given to families which became incumbent on or after that day. It could only be granted under the rules on the decease of the subscriber, and accordingly the family of a subscriber, who had died before 1st April 1878, could not claim it. The deductions of one-sixth were wholly eliminated from the Actuary's calculations of the liabilities of the Fund from 1st April 1878, and at page 7 of his second report, he shows the charges placed on the Fund by the extension from that date of the special allowances to motherless orphans, and by the provisions of special allowances to sons attaining the age of 16. The actual effect, therefore, of the first resolution would be simply to give to certain families arrear payments before 1st April 1878 of allowances which they never expect to get, and which accordingly never entered into their calculations in regulating their expenditure. The donation, for instance, is given avowedly to enable the family to meet the expenses incident on settling in a home. Can it be said that there is any reason in giving in 1880 a donation of £200 or £300 to the family of a subscriber who died in 1874 in order to enable them to establish themselves? The Managers are altogether unable to understand how such a proceeding can be recommended on the ground of "keeping faith with the members of our own Service." They will show further on that the proposal as it stands involves a breach of faith with two other classes—annuitants who retired before 31st March 1873 and died before 31st March 1878, and annuitants now surviving. To deprive the families of the former of benefits given to the families of active subscribers who died during the same period, and to tax the latter indefinitely to provide the necessary funds, would be to act in diametric opposition to the terms of the resolution of January 1874, on which the proposals of the circular profess to proceed.

5. With reference to the second Resolution, the Managers do not know why Mr. G. K. Webster is selected for exceptional treatment. It is the duty of the Managers to inform the subscribers that, if this resolution is adopted, there are many other subscribers who will possess similar claims. The amendment of the rule must have effect from 1st April 1878, if it is taken beyond 1st April 1878; and every invalid annuitant who retired in the interval will come within its purview. Mr. Richardson Evans is precisely in the same position as Mr. Webster: he retired in March 1877, and, like Mr. Webster, secured one-fourth benefits only to his family. Messrs. W. Johnstone, P. Humphrey, E. Waterfield, and G. Graham retired between 1873 and 1878, making up their balances to Rs. 12,500, and securing half benefits. If Mr. Webster is to be admitted to the same position without paying anything, clearly the amounts paid by these gentlemen, not being demandable under the amended rule, must be refunded. Messrs. C. E. C. Merington, H. Priestly, D. W. Marsden, H. M. Rogers, P. Hurley, and E. M. Money have not made up their balance to the minimum of Rs. 6,250, and have consequently ceased to belong to the Fund. If the operation of the amendment is thrown back so as to secure half benefits to Mr. Webster's family, these subscribers must also be restored, and the Fund must undertake liability for their existing or future families. The cost of this measure alone to the Fund would be nearly Rs. 70,000.

6. But the Managers must point out that the proposal to extend special consideration to invalid annuitants who retired between 1873 and 1878 is not reasonable, even on the grounds on which the other proposals of the circular are supposed to rest. The argument of the circular is that the subscribers of 1874 only abstained from utilizing the then existing surplus in certain ways, on the understanding that their families would not lose by the postponement, and that their expectations must be fulfilled. Now, it is clear that those expectations could only extend to measures which had been already discussed. But the proposal to deal specially with invalid annuitants was never mooted till 1879. Clearly, therefore, any invalid subscriber retiring before 1st April 1878 was innocent of any expectation of special benefit of this nature, and the subscribers have not even an imaginary duty to fulfil in regard to him.

7. The Managers cannot accept the proposal to exclude from the additional benefits the families of annuitants who retired from the service before 31st March 1873, but who died before 31st March 1878. The arguments that they were not voters when the resolution of January 1874 was carried, and "were not considered when that vote was passed," are such as have not hitherto been resorted to in dealing with Fund questions, and they will not, the Managers apprehend, find favour with the subscribers. Though annuitants are from, the accident of their position, debarred from active co-operation in the administration of the Fund, they have, it is needless to say, precisely the same rights in the Fund that active subscribers possess. To exclude them from benefits because they were not present to assert their rights, or to cause themselves to be considered, would be a proceeding out of harmony with the spirit that has hitherto governed the action of the Service. The proposal, however, is impracticable as well as unjust. The same error has been made here as has been made in regard to the position of incumbent families on 1st April 1878. As has already been said, additions can only be made to benefits by amendments of rules, and retrospective distribution can only be effected by giving retrospective effect to the amendments. If it is intended to give retrospective effect to 1st April 1873, every case occurring on or since that date must be dealt with as if the amended rule applied to it. Therefore the families of deceased annuitants must have precisely the same privileges as those of deceased active subscribers, however little the interests of the annuitants in question may have been considered by those who voted away the surplus funds.

8. Before proceeding to discuss the estimate of the cost of the proposed measures, it is necessary for the Managers to advert to the source from which it is sought to obtain the funds required. It is proposed in the circular to meet the increased charges "by a further postponement of the total exemption of annuitants." Now, the resolution of January 1874, on which the circular relies, provided that "any benefits that may be distributed shall have retrospective effect from the 1st April 1873." It is not easy to see how those who rely upon this resolution can propose, not only not to give retrospective effect to one of the benefits decreed, but to postpone it indefinitely. The Managers apprehend that it is not open to those who consider the resolution binding to proceed directly against its terms, in order, amongst other things, to provide funds for a measure which it did not contemplate.

9. It is estimated in the circular that the cost of the proposals would be "about two lakhs, or perhaps rather more than two lakhs;" but no details are given to show the basis on which the estimate was framed. With reference to this point it may be mentioned that, in returning to Mr. Cotton his draft circular, the Managers warned him that many of his statements were open to contradiction, and that the liabilities which his proposal involved would "certainly enormously exceed" his estimate of two lakhs. The proposals are too vague to be made the subject of a precise estimate. In the first place the Managers have shown that the greater part of the effect intended by the signatories is already included under the Resolutions of January, so that the actual effect in regard to the families named is much less than the signatories intend. But, on the other hand, it is clear that the proposals cannot be accepted without entailing several extensions beyond what the circular contemplates. Taking the proposals as they appear to the signatories of the circular, the Managers have no hesitation in saying that the estimate should be multiplied by at least five. Taking them as they must in any case be modified by the considerations which have been detailed above, the Managers present the following estimate of the real

cost of giving effect to the amendments of the rules from 1st April 1873, with the exception of that regarding the ordinary subscriptions of annuitants:—

| | £ |
|---|---|
| Refund of one-sixth deductions ... ... ... ... | 11,350 |
| Refund of additional subscriptions, composition, &c. ... ... | 11,160 |
| Increase of £50 to sons ... ... ... ... ... | 3,050 |
| Increase of 50 per cent. to motherless orphans ... ... ... | 11,300 |
| Donations ... ... ... ... ... | 12,350 |
| Refund to invalid annuitants ... ... ... ... | 1,160 |
| Value of contingent and potential benefits to families of invalid annuitants who have left the Fund, so far as known ... .. | 5,430 |
| Total ... | 56,400 |

As regards the proposal to retain the ordinary subscriptions of annuitants in order to cover this charge, it must be remembered that these subscriptions have been provisionally retained, on the ground that the proposals already carried out have left the Fund considerably in deficit. Mr. Cotton's proposal would leave the Fund in deficit by 5¾ lakhs in addition to the present deficit of about 3 lakhs, making a total of at least 8¾ lakhs. The retention of 4½ lakhs would only meet half of this deficit. To carry out the proposals now made, therefore, it would be necessary either to continue the subscriptions of annuitants to both branches for a practically indefinite period, or to impose additional rates on active subscribers. The Managers think it right to inform the subscribers that the first course is not open to them consistently with the undertaking already given by the Service. In 1869 the subscribers decided by a majority of 92 to 11 to amend the rules so as to relieve annuitants of all charges except a composition rate of one tenth of their subscriptions, which was to be maintained under the erroneous impression that some payment would be required to ensure correct returns of family occurrences. As the Actuary reported that the Fund could not afford this measure in full, it was decided "for the present" to reduce annuitants' subscriptions only by half. But it has always been recognized that the Service is committed to the remission of annuitants' subscriptions as soon as the Fund can afford it. The circular professes to rest upon the general resolution of January 1874,—the provisions of which, however, it proposes to infringe, but it takes no cognizance of a formal amendment of the rules deliberately adopted by the Service, and avowedly only suspended for a time on financial grounds.

10. It remains therefore for the subscribers to decide whether they are willing to impose additional taxation on active members in order that certain families may receive arrear payments, for a period which closed more than two-and-a-half years ago, representing allowances which they never expected to receive, and for which the occasion has necessarily passed away, and that a number of invalid annuitants may be placed in a position which, at the time of their retirement, they could not possibly have contemplated. The Managers have little doubt what the decision of the Service will be.

11. In conclusion, the Managers desire me to say that while they are most anxious that all proposals affecting the Fund should receive the fullest possible discussion (and of this they have given ample proof in the communications addressed to the subscribers before the proposals carried in January were formally submitted), and that the records of the Fund Office should be consulted to the fullest extent by every subscriber, they must point out the impossiblity of carrying on the administration of a great institution like our Fund, if there is to be no finality in formal amendments of rules. In the present instance the measures for distributing the surplus were fully discussed before they were formulated; they were under consideration by the subscribers in their formal shape for two months before the general meeting was held; they were discussed at the meeting; they were, after being carried with only one dissentient vote in a meeting at which 45 subscribers were present, submitted for two months to the further consideration of the Service, and they were confirmed by an overwhelming majority. Eight months after this confirmation certain gentlemen re-opened the discussion. Even had these gentlemen consistently opposed the resolutions of January, the Managers think that they should have accepted the decision of the majority of the subscribers. But it is a remarkable circumstance that not one of them recorded a vote against the measures which they now so vehemently assail. Three of them voted unreservedly for all the resolutions. The other signatories of the circular did not feel themselves called upon even to return the voting papers supplied to them.

With this exposition of the circumstances, the Managers leave it to the Service to pronounce its decision on the question. In order that Members who cannot be present at the meeting may be able to record their votes on one side or the other, the usual form of proxy is enclosed. The Managers hope that Members of the Service will not fail in these important discussions to exercise their privilege of recording a distinct vote, so that some finality may be attained.

I have, &c.,

COLMAN MACAULAY,

*Secretary.*

Mr. Cotton has announced in the public papers that he does not intend to bring forward the Resolutions in question: but the Managers have received no communication from him on the subject.

The following letter has since been received by the Managers :—

TO THE MANAGERS OF THE BENGAL CIVIL FUND.

GENTLEMEN,

WE have had under consideration your circular of the 11th instant on the subject of the retrospective effect to be given to the increased benefits from the Fund to the families of subscribers deceased since 1873. We have also read the letter published by Mr. Cotton in to-day's *Englishman*, in which that gentleman announces (for the first time) his withdrawal from the positions originally taken up by him in common with the rest of us.

2. In the circular to which we attached our signatures, we took up two prominent and important positions—the *first*, to the effect that a resolution which had received the formal sanction of the service, and which consequently, under paragraph 2, Articles 17 and 18 of the rules, was "finally adopted" and became "final and conclusive," had never been formally rescinded by the service; and the *second*, that certain increased benefits should be extended to the families of certain specified deceased subscribers with retrospective effect from April 1873.

3. The second of these positions has been, we consider, disposed of by your circular already alluded to. We now understand that it has been your intention to extend to the families of subscribers dying between 1873 and 1878 very much what our first proposal was intended to secure for them, inasmuch as it is now stated that such families are to be included in the increased benefits which are to accrue from April 1878.

4. But our first position remains, in our opinion, intact. We do not find in your reply any specific statement to the effect that the final and conclusive resolution arrived at by the service has been formally cancelled or rescinded by the subscribers, who alone have power in the matter. We do not find that the question of rescission has been ever formally put to the subscribers as it should be. The fact that the resolution of the Managers was "prominently referred to" on the occasion of the vote being taken thereon has not, we consider, that formality which the rules require; and the further argument that the majority of the service voted for the accrual of the increased benefits from April 1878, while it shows indeed that the subscribers were willing to go so far, falls short of a resolve on the part of the service that they should go no further. It is true that in your circular of the 11th instant you state that "the vote was taken on the proposal to give retrospective effect to the amendments of the rules from the 31st April 1878 only." But if you will refer to the report of the meeting held on the 31st January 1880, as well as to the vote paper separately circulated amongst all subscribers, you will find that this word "*only*" occurs in neither; and we think you will agree with us that many who did vote on that occasion may not have understood that they were voting for the entire cancelment of the former resolution of the service, and that the word "only" should not, therefore, have been inserted in the circular-reply. Taking, therefore, into consideration the whole facts of the case as they are now before us, we are of opinion that the resolution of January 1874 should now be formally and specifically cancelled or amended so as to meet the circumstances of the Fund, so as to allow an accrual of increased benefits from April 1878 only.

5. We have only to add that for the accuracy of the statements contained in our previous circular we are not directly responsible. We were not all in a position to satisfy ourselves from a personal inspection of the records of the Fund as to the accuracy of these statements, and some of us accepted them on the distinct declaration (communicated to us) that they were statements of absolute and undeniable facts.

6. We are now content to leave the matter in the hands of the Managers, being satisfied that we have done our duty in bringing what we consider to be an omission to the notice of the service, and that the Managers will be, equally with ourselves, desirous to rectify this omission so as best to suit the interests of all subscribers.

We have, &c.,

G. J. B. T. DALTON.
A. A. WACE.
C. A. WILKINS.
F. C. DAUKES.
J. A. BOURDILLON.
L. C. ABBOTT.

*The 25th December* 1880.

With reference to the last paragraph of this letter, the Managers are satisfied that the decision arrived at represents fully the wishes of the service at large, and they are of opinion that no further formal action on their part is required.

7. In accordance with Article XXII of the revised rules, the Managers have to report that the Hon'ble J. O'Kinealy having obtained six months' leave of absence from 11th October last, tendered his resignation as an elected manager, and that the Hon'ble H. J. Reynolds was invited to join the Board of Managers in succession to Mr. O'Kinealy.

8. The following is the result of the voting on the resolution of the Special General Meeting of 22nd November :—

"That so much of the amendment of Article VIII of the Rules, adopted at the Half-yearly General Meeting held on 31st January last, as regards the subscriptions of annuitants to the Ordinary Branch of the Fund be held in abeyance."

*Secretary and Accountant.*

CIVIL FUND OFFICE,

*The 31st January* 1881

Proposed by *Mr. H. Beverley*, Seconded by *Hon'ble A. T. Maclean*, and carried.

THAT the Managers' proceedings in admitting the families of the late Messrs. D. C. Halkett, D. J. Money, and Sir Cecil Beadon, to the benefits of the Fund, be confirmed.

Proposed by *Mr. John Beames*, Seconded by *Mr. George A. Grierson*, and carried.

THAT the daughter of the Marquis of Tweeddale be brought on the books of the Fund on payment of the minimum fine of Rs. 100, together with all arrears of subscriptions and interest at 8 per cent. as recommended by the Managers.

Proposed by *Mr. D. R. Lyall*, Seconded by *Mr. C. J. Lyall*, and carried.

THAT the reply given by the Managers to Mr. C. R. Marindin be approved.

Proposed by *Mr. M. W. Souttar*, Seconded by *Hon'ble C. D. Field*, and carried.

THAT the accounts for the past year 1879-80 be approved.

Proposed by *The Hon'ble A. Mackenzie*, Seconded by , and carried.

THAT the following gentlemen be elected Managers for the ensuing year:—

Hon'ble Mr. Justice McDonell, v.c.; Hon'ble H. J. Reynolds; J. Monro, Esq.; A. Forbes, Esq.; and C. A. Wilkins, Esq.

*Mr. Cotton* said that he rose to make a personal explanation, and also to make a statement which he thought, in the opinion of the subscribers present, would call for explanation from the Board of Management. Although he had no especial authority to do so, he felt that in the remarks he was about to make he might speak both for himself and for the other gentlemen who had joined with him in signing the appeal-circular to the subscribers dated 26th November 1880. That circular was in the hands of all present. It proposed that the increased benefits awarded at the General Meeting of 31st January 1880, should be awarded (in accordance with the Resolution of the 28th January 1874) so as to include the specified families of subscribers who died after the 1st April 1873, but before the 1st April 1878, from which latter date only the benefits were declared by the meeting of 31st January 1880 to have effect. It had subsequently been explained by the Managers, in their circular of the 11th December 1880, that the families of the subscribers who died within this quinquennial period "were, except in respect of the donation, in exactly the same position from 1st April 1878 as the families of subscribers who died on or after that date." So that in point of fact the appeal which he and others thought it necessary to make to the Service had substantially been allowed by the management, and there was no necessity therefore for him to press the resolution of which he had given notice

He would explain, however, that the authoritative interpretation now given by the Managers, of the retrospective character of the benefits recently awarded, was a novel one and directly inconsistent with the interpretation the Managers had themselves put upon the same point in the circular letter in which they had recommended those benefits for the approval of the Service. In that circular, dated 13th October 1879, it was distinctly explained that the families of subcribers who died before 1st April 1878, would be ineligible for any increased benefits that might be awarded. The arguments of that circular had never been disavowed or contradicted. They had gone abroad to the Service as indicating the policy it was intended to follow in regard to the distribution of benefits, and *Mr. Cotton* for one certainly understood from them, and he believed that almost every member of the Service was also with him in understanding from them, that the families of subscribers who died before 1st April 1878, were excluded from all participation in the increased benefits recently awarded.

In order to justify these remarks and the public action he had taken in consequence of the opinion he held, he would read to the meeting extracts from the Managers' circular of the 13th October 1879. That circular was sent along with a copy of the Actuaries' report, and

"submitted proposals for the distribution of the surplus as ascertained by Mr. Sutton." Paragraph 3 of that circular is expressed as follows:—

"3. The Managers consider it unnecessary to go back farther than 31st March 1878 for the adjustment of the accounts. It is a fixed principle in the administration of all systems of insurance that long retrospective effect cannot be given to any distribution of surplus funds. The existing members of a fund are alone entitled to the benefit of a surplus, as they alone bear the chance of having to provide for a deficit."

He begged to call particular attention to the last-quoted sentence. It meant, as plainly as words could say it, that members of the Fund who had died before 1st April 1878 would not be entitled to the benefit of the surplus, and the reason it gave for their exclusion was, that as they were dead and no longer subscribers, it would be impossible to impose upon them any liability to provide for a deficit. Under this interpretation there could be no doubt that the families of the late Messrs. Schalch, Geoghegan, Carpenter, Falcon, and others, enumerated in the appeal which he and his co-signitaries had made to the Service, would be excluded once and for all from any participation in the increased benefits. He would continue reading from the 3rd paragraph of the Managers' circular:—

"Claims which have become incumbent are represented by separate allotment of funds to provide for them. No risk attaches to them, they have been settled in full, and it would be impossible to manage any institution properly if they were liable to reconsideration."

These words also can bear but one meaning. They mean that funds had been appropriated on account of the families of subscribers who died before the 1st April 1878, and that it would be impossible to readjust the amount of appropriated funds so as to admit those families to any subsequently sanctioned increase of benefits.

The same paragraph proceeds:—

"Moreover, the principle of retrospective adjustment, if once admitted, would involve the extinction of the greater part of the surplus, with no appreciable benefit to the Fund."

This sentence, when read with the context of the words which precede it, has no other meaning than that the Managers were opposed to granting increased benefits to the families of any subscriber who died before the 1st April 1878, on the ground that, by so doing, they would swallow up the greater part of the Fund surplus.

The Managers then proceeded, in the circular from which he was quoting, to describe the increased benefits proposed, and to estimate the cost of each. In the seventh paragraph they summarise their remarks, and continue, in language which must clear away the faintest doubt that may have lingered in the mind of any reader, as follows:—

These measures (*i.e.* above recited benefits) as well as the abolition of the rule regarding one-sixth deductions, the Managers would wish to see introduced at once with retrospective effect from 1st April 1878, the first day of the new quinquennial period,—that is, they will be applied to all pensions which have become incumbent on or after that date."

Here is a distinct exclusion of all pensions which had become incumbent before the 1st April 1878. There is nothing more wanted to show that, in the opinion of the Managers, on the 13th October 1879 the families of all subscribers who had come on the Fund before 1st April 1878 were to be excluded from any participation in the increased benefits. This at least is the view *Mr. Cotton* took, and this is the justification—he ventured to think it was a satisfactory one—that he had now to offer to the Service for the action he had taken. In this view of the case he had recorded a formal written protest from Chittagong, where he was stationed at the time of the last January meeting. At that meeting it is true the subject was just alluded to, but nothing explanatory of the circular of the 13th October, or in any way modifying the observations therein expressed, was elicited from the management.

*Mr. Cotton* being fully occupied with other concerns was then inclined to let the matter drop, but he was moved to act again on the representation of others who had a personal interest in seeing that the incumbents of the Fund, during the quinquennial period from 1873 to 1878, were not excluded from the increased benefits. He accordingly, on the 6th September 1880, addressed the Secretary to the Fund with the same arguments

as those on which his own and his co-signitaries' circular of the 26th November was based, and in order to avoid any division in the Service, asked the Managers to identify themselves with a proposal, that the increased benefits should be distributed with retrospective effect, so as to include the families of all subscribers who died during the quinquennial period from 1873 to 1878, and pointed out that this was in accordance with the Resolution of the 28th January 1874, which enjoined that "any benefits that may be distributed shall have retrospective effect from the 1st April 1873." In reply to this representation *Mr. Cotton* received a letter on the 15th September, in which it was said that the Managers "did not consider that they could profitably enter on a discussion of an informal proposal, made by a single member of the Service, to set aside a Resolution almost unanimously adopted by the Service at a recent General Meeting" There was no mention in this reply that *Mr. Cotton* was labouring under any misapprehension in regard to the actual retrospective distribution of the benefits, or that the Managers in any way repudiated the principles and proposals they had enunciated in their circular of the 13th October 1879.

Failing to get any satisfaction from the management, and relying entirely on the statements of the Managers in their circular of October, which it never occurred to him for one moment to mistrust, *Mr. Cotton* then consulted certain other members of the service as to the course he should pursue, and the result was the issue of the circular-appeal to the Service, dated 28th November 1880. The result of this appeal was that Managers proceeded to make an elaborate exposition of the case for the information of the Service.

The manifesto of the Managers, dated 11th December 1880, was a most valuable document, and although it contained many passages, personal allusions, as well as other points open to much objection, *Mr Cotton* did not propose to detain the meeting by indulging in any *criticism* in regard to them. He might say in passing that he considered the expression "vehement assault" contained in the penultimate paragraph was quite uncalled for by any of the language used in his own circular But he did not wish to dwell on such matters He would refer to the fourth paragraph only, and was glad to express his unqualified satisfaction that the Fund management had now been able to place such an interpretation on the retrospective clause as to admit the families of all subscribers who died before 1st April 1878 to the full benefits now sanctioned (except donation), equally with the families of subscribers who may die, or have died, after that date The Managers had now virtually conceded what he and his co signitaries had asked for, and the only regret he had to express was that the Managers had not thought fit to favour him personally with this explanation (which had now, as it were, been furnished at the eleventh hour) when he addressed them in September last on the subject. Had the Managers at that time discussed the matter with him, or supplied him with information, which presumably at that time was available, showing that their October circular was no longer to be accepted as an indication of the Managers' policy, much time and trouble would have been saved.

*Mr. Cotton* had now completed the personal explanation he had to make to the meeting. He would now ask the Managers to furnish the explanation he thought was due from them to the meeting,—that is to say, he would ask them to reconcile the contradictory statements he had pointed out that afternoon, between the remarks contained in the circular of the 13th October 1879 and those contained in the fourth paragraph of the circular of the 11th December 1880. Before he sat down, however, he wished to make some remarks regarding the distribution of the surplus, with retrospective effect, to the families of invalid annuitants. This was a point prominently alluded to in the appeal-circular of the 28th November. The name of Mr. Webster was particularly cited in that circular, because from the information available to the drafters of that circular it could not be discovered that any other invalid annuitant occupied a similar position to his. The facts of Mr. Webster's case were that he retired with a family in 1877, and now subscribes at quarter rates, and that under the Resolution of 1880, his wife and children on his death will only get quarter benefits, calculated on the increased allowances now awarded; but if the benefits recently sanctioned are extended as contemplated by the Resolution of 1874, they would be entitled to half benefits calculated on the increased allowances. It is now explained by the Managers that there are other subscribers

who possess similar claims to those of Mr. Webster, and that if half benefits were guaranteed to Mr. Webster's family, it would be necessary to restore other subscribers to the Fund, and that the Fund would have to undertake liability for their existing or future families. The cost of such a measure is estimated by the Managers at nearly Rs. 70,000. It appeared, however, to *Mr. Cotton* that this estimate would probably be found to be excessive. He observed that in the Managers' circular of 22nd November 1879, in which the concession of this benefit generally to the families of invalid annuitants was discussed and recommended, it was stated: "The provision will not affect wives married, and children born of such wives after retirement. The cost of the benefit proposed by the Managers will not be great. Cases of this nature are so rare that they cannot be accurately valued." The benefit at that time was considered a very inexpensive one, and yet when the Managers were asked to extend it to the families of the invalid annuitants during a single quinquennial period, they pointed out that for these families only the benefit would cost nearly Rs. 70,000. It occurred to *Mr. Cotton* that when the management were in favour of a proposal, there was a tendency among the Managers to under-estimate its cost; but that when they were opposed to a proposition, they were liable to a tendency to pronounce the cost greater than it really was. In the present case it must be remembered that the benefit proposed "would not effect wives married, and children born of such wives after retirement." It was *Mr. Cotton's* belief that, of the invalid annuitants between 1st April 1873 and 1st April 1878, not above two or three were married at the time of retirement, and it was in his opinion out of the question to say that it would cost nearly Rs. 70,000 to extend the recently sanctioned benefit to the case of these families. Those who retired as bachelors could have no claim on the Fund on account of this benefit. It appeared to *Mr. Cotton* that the Managers had lost sight of this fact, and he questioned therefore the accuracy of their calculations. He threw himself on the favourable consideration of the Managers and of the meeting in dealing with this question. There was no class of subscribers for whom the members of the Service ought to feel greater sympathy than for the invalid annuitants. They were all men cut off from active service in the prime of life, with pitiful annuities hardly sufficient to support existence, and their families, in the event of their death, will be even in still narrower circumstances. It was not for Mr. Webster's family only that he was pleading, but for the families of all other invalid annuitants who had retired between 1873 and 1878, and whose position under the rules was similar to that of Mr. Webster's family. He was sure that if the accounts were again made up, the cost of this concession would come to a very insignificant total compared with the resources of the Fund and the value of the benefit to the family in each individual case. He earnestly hoped that the Managers and the meeting would consider his plea, and, as a special case, or as a special favour, allow the wives married to, and children born of, the invalid annuitants of this quinquennial period, at the time of retirement, the full value of the benefits awarded to the families of invalid annuitants by the Resolutions passed at the last January meeting.

*Mr. Westland* said he was surprised to find Mr. Cotton, when he rose to address the meeting, instead of offering an apology to the Managers, had proceeded to demand explanations of them. The proceedings which culminated on the resolution of last January had been characterized by the utmost deliberation, having been submitted to the Service for discussion for some months before the meeting, and afterwards in accordance with the rules for conformation after it; he thought that Mr. Cotton should have been more careful before challenging the resolutions, and re-opening the whole matter by a new agitation. It was only twelve months since he (Mr. Westland) in this same place had complained of Members of the Service rushing into print, and getting up agitations without first making some enquiry as to their facts. Last year's agitation collapsed the moment a simple statement of the fact was made. This year's had collapsed for the same reason even before it came up for discussion.

Mr. Cotton had tried to justify his misapprehension of the facts by quoting from a Circular of the Managers of October 1879, in which they had asked for the opinions of the Service. The fact was that the Managers, after consulting the Service, and receiving, among other communications, one from Mr. Cotton himself, had determined to frame the resolutions so as to give the new benefits more of retrospective effect than they at first indicated; and Mr. Cotton, if he wanted to know what the effect of the resolutions was, should have looked to their wording, and not merely excerpted a statement from the discussions preceding it. At the meeting of January 1880, when the resolutions were brought forward, a valuation of their effect was printed and laid upon the table, where an entry would be found of the very benefits which Mr. Cotton was proposing by his first resolution; and afterwards in the Actuary's report, which was circulated to all the Service, the same entry was made, viz. "present incumbents" upon page 7. If Mr. Cotton had only read the documents sent him, he would never have been under any misapprehension as to the purport of the resolutions.

Then, besides that, Mr. Cotton sent a copy of his proposed circular to the Managers, and was distinctly informed that "many of his statements were open to contradiction." But the only result was, as appeared from a letter now received from Mr. Cotton's co-signatories, that the circular was sent to them for signature, with the assurance that "they were statements of absolute and undeniable facts." It was plainly Mr. Cotton himself and not the Managers who were responsible for the former so completely misunderstanding the facts of the case concerning which he had undertaken to address the Service.

As the other point raised by Mr. Cotton,—the case of the invalid annuitants,—Mr. Westland said that he was very sorry to appear to press hard upon any individual Mr. Webster was a friend of his own, and he could not but sympathize with him in the misfortunes which had closed to him an Indian Career. But the Managers were dealing in this matter with money which they held as trustees, and they would manifestly fail in their duty, if, instead of holding the scales evenly between all parties, they were to give special consideration to the hard cases which happened to come to their personal knowledge, or with which they might have some personal sympathy. Mr. Webster had at the time of his retirement deliberately chosen to insure his life for quarter benefits, and that at a time when no question had been raised about giving any extension in that direction. His case was not distinguishable from that of a person who, after insuring his life in an assurance office for £500, should apply that, in consideration of his special hardship, he might get £1,000 instead, and he would leave the meeting to judge what the Directors' reply to such an application would be. It was manifestly impossible for the Managers to accept Mr. Cotton's motion to separate off Mr. Webster's case for special treatment.

On the question of valuations Mr. Westland warned the meeting of the carefulness necessary in discussing all questions of increased benefits. The Managers drew up careful valuations of all that they themselves proposed, and the details of these were as open to Mr. Cotton as to any other person. All these questions were matters of very serious responsibility, and he warned the service of the extreme danger they would be led into, if they permitted private members to brush aside all careful calculations upon the mere plea that their own inner consciousness gave a result that differed from that arrived at by mathematical processes. He also explained the details of the Rs. 70,000, stated by the Managers as the cost of the application of Mr. Cotton's proposal to such invalid annuitant cases as were known.

*Mr. Dampier* said that before the subject was dropped, he would like to ask Mr. Westland on behalf of the Managers a question—

If before the next meeting Mr. Cotton were to address the Managers saying that he proposed to bring forward a motion that the service should as a matter of grace admit all subscribers whose cases stood on all fours with that of Mr. Webster, to the

extra benefits which had been proposed for Mr Webster, and asking the Managers to assist him in getting up his case by furnishing a list of such members, and of the probable cost which the measure would entail, what answer would the Managers make to such an application?

No one could regret more than he did the growth of what he might term an opposition to the Managers, which was inclined to be overwilling to call them to account for informalities rather than to accept what they did on its merits.

*Mr. Barbour* pointed out that the question raised by Mr. Dampier was not before the meeting, and that Mr. Westland had no authority to speak for the Managers.

*Mr. Westland* said that he had no business to answer for the Managers in such a matter as of course it would come before the Board for settlement, but that for himself he might say that, if Mr. Cotton, or any other member of the Service, desired to bring forward any reasonable proposal, he would give him every facility for obtaining information from the records of the Fund Office; and if Mr. Cotton wished to bring forward such a motion as Mr. Dampier mentioned, he (Mr. Westland) would also be happy to give him personal assistance.

*Mr. Dampier* said that his question was now completely and satisfactorily answered.

After a vote of thanks to the Chair the meeting dissolved.

## NOTE.

*Barometric Pressure.*—The pressures in column 2 of the above table for all stations below 500 feet are reduced from those given in column 3 of the table on the previous page, by adding the weight of a column of air of the temperatures given in column 18. For stations above 500 feet elevation the reduction is made by Captain Allan Cunningham's table, "Prof., Papers on Indian Engineering, No. CXIII." The temperatures at the sea-level are taken from column 3 of the above table.

*Temperature.*—The temperatures in column 3 are reduced from those in column 18 on the preceding page, by adding 1° Fahrenheit for every 450 feet.

*Wind Resultant.*—The resultant wind direction and its comparative predominance are calculated from the whole number of wind observations recorded during the month. The relative predominance in the direction of the resultant is given as percentage of the whole number of observations. The direction is computed in the usual way by Lambert's formula.

*Cloud.*—This column gives the average proportion of clouded sky, a cloudless sky being indicated by 0, and one completely overcast by 1·0.

The above, being all comparable, afford the data for constructing a meteorological chart for the month, which will show the isobaric and isothermal lines and the resultant wind directions, which last may be represented by arrows of varying length, proportioned to the prevalence of the wind. To these may be added the rainfall from the previous tables.

The mean pressure, temperature, &c., are deduced from the traces of the barograph and thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The direction and movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

## Remarks on Traffic of the East Indian Railway for three weeks and 13 days ending 31st December 1880.

THE approximate figures for the period are as follow :—

| | Coaching. | | Goods. | | Total. | Material carried on revenue account, including maintenance. | |
|---|---|---|---|---|---|---|---|
| | No. | Rs. | Mds. | Rs. | Rs. | Mds. | Rs. |
| 1880 ... ... ... | 7,12,900 | 11,82,507 | 76,55,612 | 35,13,088 | 46,95,595 | 17,13,007 | 80,675 |
| 1879 ... ... ... | 6,16,182 | 10,89,783 | 66,42,327 | 31,16,112 | 42,05,900 | ..... | ..... |
| Increase ... ... ... | 96,718 | 92,719 | 10,13,285 | 3,96,976 | 4,89,695 | 17,13,007 | 80,675 |
| Decrease ... ... ... | ..... | ..... | ..... | ..... | ..... | ..... | ..... |

Giving an increase in receipts of 8·50 per cent. in coaching, and 12·73 per cent. in goods.

In goods traffic improvement has been general, with one or two exceptions; but the figures for this year are raised by the fact that they represent 34 days' working, against 32 days in 1879.

The principal staples calling for remark are—

| *Increases.* | *Decreases.* |
|---|---|
| Brass. | Government stores. |
| Coal. | Hides and horns. |
| Cotton. | Railway material, foreign. |
| Ghee and oil. | Saltpetre. |
| Grain. | |
| Indigo. | |
| Iron. | |
| Jaggree and Sugar. | |
| Opium. | |
| Piece-goods. | |
| Seeds. | |

### INCREASES.

Brass and brassware ... ... ... ... ... Mds. 7,790 Rs. 10,700

The improved condition of the population has doubtless had an effect in stimulating the market for the sale of native-made utensils.

| | Mds. | Rs. |
|---|---|---|
| Coal, upwards ... ... ... .. ... | 57,170 | 25,310 |
| ,, downwards ... ... ... ... ... | 24,610 | 1,400 |
| | 81,780 | 26,710 |

In upwards coal the improvement shown is satisfactory, seeing that in the previous month there had been a falling off.

Cotton ... ... ... ... ... ... Mds. 2,40,460 Rs. 3,05,180

The demand for cotton for export to Europe and China continued throughout December.

Ghee and oil ... ... ... ... ... ... Mds. 6,030 Rs. 15,030

Ghee continues in demand at Howrah, and the supplies from North-West stations are plentiful.

*Grain.*

Abstracted, the principal items give results as follows :—

| | *Increase.* | | *Decrease.* | |
|---|---|---|---|---|
| | Mds. | Rs. | Mds. | Rs. |
| Rice ... ... ... | 1,12 510 | 85,000 | ..... | ..... |
| Wheat ... ... ... | 4,55,240 | 1,66,400 | ..... | ..... |
| Other grains ... ... ... | 2,61,580 | 48,750 | ... .. | ... .. |
| Pulses ... ... ... | 19,320 | ..... | ..... | 15,730 |
| Total .. | 8,48,650 | 2,84,420 | ..... | 15,730 |

Indigo ... ... ... ... ... ... Mds. 24,170 Rs. 14,970

Last year the crop was not good, while this season it was much better and prices more favourable to sellers.

Iron ... ... ... ... ... ... Mds. 33,160 Rs. 35,880

The up-country markets at Cawnpore and Delhi have imported large supplies of 1st-class iron from Calcutta.

Jaggree and Sugar ... ... ... ... ... Mds. 1,39,460 Rs. 49,320

There was a large falling off in jaggree in the corresponding period of 1879, and the traffic this year shows a decided improvement.

Opium ... ... ... ... ... ... Mds. 34,960 Rs. 33,560

The despatches appear to have been more regular this year.

Piece-goods ... ... ... ... ... Mds. 23,180 Rs. 38,100

One-half of this increase is in despatches made from Howrah to various up-country stations.

Seeds ... ... ... ... ... ... Mds. 2,53,660 Rs. 89,890

In the earlier days of the period stocks of linseed were low in Calcutta, and supplies were apparently despatched to meet current demands.

### DECREASES.

Hides and Horns ... ... ... ... ... Mds. 53,550 Rs. 37,030

There is no lack of enquiry in the Calcutta market, nevertheless imports were small

| | Mds. | Rs. |
|---|---|---|
| Government Stores ... ... ... ... ... | | |
| Commissariat ... ... ... ... .. | 28,920 | 19,790 |
| Ordnance ... ... ... ... ... | 1,790 | 14,650 |
| Total ... | 30,710 | 34,440 |

The falling off may be attributed to the cessation of frontier operations.

Railway Materials, Foreign ... ... ... ... Mds. 80,290 Rs. 1,24,270

This large item of decrease is owing to the absence of any unusual demand for material for Foriegn Railways.

Train-mileage for the period has been, excluding maintenance,—

| | Coaching. | Goods. | Total. |
|---|---|---|---|
| 1880 | 2,31,066 | 5,86,478 | 8,17,544 |
| 1879 | 2,24,846 | 4,88,172 | 7,13,018 |
| Increase | 6,220 | 98,306 | 1,04,526 |
| Decrease | ..... | ..... | ..... |

Earnings on train-mile, excluding material carried on Maintenance and Revenue Account,—

| | Coaching. | Goods. | Total. |
|---|---|---|---|

NOTIFICATION.

*The 21st February* 1881.—Pending the passing of general rules under section 68 of the Merchant Shipping Act VII of 1880, for the examination of Ship Surveyors and other matters provided therein, the following provisional rules for the grant of certificates to Ship Surveyors actually practising in the Port of Calcutta and for the conduct of enquiries into charges of incompetency and misconduct on the part of the holders of such certificates have, with the sanction of the Governor-General in Council, been appr ved by the Lieutenant-Governor under the above section, and are hereby published for general information :—

1. A Board, consisting of the following members, is appointed for the purpose of examining the qualifications of, and granting certificates to, Ship Surveyors now actually practising in the Port of Calcutta :—

The Vice-Chairman of the Port Commissioners of Calcutta.
The Port Officer of Calcutta.
The Chief Engineer, Government Dockyard, Kidderpore.
The Master Builder, ditto ditto.

2. The Board will proceed without delay to take up the duty entrusted to them, giving due and separate notice to all Ship Surveyors whom they may know to be now practising in the Port, and inserting a general notice to such candidates in the *Calcutta Gazette* and in the three leading daily newspapers of the Presidency. They will make their own arrangements as to the time and place at which their sittings shall be held.

3. No test examination of the knowledge of any such candidate shall be necessary, but the Board shall accept, as sufficient evidence of qualification, proof that such candidate for a certificate is actually practising as a surveyor to any recognized Register of Shipping, or that he has been practising as surveyor to any Insurance Company for over two years.

4. On being furnished with such proof, the Board shall grant the candidate a certificate in the following terms :—

"Certified, under section 68 of Act VII of 1880, that A B is qualified to practise the profession of a Ship Surveyor in the Port of Calcutta.

Dated

Calcutta

*Board of Examiners.*"

5. No fee shall be charged for such certificate.

6. The surveyors employed by Lloyd's Register of British and Foreign Shipping and Bureau Veritas are, under section 69 of the Act, specially exempted from the provisions of section 68, but only while "discharging the duties of such employment." Any such surveyor engaging in private practice is required to take out a certificate under these rules.

7. Enquiries into charges of misconduct or incompetence on the part of surveyors certified under these rules shall be conducted by the Court of Survey appointed under section 13 of the Act, and that Court is hereby authorized to cancel or suspend certificates, submitting its proceedings in such cases for the confirmation of Government. The Port Commissioners or any person interested may prefer such charges before the Court of Survey.

NOTIFICATION.

*The 16th February* 1881.—The following rules for the collection of drift timber in the Sunderbuns forests, under section 51 of the Indian Forest Act, VII of 1878, having been sanctioned by the Lieutenant-Governor, are hereby published for general information :—

I. *Interpretation clause.*—All words used in these rules and defined in Act VII of 1878 (the Indian Forest Act, 1878) shall be deemed to have the meanings respectively attributed to them by the said Act.

And in these rules 'Drift Timber' shall mean timber of the descriptions mentioned in section 45 of the said Act.

II. *Procedure to be used in obtaining permits to collect drift timber.*—Any person who, within the area of the Sunderbuns to which section 45 of the Act has been extended by the Government Notification of the 3rd November 1879, published in the *Calcutta Gazette* of the 19th idem, wishes to salve drift timber, shall apply to the officer in charge of the Sunderbuns Forest Division for a written permit specifying the nature of the timber which he wishes to salve, and shall register the boat or boats to be used in salving.

Every boat so registered shall have conspicuously painted on it its register number, the date of registration, and a letter indicating the revenue station at which such boat was registered. A fee of Rs. 5 shall be levied for each boat for the first registration, and a fee of one-half this amount for every subsequent registration. Every registration shall hold good for one year from the date thereof. Provided that if any person shall wish to enter the area defined above for the purpose of salving drift timber, the property of himself or of any known owner, a written permit for this special purpose may be granted him by the officer in charge of the Sunderbuns Forest Division on payment of a fee of Rs. 2 only: but such person shall be bound by all the conditions regarding the registration and marking of his boats laid down in this rule.

III. *Salved timber to be taken to drift timber depôts.*—All timber salved shall be taken, with as little delay as possible, to the nearest drift timber depôt.

IV. *Nothing to prevent chance timber being salved.*—Nothing in the preceding rules shall be held to prevent any person lawfully plying a boat within the limits of the Sunderbuns reserved and protected forests from salving any drift timber that he may find.

V. *Salved timber which may become vested in Government to be sold by auction.*—All drift timber salved under these rules, which may become vested in Government under section 48 of the Indian Forest Act, shall be sold by auction within such periods and in such manner as the Conservator of Forests may direct.

VI. *Amount of salvage (a).*—Any person, whether a Forest Officer or not, who has salved any drift timber, shall be entitled to receive as salvage an amount equivalent to 15 per cent. of the estimated value of such drift timber, as adjudged by the Sunderbuns Divisional Officer or by any subordinate officer specially authorized by the Conservator of Forests in that behalf:

(*b*) Provided that any person authorized by permit to salve drift timber under Rule II shall receive as salvage an amount equivalent to 25 per cent. of the estimated value of the drift timber salved by him, such value being adjudged as above provided.

(*c*) In special cases the Conservator of Forests may increase the amount of salvage to a sum not exceeding 50 per cent. of the estimated value of the drift timber salved.

(*d*) When more persons than one are concerned in salving, the amount of salvage shall be paid to them collectively and on their joint receipt.

VII. *Payments required when drift timber is proved to be the property of a claimant.*—If the drift timber collected shall be shown under section 47 of the Act to be the property of any person other than Government, such person shall be liable to pay to Government, under section 50 of the Act, the following amounts, viz :—

(1) the actual amount of salvage paid to the salvor;
(2) the actual cost incurred in moving the timber to the drift depôt;
(3) such fees as may, from time to time, be fixed, with the sanction of Government, for the storing of timber at such depôt.

VIII. *Registration of property marks.*—Any person holding a permit under Rule II who makes use of any property mark or device for marking drift timber salved by him may register the same in the office of the Sunderbuns Forest Divisional Officer. The fee to be paid for such registration shall be 1 rupee for the first year, and eight annas for each annual renewal. A certificate of registration showing the marks registered shall be given on payment of the prescribed fee.

IX. *Penalty clause.*—Any person who shall infringe any of these rules shall be punished with imprisonment for a term which may extend to six months, or with fine which may extend to five hundred rupees, or with both.

IRRIGATION.

*Dated 8th February* 1881.

*No.* 29.—*Notification.*—In exercise of the powers conferred on him by Section 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor is pleased to direct the publication of the followinig rules for the Sarun Irrigation Scheme.

H. C. LEVINGE,
*Joint-Secy. to the Govt. of Bengal,*
*P. W. Dept., Irrign. Branch.*

*Draft Rules for the guidance of the Canal Officers appointed for the management of the Sarun Irrigation Scheme.*

1. In Notification No. 179, dated 18th August 1879, under the provisions of Part II of Act III of 1876, Government has reserved to itself the rights of property in the water in the following canals and river beds forming part of the Sarun Irrigation Scheme :—

1. The Roopun Chup Sota.
2. The main canal.
3. The Daha river and the water channels in continuation of or in connection with it.
4. The Gunducki river and the water channels in continuation of or in connection with it.
5. The Dhanai river and the water channels in continuation of or in connection with it.
6. The Gangree river and the water channels in continuation of or in connection with it.

These rivers and canals will hereinafter be referred to as the Sarun canals.

2. On and after the 19th November 1880, no person shall take water from the Sarun canals for irrigation or manufacturing purposes without the written permission of a duly authorized person.

Licenses will be required—

(*a*) For the construction of temporary dams in the canal beds.
(*b*) For the erection of fishing weirs.
(*c*) For the use of fishing nets.
(*d*) For the irrigation of lands by flow or lift.
(*e*) For the construction of village channels and distributaries leading from the canals for the irrigation of lands.
(*f*) For water used for the purpose of any manufacture.

3. Government reserves at present its right to levy tolls for navigation, and to charge for filling tanks, watering cattle, or for water for other domestic purposes.

4. The Revenue Administration of the Sarun Irrigation Scheme is vested in the Collector, who is *ex-officio* head of the Canal Revenue Department. The Executive Engineer of the Gunduck Division, as Canal Officer, is his chief executive officer, and his Secretary in the Canal Department. All orders relating to the Canal Revenue will usually be issued by the Collector through the Executive Engineer as Canal Officer, and all correspondence intended for the Collector in this department should be addressed to the office of the Canal Department, Mozufferpore.

5. For administrative purposes, the Sarun district is divided into thirteen sub-districts, corresponding generally with those divisions which Sarun Indigo Planters recognize as factory *dehats*.

These sub-districts are shown in a map deposited in the Collector's office. The boundaries of the sub-districts and their number may be hereafter modified.

6. The following gentlemen are, till further orders, appointed Canal Managers, and will be in charge of these sub-districts :—

| | | |
|---|---|---|
| Manager of the Sadawa | Concern for the time being. | |
| Ditto | Jogapore | ditto. |
| Ditto | Burhoga | ditto. |
| Ditto | Rajaputti | ditto. |
| Ditto | Burowlee | ditto. |
| Ditto | Ramcola | ditto. |
| Ditto | Arroah | ditto. |
| Ditto | Hutwah estate | ditto. |

7. The duties of Canal Managers will be—

1*st*.—To receive and register applications for the use of water under sections 74 and 77 of the Irrigation Act.

2*nd*.—To grant permits for the use of water under section 75 of the Act.

3*rd*.—Subject to the instructions of the Canal Officers, to control the water-supply under the provisions of section 76.

4*th*.—To recover and credit to Government the water rates.

5*th*.—To superintend and maintain such establishment as may be found necessary.

8. Canal Managers have no power under Parts III, IV, and V of the Act; and all claims for remission under section 76 of Part VI should be referred to the Canal Officer or his Deputy for disposal. Complaints regarding unauthorized use of canal water under sections 79, 80, and 81 are also to be referred to the Canal Officer for decision. All proceedings connected with the recovery of water-rates by distraint, or other compulsory process, will be undertaken by the Collector.

9. Persons desiring the construction of a temporary dam on the Sarun canals must prefer a written application to the Canal Manager in whose jurisdiction the proposed dam lies, specifying the object of the work, and the length of the time for which it is required. The application will be submitted to the Canal Officer, with the opinion of the Canal Manager. If the Canal Officer considers the construction of such temporary dam expedient, he shall call upon the applicant, or applicants, to deposit a sum of money sufficient to cover the cost of construction and maintenance of the dam, and of removing the same when no longer required.

On the completion of the dam, the Canal Officer shall give the applicant, or applicants, notice thereof, and also of any further sum payable by him, or them, on account of its construction. The Canal Officer shall not permit irrigation with water raised by the dam until the whole sum thus demanded shall have been paid. Rates for such irrigation will be charged as fixed in rule 12.

10. If one or more of the riparian proprietors desire to have a permanent dam erected in any river bed, he or they shall present an application to that effect to the Collector who will decide, in communication with the Canal Officer, on the advisability of constructing such a dam. Should he deem it desirable, he shall cause plans and estimates to be prepared, and shall then call on the applicants to give a guarantee, securing interest at 4½ per cent. on the amount of the estimates, provided that, if the cost of the work should, through unforeseen causes, exceed the original estimate, the Guarantor or Guarantors shall pay interest on the total cost of the work. The construction of the dam will be carried out by the Canal Officer. A register shall be kept of the Guarantors of the cost of dam, and any person may, at any time, apply to the Canal Officer to be made a part owner thereof on payment to the co-sharers in the work, of such sums as may be fixed by the Collector. Shares will generally be distributed in proportion to the area of the estates concerned. The privileges of an owner are (1) exemption from any higher rate than Re. 1 per acre per annum, and (2) prior claim to irrigation from the dam. Other persons irrigating from the dam may be charged any rate, not above Rs. 2, which may be fixed by Government. The maintenance of the permanent dam shall be a charge against the owner. The Canal Officer shall have power to stop all supplies of water if the dam is not maintained in proper repair.

11. The Collector shall make arrangements for the disposal of the fisheries, and the sale-proceeds of the rights of the same shall be an asset to be taken into account in determining the guarantor's liabilities for any portion of the guarantee in any year.

12. Persons desiring to irrigate their fields with canal water by flow or lift must submit a written application in the form (Appendix A) to be obtained by himself or by his agent from the Canal Manager, whereupon the latter shall issue a permit, in form Appendix B, to irrigate. The right to irrigate without extra charge extends up to 15th February following the date on which the permit was issued. The rate charged shall not exceed Re. 1 per acre irrespective of the crops grown, except in special cases to be determined by Government.

13. Any person desirous of taking water for manufacture of indigo must apply to the Canal Officer through the Canal Manager, stating the area of cultivation, the area which he has leased for irrigation, and promising that he will on the 1st of October declare the quantity he has manufactured.

14. Licenses will be granted on the following terms :—

(*a*). To persons irrigating an area of not less than half their cultivation, one rupee per maund.

(*b*). To persons irrigating an area of less than half their cultivation, two rupees per maund.

Provided that, as guarantors are, under the terms of their guarantees, entitled to water for manufacture free of charge, the sums leviable from them under the above conditions shall be set off against the guarantee, and, on consideration of the payment of the latter, be written off the account.

15. The privileges of guarantors are as follows :—

(1) A prior claim to a supply of water for irrigation and manufacture during the continuance of their guarantee.

(2) Each guarantor to have a sub-district within which he shall act as the agent of Government in managing the affairs of the canal, receiving a commission on his collection of 20 per cent.

(3) The right to use water for manufacturing purposes free of charge.

16. Any person may apply to the Collector to become a guarantor. If the Collector accept the application, which at his discretion he may or may not do, he shall proceed, in communication with the Canal Officer, to determine whether the new guarantee shall be utilized towards extending the canals, providing distributaries or embankments, or towards reducing the responsibility of the original guarantor. If the original guarantor (within whose *dehat* the applicant's property or interest is situated) claims a reduction in his guarantee and can at the same time show that the application of the new guarantor towards an extension of the canal would operate to reduce his collections below the amount of his guarantee, his claims to have his guarantee reduced shall be approved; otherwise, the new guarantee may be applied towards extending the canals, and an area corresponding to the applicant's property or interest be marked off to him, within which he shall exercise the rights and privileges now exercised in their *dehats* by the guarantors mentioned in paragraph 5 of these rules.

If the applicant's interest or property be not situated within any *dehat* as specified in paragraph 5, then the Collector shall apply the guarantee towards extending the benefits of the canal system.

17. Canal Managers or guarantors requiring water for the irrigation of their own fields, or for manufacture, will apply for the requisite permit to the Collector through the Canal Officer. In the license for the use of water for irrigation and manufacture, the rates to be charged shall be stated. In accordance with rules 12, 13, and 14 the following rates will be charged, subject to the proviso in paragraph 14 :—

| | Rs. | A. |
|---|---|---|
| Irrigation per acre ... ... ... ... | 1 | 0 |

*Manufacture.*

| | Per md. Rs. | A. |
|---|---|---|
| To persons irrigating one-half of their cultivation ... | 1 | 0 |
| To persons irrigating less than one-half ... ... | 2 | 0 |

18. The irrigation year will commence on the 1st of April, and as soon after the 15th January and 15th September of each year as possible, the Canal Manager shall present bills for water-rates based on the actual area irrigated, and deliver them to the irrigators before the 15th February and 15th October. If these bills are not paid to the Canal Manager before the 1st of March and 1st of November, he shall prepare a list of unpaid claims, and submit the same to the Collector through the Canal Officer, who will put in force the powers vested in him for their recovery in accordance with sections 83, 84, and 85 of the Irrigation Act.

19. It will be the duty of Canal Managers to see—

1*st*.—That all applications for water are made in the forms supplied to them. These applications must be filed for reference, and will be issued to applicants free of charge.

2*nd*.—That all licenses for the use of water be issued in the prescribed form, and a copy be kept in counterfoil in books supplied for the purpose.

3*rd*.—That a monthly return of applications received and issued be submitted to the Collector in a form to be supplied by the Canal Officer.

4*th*.—That copies of bills presented for payment be kept in the counterfoils supplied for record.

5*th*.—That a cash-book of all receipts of water-rates be kept in forms supplied for the purpose.

6*th*.—That a weekly rainfall statement, and irrigation notes be sent to the Canal Officer and be kept in duplicate for record.

*7th.*—That for all cash received, receipts be granted in the form supplied by the Canal Officer which will be kept in counterfoil.

*8th.*—That all cash received be paid monthly into the sub-divisional or district treasury without deduction, and that the treasury receipts be filed with the cash-book as vouchers.

*9th.*—That monthly advices of cash paid to the treasury be sent to the Canal Officer in forms to be supplied by him.

*10th.*—That bills for commission on the collections at 20 per cent. be submitted when requisite to the Canal Officer who will issue cheques for their payment on the order of the Collector.

20. On the 1st April of each year, or as soon after as practicable, the Canal Officer will prepare a statement showing—

(*a*) The sum guaranteed.
(*b*) The total collection.
(*c*) The total payments into the treasury.
(*d*) The excess of (*b*) over (*a*) on which bills for the 20 per cent. allowance are to be drawn.

All correspondence and accounts may be kept in Kaithi, if the Canal Manager desires it. Forms, as detailed in previous paragraphs of these rules, will be supplied by Government, together with service stamps free of charge; all other charges for stationery must be met by the Managers and defrayed from their commission. All accounts and records relating to canal matters must be open to the inspection of the Collector, the Canal Officers, and their Deputies. All expenses for Water-guards, Patrols, and Ameens must be defrayed from the commission of 20 per cent. allowed by Government on the collections.

# HIGH COURT NOTICE.

## CIVIL.

*No. 3, dated the 10th February 1881.*

THE Court desire to draw the attention of the Officers presiding in all Civil Courts subject to its superintendence to the provisions of Section 68 of the Code of Civil Procedure, and to impress upon them the necessity for exercising, in all cases other than those dealt with by them as Small Cause Court Judges, the discretion which the law gives them of determining whether the summons to issue in a suit should be for the fixing of issues only or for final disposal.

2. It is by no means the intention of the law that in every petty suit not tried by a Small Cause Court Judge there should be two hearings.

## Sheriff's Office, the 2nd February 1881.

NOTICE is hereby given that the Second Criminal Sessions of the year 1881 of the High Court of Judicature at Fort William in Bengal, for the Town of Calcutta and Factory of Fort William, and the places subordinate thereto, will be holden at the Court House, in the Town of Calcutta, on Tuesday, the First day of March next, at 11 o'clock in the forenoon, and so on from day to day until the said Sessions be over. And it is hereby proclaimed that all persons who will prosecute any of the prisoners to be brought up for trial at the said Sessions be present then and there to prosecute.

*No* 50.—Under Section 12 of Act II of 1857, the Governor-General in Council is pleased to authorize the affiliation of the City College, Calcutta, to the Calcutta University, up to the First Arts Standard, with effect from the 1st January 1881.

POLITICAL.

*The 17th February* 1881.

*No.* 289*EP.*—The following extract from the *London Gazette*, dated the 17th December 1880, is published for general information .—

And whereas on the eleventh day of December, one thousand eight hundred and eighty, a further Convention was entered into between Great Britain and Switzerland in the terms following :—

"Swiss Federal Council having denounced by their note of the 22nd December 1877, the Treaty of Extradition of the 31st March 1874, existing between the United Kingdom of Great Britain and Ireland and the Swiss Confederation, and the new Treaty of Extradition, signed on the 26th November 1880, not having yet received the necessary ratifications, the High Contracting parties, being desirous of prolonging the duration of the Treaty which is still in force, have named as their Plenipotentiaries with this object:

Le Conseil Fédéral Suisse ayant dénoncé, par note du 22 Décembre 1877, le Traité d' Extradition du 31 Mars 1874, existant entre le Royaume-Uni de Grande-Bretagne et d'Irlande et la Confédération, Suisse, et le nouveau Traité d'Extradition signé le 26 Novembre 1880, n'ayant pas encore reçu les ratifications nécessaires, les Hautes Parties Contractantes, désirant prolonger la durée du Traité actuellement encore en vigueur, ont nommé à cet effet pour leurs Plénipotentiaires :

"Her Majesty the Queen of the United Kingdom of Great Britain and Ireland; Francis Carew, Esquire, Her Britannic Majesty's Charge d'Affaires at Berne; and

"The Federal Council of the Swiss Confederation, the Federal Councillor, M. Fridolin Anderwert, Chief of the Federal Department of Justice and Police;

"Who, after having reciprocally proved their full powers, have concluded the following Convention,—

"The duration of the Treaty of Extradition of the 31st March 1874, between the United Kingdom of Great Britain and Ireland and the Swiss Confederation shall be prolonged from the 22nd December 1880, until the moment when the new Treaty of Extradition of the 26th November 1880, shall come into force in the two countries.

"Done at Berne, the 11th day of December 1880.

Sa Majesté la Reine du Royaume-Uni de Grande-Bretagne et d'Irlande; Francis Carew, Esquire, Chargé d'Affaires de Sa Majesté Britannique a Berne; et

Le Conseil Fédéral de la Confédération Suisse, M. le Conseiller Fédéral, Fridolin Anderwert, Chef du Département Fédéral de Justice et Police;

Lesquels, aprés avoir constaté réciproquement leurs pleins pouvoirs, ont conclu la Convention suivante:—

La durée du Traité d'Extradition du 31 Mars 1874, entre le Royaume-Uni de Grande-Bretagne et d'Irlande et la Confédération Suisse est prolongée, a partir du 22 Décembre 1880, jusqu'au moment oú le nouveau Traité d'Extradition du 26 Novembre 1880, sera entre en vigueur dans les deux Etats.

Ainsi fait á Berne, le 11 Décembre 1880.

"(Signed) FRANCIS CAREW. (Signé) ANDERWERT."

Now, therefore, Her Majesty, by and with the advice of Her Privy Council, and in virtue of the authority committed to Her by the said recited Acts, doth order, and it is hereby ordered, that the said Acts shall apply in the case of Switzerland and of the said Treaty and Protocol, and Conventions with the Swiss Confederation.

*C. L. Peel.*

The following orders, issued by the Government of India in the Department of Finance and Commerce, are republished for general information:—

## NOTIFICATIONS.

*Fort William, the 19th February* 1881.

*No.* 753.—Read—

Resolution by the Department of Finance and Commerce, No. 2941, dated 30th September 1880.

Read letters from the Superintendent of Marine Surveys—

No. 2, dated the 11th January 1881.
No. 3, dated the 14th January 1881.

RESOLUTION.—The Governor-General in Council requests that the following direction may be incorporated in the Appendix to the Resolution of the 30th September last, describing the system of buoyage adopted for Indian waters.

*The position of isolated sunken rocks shall be marked off by red conical buoys.*

2. His Excellency in Council takes this opportunity to request that Port and other Local Authorities may be enjoined not to make any changes in the form or colour of any buoys without first consulting the Marine Survey Department. It is extremely important that the procedure should be everywhere uniform and that intimation should be published by the Marine Survey Department of every change some time before it is carried out.

ORDERED, that this Resolution be forwarded to the Governments of Madras, Bombay, and Bengal, and to the Chief Commissioner of British Burma, for information and the necessary action; and to the Military* (Marine) Department for information.

* Original papers returned.

Ordered also, that the Resolution be published in the *Gazette of India* for general information.

*No.* 778.—Read the following:—

No. 30, dated 20th January 1880.

From—The Secretary of State for India.
To—The Government of India.

I HAVE to acquaint you that the rate of exchange for the adjustment of financial transactions between the Imperial and Indian Governments for the year 1881-82 has been fixed, with the concurrence of the Lords Commissioners of the Treasury, at one shilling and eight pence (1*s.* 8*d.*) the rupee, and I have to request that you will give the necessary instructions for the due observance of this rate in respect of all transactions to which it is applicable.

ORDERED, that this despatch be communicated to the Comptroller-General and to the Military and Public Works Departments, for information and guidance.

Ordered also, that this despatch be published in the *Gazette of India* for general information.

*Calcutta, the 1st December* 1880.

**RULES FOR THE CUSTODY, DISTRIBUTION, AND SALE OF POSTAGE STAMP LABELS, &c.**

*Approved by the Government of India, in the Department of Finance and Commerce, in letter No 2837, dated 16th September* 1880.

[*N. B.*—These Rules apply to all kinds of Postage Stamps, with the exceptions noted in Rules V and VIII, in respect of Service Stamps and Soldiers' Envelopes.]

*Central Depôts.*

I.—There shall be three central depôts for postage stamps in charge of the Superintendents of Stamps at Madras, Bombay, and Calcutta. These central depôts shall maintain* a stock of postage stamps sufficient for two years' consumption. The Superintendents of Stamps in Madras and Bombay shall, for this purpose, forward, not later than the last week of September† in each year, their respective indents to the Superintendent of Stamps in Calcutta, who will include them in his general‡ consolidated indent for stamps of all descriptions, showing separately the demand for each of the three Presidencies. This general consolidated indent shall be submitted to the Government of India in the Department of Finance in time for transmission to the Secretary of State by 1st of November† in each year. The Superintendent of Stamps, Calcutta, shall further forward,§ within the first week of October, to the Director-General of the Post Office of India, a copy of the section of the indent relating to postage stamps. Supplies from central to local depôts shall be issued on credit.

§ Government of India, Department of Finance, No. 3315, dated 16th October 1880.

*Supplies from Central Depôts.*

II.—Postage stamps for the Madras Presidency, including Mysore, and the local depôts subordinate to Madras, shall be supplied by the Superintendent of Stamps at Madras on the indent of officers in charge of local depôts.

III.—Postage stamps for the Presidency of Bombay, including Sind, Berar, the Central Provinces, and local depôts subordinate to Bombay, shall be supplied by the Superintendent of Stamps at Bombay on the indent of officers in charge of local depôts.

IV.—Postage stamps for the Bengal Presidency, including the North-Western Provinces, Oudh, the Punjab, Central India, Rajpootana, Assam, and British Burmah, and local depôts subordinate to Calcutta, shall be supplied by the Superintendent of Stamps at Calcutta on the indent of officers in charge of local depôts.

*Local Depôts.*

V.—Every treasury throughout India, including those attached to political customs and salt agencies, shall be a local depôt for the sale of postage stamps, provided that the value of the stamps sold at one time to any purchaser shall not be less than Rs. 5, and shall not include any fraction of a rupee. At any station at which there is a collector of land revenue, neither a salt agent nor collector of customs shall be entrusted with the custody and sale of postage stamps. All sales under this rule will be for cash on delivery; and when the purchaser is one of those who are required to retail stamps under Rule VIII (not being a person employed in a Government treasury), or is one specially authorized under Rule IX, a discount of one-half anna per rupee will be allowed. But to purchasers other than the above, no discount will be allowed; and officers in charge of local depôts must see that discount is not allowed except to the privileged officers above referred to. The sale of ordinary envelopes and post-cards shall be subject to the same conditions, except that they shall be sold in packets containing sixteen each, portions of a

packet not being saleable. The price of each packet shall be the value of the stamps borne by the envelopes or post-cards contained in it, the discount (if any) being calculated on that value.

The preceding rule is only partially applicable to "soldiers' envelopes," which will be sold in complete packets only in such treasuries as may be selected for the purpose by the Director-General of the Post Office in communication with the military authorities. Further, on these envelopes *no discount will be allowed*, and the *charge per packet will include the cost of the envelopes*, i.e. 12 annas for the value of the sixteen 9-pie stamps and two annas for the cost of the envelopes, or a total 14 annas per packet.

The preceding rule is also only partially appicable to "service stamps," which may be sold *only to Government officials, on a written application, accompanied by payment of the value in cash; such sales are without restriction as to a minimum amount*, and *no discount is allowed*. A receipt containing in detail the gross value of each description of service postage stamps sold will be granted by the treasury officer for the amount paid to him. The conditions in this clause are also applicable to service post-cards, with the exception that they shall be sold only in complete packets containing 32 each, portion of a packet not being saleable.

Certain Government treasuries have been specially authorized by the Director-General of the Post Office to sell service stamps to specified particular officials of specified native states, and for such sales, as well as for sales which may be made under future special instructions of like character, the conditions mentioned in the preceding clause shall apply.

VI.—A supply equal to the probable consumption for five months of the district attached to each local depôt shall be kept in each; and as soon as the number in store has fallen below the number expended during the preceding six months, the collector, or other officer in charge of the depôt, shall indent* on the central depôt of his presidency for a number equal to the consumption of the last three months, for which accounts have been rendered to the central depôt of the Presidency. If by any accident the stock of stamps of any value should run short before the receipt of a fresh supply from the central depôt, the officer in charge of the treasury will indent on neighbouring districts for a quantity sufficient to meet the demand, which may be supplied or not, according to the discretion and on the responsibility of the officer indented on with reference to the wants of his own district. It will be the duty of the Superintendent of Stamps of the Presidency to report to the Director-General of the Post Office, for the orders of Government, every occasion on which it may appear, from the monthly statement or otherwise, that the store of stamps of any particular value in any district has fallen below the authorized amount.

* Form 1.

*Branch Depôts.*

VII.—Every branch treasury and every tehsil treasury shall be a branch depôt for the sale of postage stamps under the conditions described in Rule V. It will receive its stamps from the local depôt to which it is subordinate, keeping always in store a supply sufficient to meet the probable demands of one month, estimated according to the average of former sales. It will keep an account of sales in the same form (3) hereafter prescribed for the treasurer's account, and will indent for supplies in the same form (4) as hereafter prescribed for the treasurer's indent. It will render an account monthly to the local depôt in Form 6A immediately on the expiration of the month.

*Retail sale of Stamps.*

VIII.—A supply of stamps *for sale by retail* shall be kept available at every post office, receiving office, tehsildari, thana, and every police-station at which letters are received for despatch, and with every licensed stamp-vendor; and it shall be the duty of the officer, to whom the person in charge of any of the abovenamed places is subordinate, to take steps to ensure that the supply

kept on hand is at all times equal to at least one week's demand. Persons in charge of the abovementioned places will receive discount on purchases under Rule V. Superintendents and Inspectors of post offices, within their respective jurisdictions, and any other officers of the post office specially deputed for that purpose or authorized on that behalf by the Postmaster-General or officer exercising the powers of Postmaster-General, are empowered to examine the stock of postage stamps kept by a licensed stamp-vendor.

This rule does not apply to "service stamps" or to "soldiers' envelopes."

By the term "licensed vendor," as used above, is meant a stamp-vendor licensed under rules framed by the local Government in accordance with section 55 of the General Stamp Act (I of 1879).

*Authorization of certain retail vendors other than the above.*

IX.—A district officer may authorize the grant of discount at half-anna per rupee on purchases under Rule V to any person who is a *bonâ fide* retail vendor of postage stamps, although he may not be one of those required to retail them under the above rule. Such authority shall be given in writing, and must be produced by the person authorized when claiming discount on purchases; the authority will hold good for only 12 months from the date on which it is given, and may be revoked at any time at the discretion of the district officer. No such authority may be given to any person employed in a Government treasury. The authority so given may, at the discretion of the district officer, be made subject to conditions to be expressed in the writing of authority in any or all of the following respects, viz. the maintenance of a sufficient supply of all or any specified denominations of postage stamps for retail: a particular shop, place, or locality, or particular shops, places, or localities, in which postage stamps are to be exposed for sale: the days and hours during which they are to be so exposed, and any restriction upon the sale in shops, places, or localities other than those specified. A register showing the name, residence, and occupation of every person so authorized, and the date of the authority, shall be kept by the district officer. Superintendents and Inspectors of post offices within their respective jurisdictions, and any other officers of the post office specially deputed for that purpose or authorized on that behalf by the Postmaster-General or officer exercising the powers of Postmaster-General, are empowered to examine the stock of postage stamps kept by any person so authorized.

The term "district officer," as used above, include the political officer in a native state, who may grant authority to *bonâ fide* retail vendors as provided in the above rule.

*Custody of Stamps in Local Depôts.*

X.—The bulk of postage stamps in store at any local depôt shall be kept in parcels, containing a known number of sheets, in the treasury or other secure place, in one or more strong chests or presses, under double locks,—the key of one lock of each chest or press always remaining in the hands of the collector or other officer in charge of the stamps, and the key of the other in the hands of the treasurer.

XI.—The remainder of the stamps in store shall be in the hands of the treasurer, and shall not exceed the probable demand of fourteen days, estimated according to the average of former sales.

XII.—The treasurer shall keep a daily account of receipts and sales* in the vernacular of the district, in which the transactions of each succeeding day shall be entered consecutively, a balance being struck at the close of each day, and attested by the initials of the officer in charge of the treasury.

* Form 3.

XIII.—On the first open day of each month, and on every Monday during the month, the treasurer shall prepare in the vernacular, and submit to the officer in charge of the postage stamps, an indent† for a supply of postage stamps for the following week. The indent, after being approved or altered by the officer in charge of the postage stamps, shall be signed by him, and complied with as directed in the following

† Form 4.

rule. The indent thus signed shall be the warrant for the issue of the stamps.

XIV.—The officer in charge of the postage stamps shall cause the store under double locks to be opened, and the required number to be counted and delivered to the treasurer in his presence. A store-book* shall be kept in English, in which the number and value of the stamps delivered to the treasurer shall be entered, and a balance struck at the time of delivery. This balance will be attested by the initials of the officer in charge and of the treasurer, both of whom shall invariably be present during the whole time that the store under double locks, or any part of it, remains open. The deliveries shown in the store-book will agree with the indent as approved.

* Form 5.

XV.—If the treasurer require stamps at any intermediate time, the same process will be observed as is prescribed in the two preceding rules.

XVI.—Stamps will be supplied from the store under double locks only to the treasurer and to branch depôts, and on indent from them respectively. Sales should be made not out of store, but from the supply in the hands of the treasurer or the supply in branch depôts.

XVII.—As soon as possible after the arrival of a despatch of postage stamps from a central depôt, or from any other local depôt, the packets or boxes are to be opened, one at a time, in the presence of the officer in charge of stamps. The stamps contained in each box or packet are then to be immediately counted and compared with the invoice,† which, after being receipted, will be returned by the first post to the depôt whence they were despatched. Unless the officer in charge of the stamps can certify that the stamps contained in any given packet or box were immediately counted by himself personally, or in his presence, he will be held responsible for the value of any that may be found deficient. The stamps are then to be placed in the store under double locks and entered in the store-books, and no stamps are to be delivered to the treasurer or sold to any party without being first brought into store.

† Form 2.

XVIII.—Officers in charge of stamps will have the stamps in store, both those under double locks and those in the hands of the treasurer, counted in their presence on the last open day of September and March in each official year, and will certify having done so in the following terms at the foot of the monthly accounts of sales and stock ‡ for those months furnished to the Superintendent of Stamps :—

‡ Form 6.

"I do hereby certify that I have personally counted the number of sheets of postage stamps of the value of four annas each and upwards in store on _____ 188 , and that their actual value is §_____; and I also further certify that the number of complete sheets of postage stamps of a lower value than four annas each, in store on the same date, has been counted by the treasurer in my presence, and that their actual value is §_____; and I do further certify that, from the report of the treasurer made to me this day, the actual value of the stamps in his hands amounts to §_____; and that the rules prescribed by the orders of the Government of India, dated 16th September 1880, are duly observed."

*N. B.*—In cases where portions of the stock of stamps are in charge of tehsil officers, it will be necessary to obtain a certificate from each of the tehsildars for the postage stamps in his charge, and attach these certificates to the certificate for head quarter store.

*Officer in Charge of Stamps.*

§ NOTE.—The amounts to be entered in words as well as figures.

XIX.—On occasions of transfer of charge, postage stamps will be made over in the same manner, and under the same precautions, as the cash balance in the treasury.

XX.—The officer in charge of each local depôt will submit, within the first week of each month, an account || to the Superintendent of Stamps of his Presidency, showing the balance in hand at the sudder and branch treasuries at the close of the preceding month, and the sales effected during that month.

|| Form 6.

*Returns to be made by Central Depôts, &c.*

XXI.—The Superintendent of Stamps of each Presidency will at the commencement of each month, in addition to any account required by the Accountant-General, furnish the Director-General of the Post Office with a memorandum* showing the number of stamps of each description distributed by him during the preceding month, and the number remaining in stock at the close of the month.

* Form 7.

The Superintendents of Stamps of Calcutta, Madras, Bombay, Lahore, and Nagpur, will, as soon after the close of each month as possible, furnish the Accountant-General to the Post Office with a memorandum† showing the total amounts of the actual sales in each local depôt and of all the local depôts supplied by them.

## Rules made under Section 277 of the Act, regarding the erection of huts.

1. When new huts are being added to existing ranges or blocks of huts under Section 277, the new huts shall be kept in line with the existing main lines of huts which are to be taken as directing lines.

2. When new blocks or ranges of huts are being erected, the direction of the lines will be regulated by the position of the land, but preference will be given to new passages or footpaths running north and south, or nearly so.

3. Every new hut which may be built abutting on a public road or footpath shall be so constructed as not to project on the road or footpath, and so as not to allow rain-water from its roof to fall upon or injure the same.

4. No hut to be built upon the site of a filled-up tank, except at such a level as will admit of necessary drainage.

5. The space between the walls of any two huts to be not less than three feet for ventilation. But this rule is not to apply to two or more huts built in continuation and composing one "bari."

6. All huts abutting on Municipal roads to have a pucka or kutcha-pucka plinth not less than two feet high.

ROBERT TURNBULL, Secy. to the Corporation.

E. C. GEORGE, Presidency Postmaster.

Calcutta General Post Office, the 31st October 1880.

THE public are informed that on and from the 15th January 1881, the Mails from Northern Bengal and Assam will be issued at the 3rd delivery at 1-30 P.M. in place of at 4-30 P.M., as at present.

Registered and bearing articles will, however, continue to be delivered by the 4th delivery issuing at 4 P.M.

This change is due to the earlier receipt of the above Mails, to have effect from the said date.

The Eastern Bengal Mails, which will arrive from the above date at Sealdah at 6-25 P.M., will be issued at the 1st delivery the following morning instead of by the 4th delivery the previous afternoon. Registered and bearing covers received by these Mails will go out by the 2nd delivery at 9 A.M.

E. C. GEORGE, Presidency Postmaster.

## The Indian Law Reports.

*Published under Authority of the Governor-General in Council.*

THE Reports appear in monthly parts, published at soon as possible after the first of each month as Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series.

The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set.

*Terms of subscription, payable annually in advance.*

## PART IV.

## Bill of the Bengal Council.

### GOVERNMENT OF BENGAL.

### LEGISLATIVE DEPARTMENT.

THE following Bill was read in the Council of the Lieutenant-Governor of Bengal, for the purpose of making Laws and Regulations on the 19th February 1881, and was referred to a Select Committee who are to report thereon to the next meeting of the Council:—

*A Bill to amend the Calcutta Port Improvement Act Amendment Act, 1880.*

Preamble.

WHEREAS it is expedient to facilitate the raising of loans by the Commissioners for making Improvements in the Port of Calcutta in the manner contemplated by Bengal Act IV of 1880, and to further amend Bengal Act V of 1870: It is hereby enacted as follows:—

Repeal of sections of Bengal Act IV of 1880.

1. Sections 17, 18, and 19 of Bengal Act IV of 1880 are hereby repealed.

Substitution of sections for sections 7 and 8 of Bengal Act IV of 1880.

2. For sections 7 and 8 of the said Act IV of 1880, the following sections shall be substituted:

In case of default, Government how to proceed

"7. In case of default of payment of any interest, the Secretary of State shall have the same remedies as may be available to other creditors of the Commissioners under this Act; but nothing in this Act shall be deemed to confer upon the said Secretary of State any prior or greater right than that conferred upon other creditors of the Commissioners under this Act.

Power to repay before due date.

"8. It shall be lawful for the Commissioners, if they think fit, out of any moneys which may come into their hands under the provisions of this Act, and which can be so applied without prejudicing the security of the other creditors of the Commissioners under this Act, to repay to the said Secretary of State any sum which for the time being may remain due to him under the provisions of this Act for principal, although the time fixed for the repayment of the same shall not have arrived: provided that no such repayment shall be made of any sum less than ten thousand rupees; and that, if such repayment is made, the amount of interest in each succeeding half-yearly instalment shall be adjusted so as to represent exactly the interest due on the outstanding principal."

Form of debenture under Bengal Act IV of 1880.

3. For the schedule annexed to the said Act IV of 1880 the following schedule shall be substituted:—

"SCHEDULE (*referred to in section* 16).

FORM OF DEBENTURE.

*The Commissioners for making Improvements in the Port of Calcutta.*

*The* 18

Act.

BY virtue of the Act, No. IV of 1880, of the Council of the Lieutenant-Governor of Bengal for making Laws and Regulations, entitled "The Calcutta Port Improvement Act Amendment Act," We, the Commissioners for making Improvements in the Port of Calcutta, in pursuance of the powers vested in us in sections 9, 10, and 12 of the above Act, and in accordance with the advertisement, dated , in consideration of the sum of Rs. paid to us by , promise to pay to the said or order, the sum of Rs. 30 years after the date hereof, together with interest thereon at the rate of 4½ per centum per annum, payable half-yearly on the day of and the day of But if default shall be made for two consecutive, half-years in either the payment of the interest

or making the necessary investments on account of the sinking fund, the loan shall at once become repayable.

*(Signatures of the Chairman or Vice-Chairman and two Commissioners.)*"

Substitution of section for section 20 of Bengal Act IV of 1880.

4. For section 20 of the said Act IV of 1880, the following section shall be substituted:

Lieutenant-Governor empowered to make bye-laws.

"20. The Lieutenant-Governor of Bengal may, on the recommendation of the Commissioners, from time to time, make such bye-laws consistent with this Act and with the Indian Ports Act, 1875, as he may think necessary for any of the following purposes (that is to say):

(*a*) for regulating, declaring, and defining the wharves, quays, stages, jetties, and piers on and from which goods shall be landed from and shipped in vessels within the port;

(*b*) for the safe and convenient use of such wharves, quays, stages, jetties, and piers and of landing-places, tramways, warehouses, sheds, and other works in and adjoining the same;

(*c*) for regulating the reception and removal of goods within and from the premises of the Commissioners, and for declaring the procedure to be followed for taking charge of goods which may have been damaged before landing, or may be alleged to be so damaged;

(*d*) for the mode of payment of tolls, charges, dues, and rates levied under this Act;

(*e*) for the removal of wrecks from the port or the river, and keeping clean the port, the river, the bank of the river, and the works of the Commissioners, and for preventing filth and rubbish being thrown therein or thereon;

(*f*) for regulating the hours during which European seamen, and apprentices shipped on the same footing as European seamen, may be employed on board ships lying in the port or on wharves, quays, stages, jetties, and piers, in work necessitating exposure to the sun;

(*g*) for otherwise carrying out the purposes of this Act:

and may, from time to time, on the recommendation aforesaid, vary, alter, or revoke any such bye-law so made by him.

Previous to the making, alteration, or revocation of any such bye-law, the recommendation of the Commissioners in respect thereof shall be published for three weeks successively in the *Calcutta Gazette*."

Increase in maximum number of Commissioners.

5 In section 2 of Bengal Act V of 1870 as amended by Bengal Act VII of 1871 the words, "persons in number not more than thirteen nor less than nine," shall be substituted for the words "persons in number not more than twelve nor less than nine."

## STATEMENT OF OBJECTS AND REASONS.

THE Port Commissioners finding that they were unable to raise loans in the open market under the restrictions imposed by section 17 of Bengal Act IV of 1880, represented the fact to Government. The matter being referred to me as Advocate-General, I recorded the following opinion:—

### OPINION.

"Although I think that persons lending money to the Port Commissioners under the provisions of Bengal Act IV of 1880 would be practically safe, yet there exist doubtless legal objections which may be taken to the scheme developed by that Act with reference to loans and the remedies relating thereto. It has lately become usual to make loans repayable in default of payment of any one instalment of interest. There is no such provision in the Act, but, on the contrary, there is an express provision by which the principal may be tied up for 30 years.

Furthermore, no individual debenture-holder has any independent power of action in the event of any instalment of interest being unpaid, and all the ordinary legal remedies by decree and execution, or the appointment of a receiver by a civil court, are taken away from individual debenture-holders by section 17, and the appointment of a receiver is vested in the Lieutenant-Governor in the manner provided by that section. The objections above noticed principally stand in the way of the proposed loan being taken up. Sections 18 and 19, which appear to flow out of the provisions of section 17, are, I presume, also objected to.

Under these circumstances, the Act must, I think, be altered in such a manner as to get rid of the two principal objections above noticed; consequently sections 17, 18, and 19 must be omitted.

As a member of the Select Committee, I did not foresee the difficulties which have arisen. I thought that practical safety under the immediate supervision of the local Government, entailing no serious expenses, would have been a sufficient inducement to persons to lend money."

2. The Government of India have given their consent to the amendment of the law in such a manner as to remove the objections of capitalists to lend money to the Port Commissioners, and this Bill has accordingly been settled in consultation with the Port Commissioners and the Solicitor to the Bank of Bengal.

3. The opportunity is taken (1) to raise the maximum number of Commissioners to thirteen to enable the Lieutenant-Governor to add a member who shall represent the growing interests of Howrah, and (2) to empower the Lieutenant-Governor to make bye-laws regulating the hours of employment of European seamen and others in work necessitating exposure to the sun."

## THE INDIAN MERCHANT SHIPPING ACT, 1880.

GENERAL DEPARTMENT—MARINE.

*Dated Calcutta, the* *February* 1881.

RESOLUTION.

READ—

The Indian Merchant Shipping Act, 1880, and the following correspondence:—

(1) To the Port Commissioners, Calcutta (No. 727 of the 31st May 1880), regarding the delegation to the Commissioners of the powers conferred on the local Government by Chapter II of the Act, and inviting suggestions on other points in connection with the working of the Act.

(2) The Port Commissioners' reply to the foregoing, No. 1218 of the 14th July 1880.

(3) To the Port Officer, Calcutta (No. 728 of the 31st May), consulting him with reference to the orders to be issued under sections 15 and 73 of the Act.

(4) The Port Officer's reply to the foregoing, No. 3041 of the 8th June.

(5) To the Bengal Chamber of Commerce (No. 731 of the 31st May), consulting them with reference to sections 15 and 69 of the Act.

(6) The Chamber's reply to the foregoing (dated the 14th June).

(7) To the Legal Remembrancer (No. 729 of the 31st May), asking for a draft of rules under section 23 of the Act.

(8) To the Government of India, Department of Finance and Commerce, No. 1224, dated 17th September, submitting for approval a draft of the following Resolution.

(9) From the Government of India, No. 662, dated 16th February, conveying orders on the foregoing.

Reserving for separate consideration the question of bringing the Act into operation in the outports of Orissa and Chittagong, the Lieutenant-Governor is pleased to issue the following orders with reference to the enforcement of its provisions in the Port of Calcutta and its approaches.

2. The most important part of the Act is Chapter II, by which very extensive powers of dealing with and detaining unsafe ships are conferred upon the Local Government. Under section 53, these powers may, with certain exceptions, and subject to any conditions or limitations, be delegated by the Local Government to any body of Port Commissioners or Port Trustees; and while any notification delegating these powers remains in force, all costs

and damages, which would otherwise be recoverable under the Act by or from the Government, are recoverable by or from such Port Commissioners or Trustees. The Port Commissioners of Calcutta having expressed themselves ready to accept the responsibility of working this portion of the Act within their own jurisdiction, the Lieutenant-Governor, with the approval of the Government of India, directs the issue of a notification specially extending the provisions of section 7 to the Port of Calcutta, and delegating to the Port Commissioners all functions of the Local Government under Chapter II of the Act, except the powers conferred by section 14, the power of preparing a list of assessors under section 15, and the power of making rules, subject, however, to the following special conditions and restrictions:—

1*st.*—The appointments of detaining officers under section 11 shall be subject to the approval of the Local Government.

2*nd.*—A copy of every report made to the Port Commissioners by the Court of Survey under section 22 shall be submitted for the information of the Local Government.

3*rd.*—Any list of scientific referees drawn up by the Port Commissioners under section 24 shall be submitted for the approval of the Local Government.

3. A Court of Survey is constituted under section 13 of the Act, and is to consist of a Judge sitting with two assessors. The Judge of the Marine Court, who is always a Presidency Magistrate, will be appointed Judge of the Court of Survey The duties will not add materially to his work, and the Lieutenant-Governor is of opinion that he should perform the duties of both Courts on his existing pay. Under section 15, the Port Commissioners will appoint, either generally or in each case, one of the two assessors, and the other may be summoned by the Judge out of a list of persons prepared for the purpose published by the local Government. If no such list is in existence, the Judge will appoint the second assessor in each case. The Lieutenant-Governor finds that there are practical difficulties in the way of preparing a list of persons qualified to act as assessors, and on the whole thinks it better not to attempt to do so. The Judge will always be able, with the assistance of the parties, to find a proper person to act as assessor. Draft rules for the guidance of the Court under section 23 have been submitted for the approval of the Governor-General in Council.

4. A communication has been received from the Government of India regarding the enforcement of the provisions of Chapter III of the Act (relating to *distressed seamen*), and that matter will be separately dealt with.

5. Chapter IV of the Act relates to "ship surveyors." Section 68 empowers the local Government to appoint examiners to investigate the qualifications of persons desirous of practising as ship surveyors, and to make rules—

(*a*) for the conduct of such examinations and the qualifications to be required;

(*b*) for the grant of certificates to qualified persons;

(*c*) for the fees to be paid for such examinations and certificates;

(*d*) for holding enquiries into charges of incompetency and misconduct on the part of holders of such certificates; and

(*e*) for the suspension and cancelment of such certificates.

By section 69, no person not holding a certificate under section 68 can practise in any port where a certificated surveyor exists, provided that nothing in the section is to prevent any person employed by Lloyd's Register of British and Foreign Shipping or Bureau Veritas from discharging *any of the duties of such employment*, or is to apply to any person specially exempted by the Local Government from the operation of the section.

6. As these sections are drafted, it would seem that only holders of certificates under section 68 can be made responsible for incompetency and misconduct, and that any surveyor exempted by the Local Government under section 69 is, as far as this Act goes, absolutely irresponsible, since the rules under section 68(*a*) cannot possibly affect him. Moreover, a surveyor *specially exempted* can practise his profession generally without being amenable to the rules under section 68; while the surveyors of Lloyds and Veritas only benefit by the special exemption of section 69 "while discharging the duties of such employment," and not when engaged in their private practice as surveyors. It was always desired by this Government, by the Port Commissioners, and by the Chamber of Commerce, that, while there should be no summary interference with the practice of the surveyors now actually working in the port, all

such surveyors should be certificated and be made responsible for their actions, and be held liable to have their certificates withdrawn if proved to be incompetent or guilty of misconduct. The Port Commissioners have, it is believed, good reason for their present recommendation that "no surveyors should be exempted from the operation of section 69." The Lieutenant-Governor agrees with the Port Commissioners that every surveyor in general practice should hold a certificate and be amenable to the rules under section 68 (*d*) and (*e*); but he thinks that the rules under clauses (*a*), (*b*), and (*c*) of that section should be so framed as to enable all surveyors now established in practice to get a certificate as a matter of course. Reserving for the present the framing of rules for the examination of persons proposing to *commence* practice as ship surveyors in Calcutta, the Lieutenant-Governor, with the sanction of the Governor-General in Council, is pleased to lay down the following *ad interim rules* under section 68 of the Act:—

1. A Board, consisting of the following members, is appointed for the purpose of examining the qualifications of, and granting certificates to, ship surveyors now actually practising in the Port of Calcutta:—

The Vice-Chairman of the Port Commissioners of Calcutta.
The Port Officer of Calcutta.
The Chief Engineer, Government Dockyard, Kidderpore.
The Master Builder, ditto. ditto.

2. The Board will proceed without delay to take up the duty entrusted to them, giving due and separate notice to all ship surveyors whom they may know to be now practising in the port, and inserting a general notice to such candidates in the *Calcutta Gazette*, and in the three leading daily newspapers of the Presidency. They will make their own arrangements as to the time and place at which their sittings shall be held.

3. No test examination of the knowledge of any such candidate shall be necessary, but the Board shall accept, as sufficient evidence of qualification, proof that such candidate for a certificate is actually practising as a surveyor to any recognized Register of Shipping, or that he has been practising as surveyor to any Insurance Company for over two years.

4. On being furnished with such proof, the Board shall grant the candidate a certificate in the following terms:

"Certified, under section 68 of Act VII of 1880, that A B is qualified to practice the profession of a ship surveyor in the Port of Calcutta.
Dated
Calcutta

*Board of Examiners.*"

5. No fee shall be charged for such certificate.

6. The surveyors employed by Lloyd's Register of British and Foreign Shipping and Bureau Veritas are, under section 69 of the Act, specially exempted from the provisions of section 68, but only while "discharging the duties of such employment." Any such surveyor engaging in private practice is required to take out a certificate under these rules.

7. Enquiries into charges of misconduct or incompetence on the part of surveyors certified under these rules shall be conducted by the Court of Survey appointed under section 13 of the Act, and that Court is hereby authorized to cancel or suspend certificates, submitting its proceedings in such cases for the confirmation of Government. The Port Commissioners, or any person interested, may prefer such charges before the Court of Survey.

7. Chapter V of the Act provides for the appointment of Receivers of Wreck. The Port Commissioners point out that Chapter V of the Indian Ports Act having been repealed, they have at present no legal power to deal with property wrecked, stranded, or recovered within the limits of their jurisdiction. The Government of India does not object to the appointment of the Port Commissioners to be Receivers of Wreck within those limits under section 75 of the Act, if it can be made legal for the Port Commissioners to accept the office. As the Port Commissioners Act is now under amendment, no difficulty or delay need occur in arranging this. The Port Officer will be appointed Receiver of Wreck within the limits of his jurisdiction as Conservator of the navigable river and channels leading to the Port, along the seaface and channels of the Sunderbuns, as far as the longitude of D'Apres Shoal, and along the coast west of the Hooghly as far as the limits of the Port of Subarnarekha in the Balasore district.

8. Chapter VI of the Act provides for the inspection of ships with regard to lights and fog-signals under section 81. The Lieutenant-Governor is pleased to appoint the Harbour Master and Deputy Conservator and his assistants to be inspectors of such apparatus within the limits of the Port of Calcutta.

By order of the Lieutenant-Governor of Bengal,

A. MACKENZIE,

*Secretary to the Government of Bengal.*

The mean pressure, temperature, &c., are deduced from observations made at 6h, 10h, 16h and 22h, and from the traces of the barograph and thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The direction and movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

≏ fog, ⊆ dew.

METEOROLOGICAL OFFICE, BENGAL,
*The 21st February* 1881.

JOHN ELIOT,
*Meteorological Reporter to the Govt. of Bengal.*

# Report on the Fluctuations in Traffic on the Northern Bengal State Railway for the month of January 1881.

## GENERAL REMARKS.

As anticipated there has been a considerable increase in jute despatches, though food-grains still show a decrease of 8,741 maunds as compared with last January's results On reference to the comparative statement at foot, it will be observed that 1,12,383 maunds of jute have been hauled, against 83,284 maunds for the same period last year, the increase being 29,099 maunds.

There is still a considerable stock of jute in the interior, and it is believed that if prices remain firm forward despatches will be heavy. At present sellers are simply feeding the market with small consignments to supply the immediate wants of buyers.

*Increases.*

Ginger ... ... ... ... ... ... Mds. 688

The Calcutta demand for this article continues.

Gunny-bags ... ... ... ... ... ... Mds. 8,663

The home market price for this article still remains firm, hence the steady increase in despatches.

Jute ... ... ... ... ... ... Mds. 29,099

As pointed out in last month's report, the above increase has duly taken place. This has been caused by an advance of 3 annas on previous quotations.

Piece-goods ... ... ... ... ... ... Mds. 1,687

The season for the spring demand is now approaching, and increased despatches may be looked for.

Tea ... ... ... ... ... ... ... Mds. 470

Although almost the end of the season, tea is still going forward.

All other goods ... ... ... ... ... ... Mds. 4,268

The despatches under this head show more clearly than any particular staple the gradual development of traffic. During January 1880 we carried 45,300 maunds; last month we lifted 46,239 maunds; and in the month under review we handled 49,568 maunds.

*Decreases.*

Ale ... ... ... ... ... ... Mds. 1,067

It is probable, as pointed out in last report, that delay in the arrival of shipments at Calcutta has caused this decrease, if so, a corresponding increase may now be looked for

Food-grains ... ... ... ... ... ... Mds. 8,741

The remarks in the last report relative to the decrease in this staple still hold good.

Railway material ... ... ... ... ... Mds. 49,262

The despatches for the Darjeeling Steam Tramway and the Kaunia and Dhubri Tramway having now almost ceased will account for this falling off.

Salt ... ... ... ... ... ... ... Mds. 1,900

This decrease is slight, and has doubtless been caused by despatches during December and November having been heavy.

Sugar ... ... ... ... ... ... ... Mds. 65

This needs no remarks.

Tobacco ... ... ... ... ... ... Mds. 5,097

This being now the end of the tobacco season despatches are naturally small.

NOTIFICATION.

*The 12th February* 1881.—In the exercise of the powers conferred on him by Section 38, Act IV (B.C.) of 1871, as amended by Act II (B.C.) of 1879, the Lieutenant-Governor approves and confirms the following Bye-laws, which have been framed by the Deputy Commissioner of the Sonthal Pergunnahs, with the assent of the Health Officer of the town of Deoghur, for the management of all matters necessary for the due enforcement of the Act within the said town of Deoghur.

*Bye-laws framed under Act IV (B.C.) of* 1871, *read with Act II (B.C.) of* 1879, *for the town of Deoghur.*

PART I.

1. FOR the purposes of Act IV (B.C.) of 1871, as amended by Act II (B.C.) of 1879, the town of Deoghur shall be considered all the land within the municipal limits of that town.

2. A Committee consisting of two official and three non-official members shall be appointed to assist the Magistrate and Health Officer in carrying out the provisions of the Act.

3. On the 1st March in each year the Magistrate shall nominate the members to serve on the Committee during the ensuing official (April to March) year, and shall report the nomination for the sanction of the local Government.

4. In the event of the death, removal, or resignation of any member of the Committee during his year of office, an official member shall be succeeded by the successor to his appointment, or any other official; and in case of a non-official member, his successor shall be appointed by the remainder of the Committee, subject to the approval of Government.

PART II.

*Rules for the conduct of Business.*

5. A meeting of the Committee shall be held for the transaction of business and inspection of accounts at the office of the Magistrate, at least once in a quarter; provided that it shall be lawful for the Magistrate to call a meeting at any other time, recording his reasons for doing so, and also that the presence of three members shall be necessary to form a quorum.

6. Notice of every meeting shall be given to each member at least four clear days before the day appointed for the meeting.

7. The subject or subjects brought before the Committee shall be decided by a majority of votes. In the event of division of opinion, the Magistrate, or, in his absence, the Health Officer, shall have a casting vote.

8. The Health Officer shall be *ex-officio* Secretary to the Committee, and the Magistrate *ex-officio* President. The proceedings of every meeting shall be recorded by the Secretary in a book kept for the purpose.

PART III.

*On the receipt and disbursement of money under the Act.*

9. On the 15th October of each year a budget of probable receipts and of proposed expenditure during the ensuing official year shall be submitted for the sanction of Government.

10. It shall be competent for the Committee, with the sanction of the Commissioner, to transfer sums from one item of the budget to another; but the total expenditure allowed by Government in the budget shall never be exceeded.

11. In framing every annual estimate, an amount not exceeding 25 per cent. of the total income shall be reserved for extraordinary contingencies, such as sudden outbreaks of cholera and sickness, and the necessity for employment of extra and special establishments.

12. At the close of every year the Magistrate shall submit a report on the working of the Act during the year, showing the works of improvement and conservancy carried out, and a detailed account of the receipts and expenditure during the year, and the balance in hand at its close. The report shall be forwarded through the Commissioner to Government.

PART IV.

*Regarding Conservancy.*

13. The Hindu members of the Committee shall constitute a standing Sub-Committee for the purpose of inspecting the interior of temples and bringing to notice any infringement of the laws and bye-laws that may be committed within them, and proposing any measures for sanitation and proper conservancy within the temples: provided that the Magistrate shall carry out all works of sanitation or conservancy inside the temples through the Superintendent or Sirdar Ojha.

## PART V.

*Miscellaneous.*

14. Every lodging-house keeper taking out a license under these Acts shall provide himself with a copy of each of the Acts, and with a copy of the notice prescribed in section 14, Act IV (B.C.) of 1871, which notice shall be in the Form A annexed to these bye-laws.

15. The registers referred to in section 15 of Act IV (B.C.) of 1871 shall be in the Form B annexed to these bye-laws.

16. There shall be hung up in each compartment of a lodging-house a board on which shall be legibly written in Bengali and Hindi the dimensions of each compartment, and the number of pilgrims it can properly accommodate, and this board shall bear the signature of the Health Officer.

17. Every lodging house keeper shall be bound, on requisition by the Health Officer, to provide himself with tickets or tokens bearing consecutive numbers, and to furnish each of his lodgers with one of such tickets or tokens.

18. For the purposes of this Act, the year shall be considered to commence from 1st April, and all licenses shall run from that date.

19. Every panda or other person who brings pilgrims to Baidanath shall be bound to furnish the Magistrate or Health Officer with any information he may require as to the disposal of such pilgrims in the town of Deoghur: any refusal to furnish such information shall be punished with a fine not exceeding Rs. 20, and any false information as to such disposal of pilgrims shall render the person giving it liable to prosecution under section 177 of the Indian Penal Code.

COLMAN MACAULAY,
*Offg. Secy. to the Govt. of Bengal.*

## NOTIFICATION.

*The 22nd February* 1881.—In exercise of the powers conferred upon him by section 314 of the Bengal Municipal Act, 1876, the Lieutenant-Governor confirms the following bye-laws, which were made by the Commissioners of the Serampore Municipality at a meeting convened expressly for the purpose, and of which due notice had been given; and in exercise of the powers conferred by section 315 of the same Act, the Lieutenant-Governor sanctions the penalties which have been declared by the said Commissioners for the breach of the said bye-laws:—

### BYE-LAWS FOR THE SERAMPORE MUNICIPALITY UNDER ACT V (B.C.) OF 1876.

*For regulating the conduct of business at meetings of the Commissioners.*

1. Notice of each ordinary meeting shall be given at least three clear days, of each extraordinary meeting at least two clear days, before the day of meeting.

Meetings shall be ordinarily held once a month, on such day and at such hour as the Commissioners at a meeting may from time to time determine.

2. The proposition book shall be circulated before the notice of the ordinary monthly meeting is issued, and the Commissioners shall enter in it any propositions that they may have to make at the meeting.

3. A list of business, containing the Chairman's and Commissioners' propositions, shall be circulated with the notice of meeting, and no proposition, not in this list, shall be discussed at the meeting.

4. The first item of business will always be to read over and confirm, or correct, errors that may have been made in recording the minutes of the proceedings of the last meeting. The next items will be any propositions that may have been postponed from last meeting. Then new propositions shall be taken up.

5. The President will lay the propositions before the meeting in their order in the list circulated under bye-law No. 3, and after the proposer has spoken, the proposition must be seconded. No proposition not seconded can be discussed. If the proposer be absent, any Commissioner may support his proposal. When special cause is shown, a proposition may, with the consent of the President, be taken up out of order.

6. The President shall decide who shall address the meeting in case of dispute.

7. An amendment may be proposed by any Commissioner. If it is seconded, it may be discussed. After discussion amendments shall be put to the vote by the President, beginning with that last proposed and ending with that first proposed. If all the amendments are lost, the original proposition shall be put to the vote. No member shall vote by proxy.

8. Votes shall be taken by show of hands, first for, then against, the proposition or amendment.

9. Unless not less than two-thirds of the Commissioners consent by signing a requisition, no subject once finally disposed of can be reconsidered within six months.

10. Minutes of the proceedings shall show the names of all members present, the words of all propositions and amendments, and the number of votes for and against each.

*For regulating the collection of taxes.*

11. The collecting officer shall prepare the bills, and the Chairman or Vice-Chairman shall sign them.

12. Every collecting officer shall be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the municipality and the signature of the Chairman or Vice-Chairman. Every collecting officer, at the time of demanding payment, shall be bound to show his certificate, if required.

13. The collecting officer, when taking the money in payment of any demand, shall give an acknowledgment for it on the back of the bill, signed under bye-law No. 11, which shall be the receipt.

14. No other receipt except one issued direct from the office shall be considered evidence of payment.

15. When property distrained is sold under section 115, the purchaser shall deposit, at the time of sale, half the amount of his bid, and shall receive delivery of the property purchased on payment of the full amount. If the balance be not paid within three days from the date of sale, the sale shall be held void, the deposited money forfeited, and the article again put up for sale.

*For regulating the conduct of persons employed by the Commissioners.*

16. All persons employed by the Commissioners, whose services may no longer be required, shall, unless there be some agreement to the contrary, be liable to discharge after receipt of one month's previous notice or pay in advance, and no such person shall withdraw from the duties of his office without having given a like notice on pain of forfeiture of one month's salary.

17. Any person in the service of the Commissioners failing to furnish security within a certain time, when required to do so under section 49, shall be held at the expiry of that time to have forfeited his appointment.

*For regulation and management of privies.*

18. Every person who shall construct his privy shall do so above ground, and shall provide his privy or premises with a suitable moveable receptacle of metal or earthenware for the reception of fœcal matter.

The penalty for infringement shall be a fine not exceeding Rs. 20.

19. No night-man, sweeper, or other person carrying night-soil through the streets shall loiter or deposit any vessel containing night-soil on or by the side of any public road or street.

The penalty for infringement shall be a fine not exceeding Rs. 20.

*For regulating burning ghâts and burying-grounds.*

20. No person shall bury, or cause to be buried, any corpse in any burial-ground in a grave constructed of masonry in such manner that the top of the coffin, or the body when no coffin is used, shall be at a less depth than five feet from the surface of the ground.

The penalty for infringement shall be a fine not exceeding Rs. 20.

21. No person shall bury, or cause to be buried, in any burial-ground any corpse in a grave so constructed that the body shall be less than 5½ feet from the surface.

The penalty for infringement shall be a fine not exceeding Rs. 20.

22. No person shall build or dig, or cause to be built or dug, any grave in any burial-ground at less distance than two feet from any other existing grave.

The penalty for infringement shall be a fine not exceeding Rs. 20.

23. No person shall build or dig, or cause to be built or dug, a grave in any burial-place in any other line than that marked out by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 20.

24. No grave once used shall be opened for the burial of another body without the permission of the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 20.

25. No person when burning, or causing to be burnt, any corpse, or part of a corpse, in any burning-ground, shall permit the same, or any part thereof, to remain at the ghât without being completely reduced to ashes, or shall permit the clothes or other articles connected with the burning of such corpse to remain at or near the burning ground, unless the same be completely reduced to ashes.

NOTIFICATION.

*The 21st February* 1881.—Pending the passing of general rules under section 68 of the Merchant Shipping Act VII of 1880, for the examination of Ship Surveyors and other matter provided therein, the following provisional rules for the grant of certificates to Ship Surveyor actually practising in the Port of Calcutta and for the conduct of enquiries into charges o incompetency and misconduct on the part of the holders of such certificates have, with the sanction of the Governor-General in Council, been approved by the Lieutenant-Governo under the above section, and are hereby published for general information :—

1. A Board, consisting of the following members, is appointed for the purpose o examining the qualifications of, and granting certificates to, Ship Surveyors now actually practising in the Port of Calcutta :—

The Vice-Chairman of the Port Commissioners of Calcutta.
The Port Officer of Calcutta.
The Chief Engineer, Government Dockyard, Kidderpore.
The Master Builder, ditto ditto.

2. The Board will proceed without delay to take up the duty entrusted to them, giving due and separate notice to all Ship Surveyors whom they may know to be now practising in the Port, and inserting a general notice to such candidates in the *Calcutta Gazette* and in the three leading daily newspapers of the Presidency. They will make their own arrangements as to the time and place at which their sittings shall be held.

3. No test examination of the knowledge of any such candidate shall be necessary, but the Board shall accept, as sufficient evidence of qualification, proof that such candidate for a certificate is actually practising as a surveyor to any recognized Register of Shipping, or that he has been practising as surveyor to any Insurance Company for over two years.

4. On being furnished with such proof, the Board shall grant the candidate a certificate in the following terms :—

"Certified, under section 68 of Act VII of 1880, that A B is qualified to practise the profession of a Ship Surveyor in the Port of Calcutta.

NOTIFICATION.

*The 16th February* 1881.—The following rules for the collection of drift timber in the Sunderbuns forests, under section 51 of the Indian Forest Act, VII of 1878, having been sanctioned by the Lieutenant-Governor, are hereby published for general information :—

I. *Interpretation clause.*—All words used in these rules and defined in Act VII of 1878 (the Indian Forest Act, 1878) shall be deemed to have the meanings respectively attributed to them by the said Act.

And in these rules 'Drift Timber' shall mean timber of the descriptions mentioned in section 45 of the said Act.

II. *Procedure to be used in obtaining permits to collect drift timber.*—Any person who, within the area of the Sunderbuns to which section 45 of the Act has been extended by the Government Notification of the 3rd November 1879, published in the *Calcutta Gazette* of the 19th idem, wishes to salve drift timber, shall apply to the officer in charge of the Sunderbuns Forest Division for a written permit specifying the nature of the timber which he wishes to salve, and shall register the boat or boats to be used in salving.

Every boat so registered shall have conspicuously painted on it its register number, the date of registration, and a letter indicating the revenue station at which such boat was registered. A fee of Rs. 5 shall be levied for each boat for the first registration, and a fee of one-half this amount for every subsequent registration. Every registration shall hold good for one year from the date thereof. Provided that if any person shall wish to enter the area defined above for the purpose of salving drift timber, the property of himself or of any known owner, a written permit for this special purpose may be granted him by the officer in charge of the Sunderbuns Forest Division on payment of a fee of Rs. 2 only: but such person shall be bound by all the conditions regarding the registration and marking of his boats laid down in this rule.

III. *Salved timber to be taken to drift timber depôts.*—All timber salved shall be taken, with as little delay as possible, to the nearest drift timber depôt.

IV. *Nothing to prevent chance timber being salved.*—Nothing in the preceding rules shall be held to prevent any person lawfully plying a boat within the limits of the Sunderbuns reserved and protected forests from salving any drift timber that he may find.

V. *Salved timber which may become vested in Government to be sold by auction.*—All drift timber salved under these rules, which may become vested in Government under section 48 of the Indian Forest Act, shall be sold by auction within such periods and in such manner as the Conservator of Forests may direct.

VI. *Amount of salvage* (*a*).—Any person, whether a Forest Officer or not, who has salved any drift timber, shall be entitled to receive as salvage an amount equivalent to 15 per cent. of the estimated value of such drift timber, as adjudged by the Sunderbuns Divisional Officer or by any subordinate officer specially authorized by the Conservator of Forests in that behalf:

(*b*) Provided that any person authorized by permit to salve drift timber under Rule II shall receive as salvage an amount equivalent to 25 per cent. of the estimated value of the drift timber salved by him, such value being adjudged as above provided.

(*c*) In special cases the Conservator of Forests may increase the amount of salvage to a sum not exceeding 50 per cent. of the estimated value of the drift timber salved.

(*d*) When more persons than one are concerned in salving, the amount of salvage shall be paid to them collectively and on their joint receipt.

VII. *Payments required when drift timber is proved to be the property of a claimant.*—If the drift timber collected shall be shown under section 47 of the Act to be the property of any person other than Government, such person shall be liable to pay to Government, under section 50 of the Act, the following amounts, viz :—

(1) the actual amount of salvage paid to the salvor;
(2) the actual cost incurred in moving the timber to the drift depôt;
(3) such fees as may, from time to time, be fixed, with the sanction of Government, for the storing of timber at such depôt.

VIII. *Registration of property marks.*—Any person holding a permit under Rule II who makes use of any property mark or device for marking drift timber salved by him may register the same in the office of the Sunderbuns Forest Divisional Officer. The fee to be paid for such registration shall be 1 rupee for the first year, and eight annas for each annual renewal. A certificate of registration showing the marks registered shall be given on payment of the prescribed fee.

IX. *Penalty clause.*—Any person who shall infringe any of these rules shall be punished with imprisonment for a term which may extend to six months, or with fine which may extend to five hundred rupees, or with both.

[First Publication.]

NOTIFICATION.

*Dated 25th February* 1881.—The following rules, regarding stamps used to denote fees chargeable in the Calcutta Court of Small Causes, are hereby published under section 27 of Act VII of 1870:—

Stamp duty not to be charged on fractional parts of eight annas.

1. No commission shall be charged on the fractional parts of eight annas, *i.e.*, if a suit be for Rs. 10 and odd annas, being less than eight annas, commission will only be charged on Rs. 10. If the amount claimed be for Rs. 10-8 and upwards, but under Rs. 11, then commission will be charged on Rs. 10-8.

2. The necessary stamps shall be provided by the parties liable to pay the commission and fees, and shall, in respect of the institution of suits, be affixed to the plaint in respect whereof such commission and fees are payable. The costs and fees payable in respect of warrants, subpœnas, second summonses, and all other processes whatsoever, not being original summonses in reference to which it has not been customary to file as part of the record any written or printed document or paper whereon the stamp could be affixed, shall be paid as follows, *i.e.*, the party requiring such process to be issued shall produce an application in writing, and a stamp equal to the amount of costs and fees payable shall be affixed to such application. Such application shall be entitled in the cause or matter to which it relates, and shall specify shortly the object thereof, and shall be filed in the particular office of the court to which it relates.

Mode of issuing stamps.

3. In order that the terms of a document may not be defaced or obscured, the stamp affixed to it shall be of an amount corresponding as nearly as practicable with the amount of the stamp which such document requires.

Number of stamps.

4. Stamps of the values noted in the margin will be required for the purposes of the Court. Such stamps shall be obtained by the Court stamp vendor from the office of the Collector of Calcutta direct.

Stamps to be of the values specified.

| Rs. | A. | Rs. | A. | Rs. | A. |
|---|---|---|---|---|---|
| 0 | ½ | 2 | 0 | 8 | 0 |
| 0 | 1 | 3 | 0 | 9 | 0 |
| 0 | 2 | 4 | 0 | 10 | 0 |
| 0 | 4 | 5 | 0 | 20 | 0 |
| 0 | 8 | 6 | 0 | 30 | 0 |
| 1 | 0 | 7 | 0 | 50 | 0 |

5. No document required to have a stamp shall be received or filed in any proceedings in court until the stamp has been cancelled or defaced. The cancellation shall be effected by punching out the figure-head, so as to leave the amount designated on the stamp untouched, and the part removed by punching shall be burnt or otherwise destroyed.

No document to be received until stamp cancelled.

6. Whenever a stamp is cancelled in the manner required by Rule 5, the date of cancellation shall be marked upon it in writing, or with a stamp to be provided for that purpose.

Date of cancellation to be stamped over cancelled stamp.

7. The treasurer of the Court for the time being shall be the stamp vendor, and the stamps shall be sold by him or his assistants in an office or offices situate within the premises of the Court, and nowhere else. The stamp vendor's office shall be open daily for the sale of stamps (except on such days as the Court shall not be sitting), between the hours of 10 A.M. and 2-30 P.M.

Provision for sale of stamps.

8. A register shall be kept by the stamp vendor, in which shall be entered daily the number and denomination of stamps received from the Stamp Office, and the quantity sold; and the Collector shall furnish to the Court, at the close of each month, a memorandum showing the number and value of stamps sold to the vendor on account of the Court during the month.

Register to be kept.

9. A register shall also be kept in the office of the Clerk of the Court, by an officer to be styled the Compromise Register Writer, in which shall be entered the particulars of cases compromised, and of cases in which costs have been remitted, either in whole or in part, by order of the Judges. It shall also be the duty of the Compromise Register Writer to make out the certificates for the payment of half and remitted costs. It shall be the duty of the accountant to examine the certificates and compare them with the original records, and, if correct, to pass and initial the same for payment. The certificates, after being signed by the Clerk of the Court, shall be paid by the stamp vendor. The stamp vendor shall receive credit for the sums so paid in his account with the Collector of Stamps, who will hold the certificates as his vouchers. The Clerk of the Court will also furnish to the Collector, at the close of each month, a memorandum showing the number of, and the amount for which, certificates have been issued during the month.

Register of compromised suits, &c., to be kept.

Certificates.

10. It shall be the duty of the Superintendent or head officer of the department in which applications are filed, with such aid as may be required, under the immediate superintendence of the Clerk of the Court, to receive all documents and see that the blank space in them is not unnecessarily covered with stamps, and that stamps of the proper description and values are affixed, and to perform the duties required by Rules 5 and 6. The Superintendent shall grant a receipt or memorandum for every application filed; and no money shall be paid out of the Court unless on production of the said receipt or memorandum, or by order of a Judge.

Duties as to the examination of stamps.

11. In all cases of doubt as to the necessity of imposing a stamp, or the amount thereof, the Superintendent of the department in which the application is to be filed shall refer to the Clerk of the Court, and that officer shall determine all questions so referred to him, subject to the final decision of the First Judge, upon such questions as shall be referred to him under the provisions of section 5, Act VII of 1870.

12. These rules do not apply to fees payable to Counsel and Attorneys of the High Court in cases certified, or to the costs of references to the High Court.

Rules inapplicable to Counsel and Attorneys, and to costs of references to High Court.

IRRIGATION.

*Dated 8th February* 1881.

*No.* 29.—*Notification.*—In exercise of the powers conferred on him by Section 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor is pleased to direct the publication of the followinig rules for the Sarun Irrigation Scheme.

H. C. LEVINGE,
*Joint-Secy to the Govt. of Bengal,*
*P. W. Dept., Irrign. Branch.*

*Draft Rules for the guidance of the Canal Officers appointed for the management of the Sarun Irrigation Scheme.*

1. In Notification No 179, dated 18th August 1879, under the provisions of Part II of Act III of 1876, Government has reserved to itself the rights of property in the water in the following canals and river beds forming part of the Sarun Irrigation Scheme :—

1. The Roopun Chup Sota.
2. The main canal.
3. The Daha river and the water channels in continuation of or in connection with it.
4. The Gunducki river and the water channels in continuation of or in connection with it.
5. The Dhanai river and the water channels in continuation of or in connection with it.
6. The Gangree river and the water channels in continuation of or in connection with it.

These rivers and canals will hereinafter be referred to as the Sarun canals.

2. On and after the 19th November 1880, no person shall take water from the Sarun canals for irrigation or manufacturing purposes without the written permission of a duly authorized person.

Licenses will be required—

(*a*) For the construction of temporary dams in the canal beds.
(*b*) For the erection of fishing weirs.
(*c*) For the use of fishing nets.
(*d*) For the irrigation of lands by flow or lift.
(*e*) For the construction of village channels and distributaries leading from the canals for the irrigation of lands.
(*f*) For water used for the purpose of any manufacture.

3. Government reserves at present its right to levy tolls for navigation, and to charge for filling tanks, watering cattle, or for water for other domestic purposes.

4. The Revenue Administration of the Sarun Irrigation Scheme is vested in the Collector, who is *ex-officio* head of the Canal Revenue Department. The Executive Engineer of the Gunduck Division, as Canal Officer, is his chief executive officer, and his Secretary in the Canal Department. All orders relating to the Canal Revenue will usually be issued by the Collector through the Executive Engineer as Canal Officer, and all correspondence intended for the Collector in this department should be addressed to the office of the Canal Department, Mozufferpore.

5. For administrative purposes, the Sarun district is divided into thirteen sub-districts, corresponding generally with those divisions which Sarun Indigo Planters recognize as factory *dehats*.

These sub-districts are shown in a map deposited in the Collector's office. The boundaries of the sub-districts and their number may be hereafter modified.

6. The following gentlemen are, till further orders, appointed Canal Managers, and will be in charge of these sub-districts :—

| | | |
|---|---|---|
| Manager of the Sadawa | Concern for the time being. | |
| Ditto | Jogapore | ditto. |
| Ditto | Burhoga | ditto. |
| Ditto | Rajaputti | ditto. |
| Ditto | Burowlee | ditto. |
| Ditto | Ramcola | ditto. |
| Ditto | Arroah | ditto. |
| Ditto | Hutwah estate | ditto. |

7. The duties of Canal Managers will be—

*1st.*—To receive and register applications for the use of water under sections 74 and 77 of the Irrigation Act.

*2nd.*—To grant permits for the use of water under section 75 of the Act.

*3rd.*—Subject to the instructions of the Canal Officers, to control the water-supply under the provisions of section 76.

*4th.*—To recover and credit to Government the water-rates.

*5th.*—To superintend and maintain such establishment as may be found necessary.

8. Canal Managers have no power under Parts III, IV, and V of the Act; and all claims or remission under section 76 of Part VI should be referred to the Canal Officer or his Deputy for disposal. Complaints regarding unauthorized use of canal water under sections 79, 80, and 81 are also to be referred to the Canal Officer for decision. All proceedings connected with the recovery of water-rates by distraint, or other compulsory process, will be undertaken by the Collector.

9. Persons desiring the construction of a temporary dam on the Sarun canals must prefer a written application to the Canal Manager in whose jurisdiction the proposed dam lies, specifying the object of the work, and the length of the time for which it is required. The application will be submitted to the Canal Officer, with the opinion of the Canal Manager. If the Canal Officer considers the construction of such temporary dam expedient, he shall call upon the applicant. or applicants, to deposit a sum of money sufficient to cover the cost of construction and maintenance of the dam, and of removing the same when no longer required.

On the completion of the dam, the Canal Officer shall give the applicant, or applicants, notice thereof, and also of any further sum payable by him, or them, on account of its construction. The Canal Officer shall not permit irrigation with water raised by the dam until the whole sum thus demanded shall have been paid. Rates for such irrigation will be charged as fixed in rule 12.

10. If one or more of the riparian proprietors desire to have a permanent dam erected in any river bed, he or they shall present an application to that effect to the Collector who will decide, in communication with the Canal Officer, on the advisability of constructing such a dam. Should he deem it desirable, he shall cause plans and estimates to be prepared, and shall then call on the applicants to give a guarantee, securing interest at 4½ per cent. on the amount of the estimates, provided that, if the cost of the work should, through unforeseen causes, exceed the original estimate, the Guarantor or Guarantors shall pay interest on the total cost of the work. The construction of the dam will be carried out by the Canal Officer. A register shall be kept of the Guarantors of the cost of dam, and any person may, at any time, apply to the Canal Officer to be made a part owner thereof on payment to the co-sharers in the work, of such sums as may be fixed by the Collector. Shares will generally be distributed in proportion to the area of the estates concerned. The privileges of an owner are (1) exemption from any higher rate than Re. 1 per acre per annum, and (2) prior claim to irrigation from the dam. Other persons irrigating from the dam may be charged any rate, not above Rs. 2, which may be fixed by Government. The maintenance of the permanent dam shall be a charge against the owner. The Canal Officer shall have power to stop all supplies of water if the dam is not maintained in proper repair.

11. The Collector shall make arrangements for the disposal of the fisheries, and the sale-proceeds of the rights of the same shall be an asset to be taken into account in determining the guarantor's liabilities for any portion of the guarantee in any year.

12. Persons desiring to irrigate their fields with canal water by flow or lift must submit a written application in the form (Appendix A) to be obtained by himself or by his agent from the Canal Manager, whereupon the latter shall issue a permit, in form Appendix B, to irrigate. The right to irrigate without extra charge extends up to 15th February following the date on which the permit was issued. The rate charged shall not exceed Re. 1 per acre irrespective of the crops grown, except in special cases to be determined by Government.

13. Any person desirous of taking water for manufacture of indigo must apply to the Canal Officer through the Canal Manager, stating the area of cultivation, the area which he has leased for irrigation, and promising that he will on the 1st of October declare the quantity he has manufactured.

14. Licenses will be granted on the following terms:—

(*a*). To persons irrigating an area of not less than half their cultivation, one rupee per maund.

(*b*). To persons irrigating an area of less than half their cultivation, two rupees per maund.

Provided that, as guarantors are, under the terms of their guarantees, entitled to water for manufacture free of charge, the sums leviable from them under the above conditions shall be set off against the guarantee, and, on consideration of the payment of the latter, be written off the account.

15. The privileges of guarantors are as follows:—

(1) A prior claim to a supply of water for irrigation and manufacture during the continuance of their guarantee.

(2) Each guarantor to have a sub-district within which he shall act as the agent of Government in managing the affairs of the canal, receiving a commission on his collection of 20 per cent.

(3) The right to use water for manufacturing purposes free of charge.

16. Any person may apply to the Collector to become a guarantor. If the Collector accept the application, which at his discretion he may or may not do, he shall proceed, in communication with the Canal Officer, to determine whether the new guarantee shall be utilized towards extending the canals, providing distributaries or embankments, or towards reducing the responsibility of the original guarantor. If the original guarantor (within whose *dehat* the applicant's property or interest is situated) claims a reduction in his guarantee and can at the same time show that the application of the new guarantor towards an extension of the canal would operate to reduce his collections below the amount of his guarantee, his claims to have his guarantee reduced shall be approved; otherwise, the new guarantee may be applied towards extending the canals, and an area corresponding to the applicant's property or interest be marked off to him, within which he shall exercise the rights and privileges now exercised in their *dehats* by the guarantors mentioned in paragraph 5 of these rules.

If the applicant's interest or property be not situated within any *dehat* as specified in paragraph 5, then the Collector shall apply the guarantee towards extending the benefits of the canal system.

17. Canal Managers or guarantors requiring water for the irrigation of their own fields, or for manufacture, will apply for the requisite permit to the Collector through the Canal Officer. In the license for the use of water for irrigation and manufacture, the rates to be charged shall be stated. In accordance with rules 12, 13, and 14 the following rates will be charged, subject to the proviso in paragraph 14:—

| | Rs. | A. |
|---|---|---|
| Irrigation per acre ... ... ... ... | 1 | 0 |
| *Manufacture.* | Per md. | |
| | Rs. | A. |
| To persons irrigating one-half of their cultivation ... | 1 | 0 |
| To persons irrigating less than one-half ... ... | 2 | 0 |

18. The irrigation year will commence on the 1st of April, and as soon after the 15th January and 15th September of each year as possible, the Canal Manager shall present bills for water-rates based on the actual area irrigated, and deliver them to the irrigators before the 15th February and 15th October. If these bills are not paid to the Canal Manager before the 1st of March and 1st of November, he shall prepare a list of unpaid claims, and submit the same to the Collector through the Canal Officer, who will put in force the powers vested in him for their recovery in accordance with sections 83, 84, and 85 of the irrigation Act.

19. It will be the duty of Canal Managers to see—

*1st.*—That all applications for water are made in the forms supplied to them. These applications must be filed for reference, and will be issued to applicants free of charge.

*2nd.*—That all licenses for the use of water be issued in the prescribed form, and a copy be kept in counterfoil in books supplied for the purpose.

*3rd.*—That a monthly return of applications received and issued be submitted to the Collector in a form to be supplied by the Canal Officer.

*4th.*—That copies of bills presented for payment be kept in the counterfoils supplied for record.

*5th.*—That a cash-book of all receipts of water-rates be kept in forms supplied for the purpose.

*6th.*—That a weekly rainfall statement, and irrigation notes be sent to the Canal Officer and be kept in duplicate for record.

*7th.*—That for all cash received, receipts be granted in the form supplied by the Canal Officer which will be kept in counterfoil.

*8th.*—That all cash received be paid monthly into the sub-divisional or district treasury without deduction, and that the treasury receipts be filed with the cash-book as vouchers.

*9th.*—That monthly advices of cash paid to the treasury be sent to the Canal Officer in forms to be supplied by him.

*10th.*—That bills for commission on the collections at 20 per cent. be submitted when requisite to the Canal Officer who will issue cheques for their payment on the order of the Collector.

20. On the 1st April of each year, or as soon after as practicable, the Canal Officer will prepare a statement showing—

(*a*) The sum guaranteed.

(*b*) The total collection.

(*c*) The total payments into the treasury.

(*d*) The excess of (*b*) over (*a*) on which bills for the 20 per cent. allowance are to be drawn.

All correspondence and accounts may be kept in Kaithi, if the Canal Manager desires it. Forms, as detailed in previous paragraphs of these rules, will be supplied by Government, together with service stamps free of charge; all other charges for stationery must be met by the Managers and defrayed from their commission. All accounts and records relating to canal matters must be open to the inspection of the Collector, the Canal Officers, and their Deputies. All expenses for Water-guards, Patrols, and Ameens must be defrayed from the commission of 20 per cent. allowed by Government on the collections.

*Application of the Rules.*

1. The following rules prescribe the procedure for the receipt and payment of money, and for keeping accounts to be observed by officers exercising judicial powers and dealing with money in that capacity. These rules do not apply to the High Court, or to the Presidency Small Cause Court; nor do they apply to the subordinates of the Magistrate of the district, because such of them as are stationed in the interior of the district exercise also collectorate powers and keep their accounts under treasury rules, and the transactions of those at head-quarters are included in those of the Magistrate. They apply to all Judges, Additional Judges, Subordinate Judges, Moonsifs, Small Cause Court Judges, and Magistrates of districts, and these all are included under the general term "Judge."

2. While the rules generally are applicable to all the officers just mentioned, special procedure is laid down, where necessary, for courts not situated at or near a treasury or sub-treasury. Such courts are in the rules designated "out-stations," which term must be held to include courts at or near sub-treasuries during such time as the sub-treasuries may be temporarily closed owing to the absence of the Sub-divisional Officer from his head-quarters.

*The "District Judge"*

3. In these rules the term "District Judge" signifies the officer whose accounts are rendered to the Accountant-General, either for his own court only, or for his own and subordinate courts. Any officer may be vested with the powers of a District Judge for the purposes of these rules; and in any district, in which a District Judge is not for the time being resident, they shall be exercised by the principal civil judicial officer at head-quarters.

*The Judge in charge.*

4. The term "Judge in charge" is used to designate the officer who, when two or more courts at one station are combined for the purposes of these rules, supervises the single set of accounts maintained for all the courts so combined. When courts are not so combined, each Judge is the "Judge in charge" of his own accounts.

*Heads of Account.*

5. The following are the heads of account in the public accounts under which the money received and paid by judicial officers, or under their orders, is classified:—

(*a*) Civil or criminal deposits, including rent deposits.

(*b*) Fines (judicial); refunds of the same

Except as provided in rule 49 below, fines can be refunded only through the treasury.

(*c*) Stamp duty and penalties realized in court. Refunds of the value of court-fee stamps.

While stamp duty and penalties may be realized in court, it will be observed that they can, under section 36 of the Stamp Act, be refunded only by the Collector. Court-fees realized in stamps may, under certain circumstances, be refunded by order of the court; such orders, if the amount payable does not exceed Rs 5, may be cashed in court, otherwise they are payable only at the treasury

(*d*) Value of the unclaimed property of intestates and others credited to Government.

District Judges' courts alone at present deal with the unclaimed property of intestates The value thereof cannot be credited to Government until the time limited by law has expired (*vide* rule 105, *post*). Refunds under this and the following heads can be made only through the treasury.

(*e*) Miscellaneous receipts (not deposits), *i.e.*, forfeitures, forfeiture of earnest-money by defaulting bidders, sale proceeds of old furniture, stores, &c., &c.

(*f*) Petty receipts to be credited at once to Government, *i.e.* searching fees, copying fees, comparing fees, sale proceeds of forms and of service books.

When receipts under this head are realized in stamps, it is not necessary to enter them in the accounts as cash receipts.

(*g*) Peremptory receipts, *i.e.*, witnesses' expenses, prisoners' diet money, boat-hire, ameens' travelling allowance, fees payable to Commissioners for taking evidence, postage and other peremptory receipts.

6. From the list of headings in rule 5 it will appear that the rules apply only to moneys received by an officer in his judicial capacity. They do not apply to Local Fund receipts and payments, nor to money received by way of permanent advance, or upon establishment or contingent bills (see rule 35). As regards Local Funds, there is a separate system of rules; and as regards other items, a judicial officer should deal with them under the rules applicable to other officers.

*General Principles.*

7. All receipts and payments under heads (*a*) to (*e*) above must appear in the court's accounts and in the treasury accounts in detail. An account in detail of all receipts under head (*f*) must be kept in the court, but only the daily totals of each kind of receipts will appear in the treasury books. All receipts and payments under head (*g*) will be made on the responsibility of the cashier, whose security must be sufficient to cover any amount in his hands. They will not appear at all in the treasury accounts, but the balance in the hands of the cashier must be noted daily in the Cash Book, as well as the balances of any other moneys which he may be entrusted with (*e.g.*, permanent advance pay of establishment, &c.).

8. An exception to rule 7 is allowed in cases where money has to be paid by one person to another, and both are present in court. In such cases the money may be passed direct from the one to the other under the sanction of the court, the fact being noted in the record of the case. Such transactions are not to appear in the accounts at all. Care must, however, be taken to see that no officer of the court receives or becomes in any way responsible for the money, and that no receipt for it is given by the court or any officer of Government. This procedure may conveniently be followed in cases where judgment-debtors are prepared to satisfy the claims of judgment-creditors, where costs of the day are allowed by the court, where compensation is awarded to accused persons, or costs to complainants by the criminal courts.

9. Judges will, as far as possible, in their transactions with the public, avoid the direct receipt and payment of money under head (*a*) of rule 5. Cash must, however, be received (*a*) when the court is bound by law to accept payment either absolutely or up to a given time (*vide* sections 306, 307, and 336, Act X of 1877), and in every such case the money shall be received even although tendered after the hour prescribed by rule 15; (*b*) when the proceeds of movable property sold in execution (section 297, Act X of 1877) are realized after the hour prescribed in rule 15; (*c*) at out-stations, in the case of rent deposits under section 46, Act VIII (B.C.)of 1869.

10. At out-stations cash transactions under head (*a*) of rule 5 are allowed. Money should, however, be received in cash only when, having regard to the balance in hand (which should not exceed Rs. 500), this can conveniently be done. Payments of small sums should ordinarily be made out of cash in hand, but large payments should be made in cash, only if this can be done conveniently, and if it is better thus to disburse the balance of cash in hand than to remit it to the treasury.

11. Judges of Small Cause Courts, and Moonsiffs exercising Small Cause Court powers, though their courts are situated within daily reach of a treasury, may, by special order of the High Court, be empowered to receive and pay in cash small sums coming under head (*a*) of rule 5. The sums so paid shall not in any case exceed Rs. 100 in amount.

12. Money under heads (*b*), (*c*), (*d*), (*e*), (*f*), and (*g*) of rule 5 may ordinarily be received in cash in all courts. As explained in the notes to that rule, repayments under heads (*b*), (*c*), (*d*), (*e*), and (*f*), should ordinarily only be made through the treasury. Under head (*g*), payments will ordinarily be made in cash by the cashier on his own responsibility.

13. Except in the case of courts at out-stations, the whole cash balance must be remitted to the treasury, as provided by rule 55 below, at the close of each day. At out-stations the entire cash balance must be so remitted on the last day of the month, and from time to time on such other days in the course of the month as may be convenient. Under no circumstances shall the balance of cash in hand be allowed to exceed Rs. 500.

14. If after a remittance, and before further cash has come in, payments in cash are necessary, they should be made from the permanent advance.

15. For the purposes of these rules in all courts, the "day" must be taken to close at 2 P.M., and the next "day" to extend from that hour to 2 P.M. of the following calendar day. Between 2 and 3 P.M. the accounts shall be made up, and no transactions shall take place in court. If, under exceptional circumstances, any transactions have to be allowed after 3 P.M., they must be entered in the court's accounts, bearing date the next open day

On the last working day of each month, or when the treasury closes at 1 P.M., it is necessary that the accounts be closed at noon, and in this case the next day shall extend from noon till 2 P.M., of the following calendar day.

16. The "month," for the purposes of these rules, shall be taken to close, in courts at district head-quarters, at the end of the last account day of the month; in courts at sub-treasuries, at 2 P.M. on the day on which the accounts of the sub-divisional treasury are finally closed for the month; and at out-stations, at 2 P.M. of the last day of which the accounts can reach the treasury in time for incorporation with the treasury accounts for the last day of the month.

17. For the purposes of these rules, the "year" in all courts shall be taken to begin on the 1st April and to close on the 31st March.

SECTION II.—RECEIPT OF MONEY.

| | | | |
|---|---|---|---|
| *Heads (a to (e)—* | | *Receipt of Money by Cashier* | 27—31 |
| *Chalans required* ... | ... 18—20 | *Peremptory Cash Book* | ... 32 |

| *Heads (f) and (g)* ... | ... 25—26 | *Daily Balance* ... | ... 35 |

*Heads (a) to (e) of Rule 5.*

18. Payment of sums falling under heads (*a*) to (*e*) of rule 5 cannot be accepted either in court or at the treasury, unless the money be tendered with a chalan in duplicate, signed by the chief ministerial officer of the court under whose decree or order the money is tendered, and also by the accountant of the court or group of courts.

19. Any person desirous of paying money into court, or, in the case of collections made by any officer of the court, the officer who has realized the money, shall be furnished, free of cost, with two forms of chalan (form No. 1), in each of which he must enter in the vernacular or English the particulars required from him. One of the chalans, herein called the original chalan, shall bear the court-fee stamp (if any) required by law.[1]

In the case of deposit chalans care must be taken to enter fully the nature of the deposit, the number of the suit or execution case (if any), the name of the person on whose behalf the money is paid in, and of the person to whom it is to be paid over, &c., &c.

20. The person desirous of paying in the money, having filled up the forms of chalan, shall present them to the chief ministerial officer of the court mentioned in rule 18. The latter shall then ascertain that the amount tendered is correct and is due from the person on whose account it is tendered to the person to whom it is stated to be payable, and, after correcting the forms of chalan, if necessary, shall sign part I, and pass the forms on to the accountant of the court or set of courts, who, having filled up part II, shall number and register them in a Register of Chalans (form No 2). In column 3 he shall enter the name of the person actually tendering the money, and of the person on whose behalf it is tendered. In column 4 he shall enter the name of the person (if any) to whom the money is payable, and all the other particulars stated in the chalan and necessary for subsequently posting up the Register of Deposit Receipts.

When courts are combined for the purposes of accounts (see rule 4), there shall be only one accountant and one cashier for all the courts so combined.

21. A separate index number shall be given to each chalan. The numbers in a consecutive series shall be entered both in the chalan and in the register. The accountant shall be careful to enter in the chalan the particular heading under rule 5, to which the receipt belongs.

*Approval by Judge in Charge.*

22. The register and the chalans shall then be laid before the Judge in charge, and he shall initial each entry as he passes the chalans. The two chalans shall then be returned to the party tendering the money, and shall be his authority to pay the same into the court or into the treasury.

A Judge in charge may, with the previous sanction of the District Judge, delegate to the chief ministerial officer of his court the duty of passing chalans.

23. No person is required to take out a chalan till he is actually ready to pay in the money for which he takes it, nor, after a person has taken a chalan, can he be permitted to defer using it. The order to the Treasury Officer must therefore be limited in its operation to the day upon which the chalan is made over to the applicant, or, if the transaction occurs after the accounts are closed (rule 15), to the next open day. This is distinctly provided for in the form of order. In case of failure to tender the money at the treasury within the time limited, the tenderer must obtain by written application an order from the court extending the time.

24. In the case of out-stations, the order to the Treasury Officer shall grant for the payment in of the money such time only as is indispensable to enable it to be taken to the treasury.

*Heads (f) and (g) of Rule 5.*

25. Petty receipts under head (*f*) of rule 5—searching, copying, or comparing fees, &c.—when payable in cash, shall be tendered in the first place to the accountant, and noted by him in a special register (form 3). The accountant shall enter the name of the tenderer, the amount to be paid, and the number and date in the foil and counterfoil of the register, shall then detach the right-hand portion, and make it over to the tenderer for presentation with the money to the cashier.

26. Peremptory receipts under head (*g*) of rule 5 shall be tendered to the cashier direct without the intervention of the accountant. A chalan is not required in respect of such.

---

[1] No stamp is required for a tender of money which a party is bound to pay into court in the progress of a suit, or to complete a purchase; as the court cannot refuse the tender.

In cases where the payment is voluntary, such as deposits made on account of rent, or by a mortgagor and the like, a stamp should be required; but if the application or petition be duly stamped, a second fee should not be exacted for the chalan (*C. O. No. 10, dated 12th May 1877*).

*Receipt of Money by Cashier.*

27. The cashier on receiving a chalan in duplicate addressed to him under rule 20, or a payment slip issued by the accountant under rule 25, or a tender of money under rule 26, shall accept the money, and at once enter the amount as a receipt in the appropriate cash-book (rules 32 and 33).

28. When chalans have so been passed, he shall keep one copy, and return the other with his receipt enfaced upon it. This receipt shall be produced in court by the person paying the money, when it is necessary for him to have satisfaction entered upon the record of the case to which he is a party.

In the same way, on presentation of the chalan in duplicate at the treasury, as prescribed above in rule 23, and on payment of the money, the payer shall receive, as an acknowledgment, one of the two chalans signed—by the Treasury Officer if the amount be Rs. 500 or more, by the Accountant and Treasurer if less than that sum.

29. When under clauses (*a*) and (*b*) of rule 9 above, a tender is made of money which must by law be received, the payment shall be made direct into court in cash, but only under the express order of the presiding officer, who shall himself sign the chalans, and see that the money is duly entered in the accounts in the manner prescribed in rule 15.

30. In the case of payment slips the cashier shall countersign the slip, which the applicant is to retain as a voucher, and when a copy has been applied for, his authority to take delivery of the same when ready.

31. When money is tendered under rule 26, the cashier shall enter the amount in the foil and counterfoil of a bound book (form No. 4) of receipts numbered in serial order. He shall then tear off the counterfoil, sign it, and give it to the payer as his voucher.

*Peremptory Cash-book.*

32. To exhibit the peremptory receipts and payments,—head (*g*) of Rule 5,—for which the cashier is responsible, and of which the accountant keeps no record, the former officer shall maintain a register in form No. 5, in which each class of such receipts and payments shall be separately exhibited in appropriate columns, and a balance shall be struck at the close of each day.

*General Cash-book.*

33. The cashier's General Cash-book shall be maintained in form No. 6, and shall exhibit in detail all receipts and repayments under heads (*a*) to (*f*). Receipts and payments under head (*g*) shall not be carried to the General Cash-book in gross, but the balances of the Peremptory Cash-book shall be exhibited therein as directed below.

*Accountant's check on Petty Receipts.*

34. At the close of each day the cashier shall submit to the accountant his General Cash-book, and the accountant shall check the entries of petty receipts with those on the counterfoil of his register. The accountant shall then prepare a chalan in form 1 for the whole amount received by the cashier, distinguishing each kind of receipt separately, and shall enter it in the Register of Chalans (form 2) as an amount received in court. The amount in the Register of Chalans must tally with the cashier's receipts under heads (*a*) to (*f*).

*Daily Balance.*

35. The cashier shall then strike a balance in his General Cash-book, and enter below it in separate entries the balances struck in the Peremptory Cash-book. It is advisable, for purposes of record, that he should be required also to enter here a note of the money held by him upon any other account, such as for contingent expenditure or for salaries of establishment. These form no substantive part of the judicial accounts, but the Judge ought to have in a single view a statement of all the money in the cashier's possession. This statement may be made as follows :—

| Balance of General Cash-book as above— | Rs. |
|---|---|
| General balance ... ... ... ... | |
| Peremptory balance ... ... ... ... | |
| Balance of Permanent Advance, as per Contingent Register ... | |
| Establishment pay, undistributed ... ... ... | |
| Other amounts (which should be explained) ... ... | |
| TOTAL MONEY IN CASHIER'S POSSESSION ... | |

Being restricted to transactions in actual cash, the General Abstract Cash-book is not to show receipts in the form of court-fee labels, or refunds of the value of these, which, as explained above (rule 5), are ordinarily payable only at the treasury.

As regards postage stamps received by way of remittance, an account should be kept separately in the form of a plus and minus memo, and the balance in hand should be entered as directed above, in the General Cash-book.

SECTION III.—PAYMENT OF MONEY.

| | | | |
|---|---|---|---|
| *Application for Payment* ... | 36 | *Lapse of Order* ... | 42 |
| *Audit* ... ... | 37—38 | *Lapsed Deposits* ... | 43 |
| *Payment Order* ... ... | 39 | *Miscellaneous Refunds* ... | 44—46 |
| *Approval by Judge* ... | 40—41 | *Payments by Cashier* ... | 47 |

*Application for Payment.*

36. Persons desiring to draw money deposited in court and payable to them shall submit to the chief ministerial officer of the court mentioned in rule 18 an application in form No. 7, or in the case of a rent deposit, in form No. 8. One copy of such form shall be supplied free of charge. In this form the applicant shall enter all particulars necessary for the identification of the credit. If it is intended to withdraw more than a single item of deposit by one application, the amount of each item and the number of each deposit must be distinctly stated.

If the party entitled to the money does not appear in person, the applicant must satisfy the court that he is duly authorized, by an instrument in writing, to draw the money for the person so entitled.

The applicant must comply strictly with the terms of the order under which the money is claimed. Thus, one of a number of joint decree-holders cannot be allowed to take out what he calls his share in the decretal amount; they must all join in the application unless there has been an order for distribution.

*Audit of Application.*

37. The chief ministerial officer shall compare the application with the record of the case, and carefully test the validity of the claim. If he finds that the name of the payee has been correctly given, and that there is no objection to the payment of the money on the ground of attachment or otherwise, he shall make enquiry as to the indentity of the applicant, and if satisfied of such identity, shall sign the certificate at the foot of part I of the application, and pass on the application so signed to the accountant of the court or group of courts. Such accountant shall compare the contents of the application with the Register of Deposit Receipts, and shall satisfy himself that the amount as shown has been received and is still unpaid, and that the name on the claimant corresponds with the name of the payee entered in the register, and that no order for the attachment of the money is in force.

If the deposit has been transferred to an Account Particulars (Rules 88—89,) such Account Particulars shall be deemed to be the Register of Deposit Receipts within the meaning of this and the next four rules

38. If the application for payment is found to be incorrect or defective, the accountant shall note the error or defect, and return it to the applicant for correction by him, or for reference by the applicant to the court.

*Payment Order and Registry.*

39. If the application is found to be correct, and the deposit has not lapsed, the accountant shall fill up the second part of the application form, post the transaction in the Registry of Payment Orders (from No. 13), numbered with its proper index number, and make the requisite entry in the Registry of Deposit Receipts. Finally, the application, with the Register of Payment Orders and the Register of Deposit Receipts, shall be laid before the Judge in charge.

*Approval by Judge in charge.*

40. Before passing the application for payment, the Judge in charge is required to satisfy himself, in the first instance, that the requirements of rule 37 have been complied with. He shall further satisfy himself by personal inspection of his Register of Deposits that the balance at credit of the particular deposit is sufficient to meet the repayment, and that no order for the attachment of the money has been noted. If the result of his scrutiny is satisfactory, he may sign the order for payment of the amount either from the local treasury or from his court, as prescribed above in rules 9 to 12, and shall attest with his initials the note of the order of repayment made in the Register of Deposit Receipts. He shall also initial the entries in the Register of Payment Orders (form No. 13). The payment order shall then be made over to the applicant for presentation to the cashier if the money is to be paid in court, or to the Treasury Officer if to be paid by such officer.

41. When the money sought to be drawn out of court is in deposit, not in the court to which the application is made, but in another court, as, for example, where two or more courts at one station are combined for the purposes of accounts, in every such case the duty of the court to which the application is made shall be merely to receive such an application and forward it to the court of the Judge in charge, with a certificate, made after examination of the record, that the applicant is the proper party to receive payment of the amount claimed. In any case in which the amount has been transferred from the credit of the original payee to that of the claimant, this fact should be stated. This certificate shall be compared with the Deposit Register in the office of the Judge in charge. Such register, if the sum is shown therein to be in deposit, will inform the Judge whether there is any bar to payment. If there is no such bar, the payment order may be issued by the Judge in charge, and the fact of its issue shall be communicated to the subordinate court, in order to enable it to enter satisfaction for the amount upon the record of the case.

*Lapse of Order.*

42. (*a*)—An order for payment from the local treasury is valid for ten days only, and may not be cashed after the expiry of ten clear days subsequent to the date thereof. An order which has not been paid within ten days as aforesaid, may be presented to the court which issued it, and such court may re-enface thereupon a new payment order, which shall remain valid for ten clear days immediately after the date thereof. When the last day of any such period of ten days is a day on which the treasury is closed, the order may be cashed on the day on which such treasury reopens.

(*b*)—When the treasury accounts are closed on the 31st day of March in each year, every order for payment issued on or before that date shall lapse absolutely; and Treasury Officers are forbidden to cash after the 31st March, orders issued on or before that date. An order which has lapsed under this clause cannot be renewed, but a new order may be obtained upon delivering up the old order and making a fresh application under rule 36.

Judges should warn persons who apply for orders at the end of March of the effect of this rule, and tell them to wait till 1st April, unless they mean to cash immediately any order that they may obtain.

(*c*)—Immediately after the 31st day of March in each year, the Judge in charge shall ascertain what payment orders issued on or before that date are still uncashed, and shall mark them off under his initial in the Registers (1) of Payment Orders, and (2) Deposit Receipts, as "cancelled under the rule 42 (*b*)."

*Lapsed Deposits.*

43. When an application is made to draw money at credit under a deposit which has lapsed under rule 95, but the payment of which is otherwise unobjectionable, the accountant shall prepare a special form of application (form 9), which, when passed by the Judge in charge after the examination prescribed by rule 40, shall be dealt with under rule 98.

*Miscellaneous Refunds.*

44. When an application is made for the refund of a fine or a miscellaneous receipt (heads (*b*) to (*f*) of rule 5), the payment order shall be prepared by the accountant in Form 10, after checking the application by a reference to the Fine Register or Miscellaneous Receipt Register (rule 102); and the Judge in charge, at the time of passing the refund order, shall note the repayment against the entry of the receipt in such Register. The payment order shall also be noted in the Register of Payment Orders (Form 13), and initialed by the Judge in charge.

45. Application for the refund of the value of court-fee stamps is to be made to the chief ministerial officer, who shall compare the application with the record, and if he finds that a refund is due, shall draft and sign an order on the back of the paper to which the court-fee stamps are affixed. The papers must then be passed on to the accountant, who shall prepare a payment order in Form No. 11 or 12, as the case may require, and shall enter the particulars in the Register of Payment Orders. The application with the other papers and the Register shall then be laid before the judicial officer, who, if satisfied that the proceedings are in order, may sign the order of refund on the back of the stamped paper and the payment order, and initial the entry in the Register. The payment order shall then be made over to the applicant for presentation at the treasury, or if the amount do not exceed Rs. 5, to the cashier of the court.

Petty refunds of the value of court-fees may be paid out of cash in the court on vouchers in Form 12 and charged in the Cash Book.

46. In so far as concerns the accounts system, it is invariably necessary to trace each item of payment under the court's orders back to its corresponding item of receipt; in other words, to connect each item of a court's debit in the treasury with the corresponding item of credit, however far in time the two may be separated from each other. Accordingly the court must take care to furnish itself and the treasury with the necessary particulars for this purpose.

*Payments by Cashier.*

47. In the case of payment orders directed to the cashier, the payment must be entered by the cashier in the General Cash Book, the payment order being retained by the cashier as his voucher.

The cashier should cancel the vouchers, as soon as he pays them, by writing on the face "Paid" with his initials. A "paid" stamp should not be used, as that indicates the subsequent discharge at the treasury.

SECTION IV.—SETTLEMENT IN COURT.

*Simultaneous Receipt and Payment* ... 48 | *Compensation to Plaintiff* ... 49-50

*Simultaneous Receipt and Payment.*

48. When payer and payee are both before the court, the receipt and payment may be made, as provided in rule 8 above, by the money being passed directly between the parties, a note of the transaction being entered on the record of the case. Such transactions are not to appear in the court's accounts at all. Payment of compensation to plaintiffs

must not be made under this rule; such transactions must pass through the books, as directed in the following rule:—

The procedure laid down in the above rule may be applied by a criminal court in cases of the award of compensation to the accused under section 209 of the Criminal Procedure Code, or of the refund of fees by the accused to complainants under section 31 of Act VII of 1870.

*Payment of compensation to plaintiffs in presence of the accused.*

49. The application of the plaintiff in form 10, and the chalan for the fine paid in by the accused, shall be drawn up and passed through the books in the ordinary way, and the receipt and payment are to be made independently of each other.[1] The order on the chalan shall, however, be signed by the judicial officer, and shall be an order to the Court Inspector to receive the amount; and the order on the application (form 10) shall be an order also directed to that officer to pay, but must contain the words "after the amount has been realized from A.B."

50. In cases dealt with under the last rule, the duplicate chalan shall be returned to the payer duly endorsed with the certificate of the Court Inspector's transfer of the money, and the payment order, duly receipted, shall be retained in the custody of the court.

SECTION V.—ACCOUNT-KEEPING AND REMITTANCE TO TREASURY.

| | | | |
|---|---|---|---|
| *Courts near Treasuries* ... | 51-52 | *Adjustment with Treasury* ... | 58 |
| *Examination by Judge* ... | 53 | *Rules regarding Remittances* | 59-61 |
| *Daily Remittance* ... | 54-55 | *Treasury Advice List* ... | 62 |
| *Courts not near Treasuries* | 56 | *Comparison by Judge* ... | 64-65 |
| *Periodical Remittance* ... | 57 | | |

*Courts near Treasuries.*

51. In courts situated within daily reach of a treasury, the accountant shall, after the close of business each day, make the proper entries in the Treasury Pass Book (form 14), showing in detail the sums received from and paid to the public in cash. The receipts shall be entered on the right-hand side, and are to consist of the sums entered in column 5 of the register of chalans (form No. 2), headed "amount received in court." The payments shall be entered on the left-hand side, and are to consist of the sums shown in column 5 of the register of payment orders (form No. 13), headed "Amount paid in court."

52 Every chalan and payment order for money received or paid at court under heads *(a)* to *(f)* shall be shown in detail in the Pass Book, and the head of account shall be noted against each, so as to enable the treasury officer to bring the transactions in detail upon his books, and classify them correctly.

It is necessary to show in the pass book the totals only of each chalan and payment order. Each chalan may contain any number of items, provided they belong to the same head of account.

*Examination by Judge in charge.*

53. The Judge in charge shall examine the accounts by comparing (1) the Registers of Chalans and Payment Orders (amounts received and paid in court) with the Cashier's General Cash-Book; (2) the Treasury Pass-Book, with both; and (3) the balances shown in the Peremptory Cash Book, with those shown in the General Abstract Cash-Book.

*Daily remittance.*

54. The balances of the cashier's account in respect of diet money should be observed every day in passing the general cash book. To prevent excessive accumulations under this head, the Judge in charge should transfer to deposits such portions of the balance as he may sider advisable. Amounts so transferred, if subsequently required, shall be withdrawn from deposits in the manner described above, and credited in the Peremptory Cash Book. If such sums remain in deposit for three years, they must be carried to credit of Government under rule 95, relating to lapsed deposits.

55. Having initialed the accounts of the day and signed the Cash Book, the Judge in charge shall send the Pass Book to the treasury, together with the net amount in cash and all the challans and payment orders. This remittance must be entered in the Cash Book as a payment of the day upon which it is made.

It is important that this be done before the business of the new day commences, and the cashier should have in hand, after each such remittance, only the balance of the peremptory cash transactions and the other balances referred to in rule 35.

The total of challans of the day for money received in cash by the court, minus the total of payment orders cashed at the court, will represent the balance of cash to be remitted to the treasury. The amount so remitted will be noted on the back of the last challan entered in the Pass Book (Form No. 14), in order to avoid the separate challan which otherwise would be required by the Treasury Officer.

*Courts not near Treasuries.*

56. At out-stations the Cash Book shall be balanced as prescribed above, and the balances, both that of the receipts and payments under heads *(a)* to *(f)*, and that of

[1] The entry in the register of fines must be made at the time of the transaction, and not at the end of business.

peremptory transactions, shall be carried forward to the next day's account. The accounts shall be balanced, compared, and signed every day in the manner prescribed in rule 53, save that, instead of comparing the Treasury Pass Book with the accounts, the Judge in charge shall see that the court balances are brought forward, and shall at least once a week ascertain that the money is actually in possession of the cashier.

*Periodical Remittance.*

57. On the last day of the month, and from time to time as provided by rule 13, the treasury Pass Book shall be made up, showing all receipts and payments at the court since the last remittance to the treasury. Its accuracy having been tested, it shall be forwarded to the treasury with all challans and payment orders. If the receipts have exceeded the payments, the cash excess shall be sent to the treasury; if the contrary, the cash deficit shall be received from the treasury: in either case the cashier will have, after the completion of the transaction, in addition to the balance of peremptory cash transactions, only the Permanent Advance allowed to the court for carrying on its payments at a distance from the treasury.

*Adjustment with Treasury.*

58. The last day for remittance in each month must be so fixed that the final payment or receipt of money at the treasury may just come within the month's accounts at the treasury or sub-treasury (*see* rule 71), as otherwise the monthly accounts of the Judge in charge and those of the treasury will not agree. Any transactions at the court after this remittance is made, although shown under their proper dates, should be treated as if they belonged to the ensuing month's accounts, registers, and returns.

*Rules regarding Remittances.*

59. It is the duty of the Judge in charge to see that money remitted from his court actually reaches the treasury, and is acknowledged by the Treasury Officer in the Pass Book.

60. In making such remittances, the Police rules, as to sending an escort with the money, must be duly observed.

61. During the absence on tour of Sub-divisional Officers and the consequent closing of their treasuries, Moonsiffs must be guided by the preceding rules applicable to officers at stations where there are no treasuries, and must make remittances of surplus cash if necessary to the district treasury. They will take advantage of the periodical return of Sub-divisional Officers to head-quarters to reduce the cash balances in their hands as much as possible, due regard being had to their probable requirements.

*Treasury Advice List.*

62. At the close of business each day the Treasury Officer, whether Sudder or Sub-divisional, shall prepare Advice Lists in form No. 15 of all such chalans and payment orders of each Judge in charge as have been brought upon the treasury accounts in the course of the day, and shall forward them to such Judges in charge respectively. In these lists shall be entered in detail such chalans and payment orders as have been received or paid at the treasury or sub-treasury in cash, while those brought into the treasury account from the Pass-book (Rule 55) shall be included in a single total on each side, with the description "As per your Pass-book dated ."

If the District Magistrate's court is close to the treasury, so that the Magistrate's registers referred to in Rule 64 can be sent daily to be compared and initialed by the Treasury Officer, this procedure may be adopted in lieu of the daily Advice List, if found more convenient.

63. The list prepared at the Sudder Treasury for the District Judge shall include, besides the moneys received and paid on account of the Judge's own court, those transactions also which belong to his subordinate courts. These amounts, however, need not be entered in detail, but may be included in a single total of receipts and of payments for each court, including Pass-book transactions brought into account.

*Comparison by Judge.*

64. On receipt of this Advice List the Judge in charge shall cause the particulars of the chalans and payment orders shown in it to be compared with the details recorded in his Registers of Chalans and Payment Orders (forms 2 and 13), and shall further cause the date of actual credit and payment, as certified by the Treasury Officer, to be entered in the column prescribed for that purpose.

65. These entries must be initialed by the Judge in charge when he checks the posting in the Deposit Registers, as prescribed in Rule 68 below.

SECTION VI.—DEPOSIT REGISTERS.

| | | | |
|---|---|---|---|
| *Separation of Petty Deposits* ... | 66 | *Notes of Claims* ... ... | 69 |
| *Posting* ... ... | 67 | *Register of Repayments* ... | 70 |
| *Registers of Receipts* ... | 68 | *Closing for the month* ... | 71 |

*Separation of Petty Deposits.*

66. Two Registers of Deposit Receipts shall be kept in form No. 16, and two of Deposit Repayments in form No. 17. One of these shall be termed the Register of A Deposits, and there shall be entered therein all deposits originally exceeding Rs. 5. The other shall be termed the Register of B Deposits, and there shall be entered therein all deposits not originally exceeding Rs. 5. Both Registers shall be kept in the same form and shall be posted in the same manner, but with separate series of number (*see* next rule, distinguished by the initial letters A and B respectively.

*Posting.*

67. As soon as the treasury Advice List is received (rule 62), the Deposit Register will be posted in the following manner for the date to which it refers. In the first place, all cash transactions in court on that date shall be posted, the receipts being copied from the Register of Challans (column 5), and the payments from the Register of Payment Orders (column 5). Transactions at the treasury shall then be written up from the Advice List, the entries in this list being compared with those in Registers 2 and 13.

*Registers of receipts.*

68. All items of deposit in these registers must, as directed above, be numbered in an annual consecutive series of numbers commencing on 1st April, and ending with the last day of March in each official year. Only the first eight columns shall be filled in at first, the other columns being intended for the record of subsequent repayments.

*Notes of Claims, &c.*

69. As it is important that the Deposit Registers in the Accountant's Department should set forth in respect of each item all information necessary in order to deal at once with applications to draw money, all attachment processes and transfer orders relating to decrees, and all orders as to the substitution of parties which affect decretal and other moneys in deposit, shall be noted at the time in the Deposit Register. The Sheristadar or some other specified subordinate under his supervision shall be made responsible for this duty.

Whether the Sheristadar's responsibility is or is not to end with the communication to the Accountant or Accountant's mohurir is a matter left to the discretion of each court, but some specific order should be recorded.

*Registers of Repayments.*

70. The Registers of Deposit Repayments (form 17) shall be posted from the Treasury Advice List and the Payment Order Registers, as directed above.

*Closing for the month.*

71. The Registers of Deposit Receipts and Deposit Repayments in courts at a sudder station shall be totalled and closed on the last day of each month upon which the sudder treasury remains open, and in sub-divisional stations on the day on which the accounts of the sub-divisional treasury are finally closed for the month in such a way that the period and the transactions included in the court's books and returns may correspond exactly with those included in the treasury books and returns.

Care must be taken to make the final remittance to the treasury in such time that it may be entered in the accounts of the treasury for the month to which it belongs.

In each of the Registers of Deposit Receipts (prescribed by rule 66), a plus and minus memorandum must be drawn up at the end of the month's entries in the following form :—

| | Rs. |
|---|---|
| Balance of deposits from last month ... ... | |
| Received during the month, as per register ... | |
| Total ... | |
| Repayments, as per register ... ... | |
| Balance of deposits at end of month ... .. | |

SECTION VII.—CONTROL OVER SUBORDINATE COURTS.

| | | | |
|---|---|---|---|
| *Responsibility* ... | ... 72 | *Posting Repayments* .. | 79 |
| *Daily Returns* ... | ... 73—74 | *Monthly Return* ... | ... 80 |
| *Verification by Judge in charge* | 75 | *Plus and Minus Memorandum*... | 81 |
| *Examination by Judge* | ... 76 | *Examination by District Judge* | 82 |
| *Register of Totals* ... | ... 77—78 | *Posting Receipts* ... | ... 83—84 |

*Responsibility.*

72. Every Judge is responsible for all payments of deposits made on his certificate or under his orders. In the case of receipts and payments of petty or B Deposits, no

detailed check is exercised over his proceedings, the accounts which he is required to render of these showing totals only. In the case of A Deposits, however, all sums received, and not paid out during the month in which they have been received, and the balance of such of these deposits as have been partly paid out, must be reported to the District Judge, and must be included in that officer's accounts, and in his return to the Accountant-General.

*Daily Return of Subordinate Courts.*

73. Every day after the Treasury Advice has been received, and the Deposit and other Registers have been written up and checked with it, two statements showing the transactions of the date to which it refers shall be prepared by the Judge in charge, and forwarded to the District Judge. The first of these statements (form No. 18) shall show the total amount of the entries in the Deposit Registers and the totals of all other transactions brought on the registers (*see* rules 108, 109). The second shall be an extract from part I of the Register of Deposits Repaid (form 17), giving the particulars of repayments on account of deposits received during previous months. At the foot of the first statement the Judge in charge shall certify that his Registers of B Deposits are written up to date and are in order.

It will be observed that these returns are intended to exhibit *actual* receipts and payments, and that they are therefore to be compiled from the Deposit Register, and not from the Registers of Challans and Payment Orders.

74. At out-stations some delay in submitting the daily returns is unavoidable, but this delay should not exceed the time necessary for the Treasury Advice List to reach the Court. The date on which the returns are actually signed should be noted on them by the Judge in charge.

*Verification by Judge in Charge.*

75. At the time of signing the returns, the Judge in charge should have before him the Registers of Challans and Payment Orders, the Registers of Receipts and Payments of Deposits, and the Treasury Advice List; and after comparison he should attest the entries in column 8 of Registers 2 and 13 by placing his initials in column 9, and the entries in the Registers of Deposit Receipts and Payments by placing his intials in columns 7 and 13 respectively.

*Examination by District Judge.*

76. The statements furnished by the subordinate courts shall, when received in the District Judge's office, be compared with the corresponding Advice Lists supplied to him by the Treasury Officers under rule 63. In the case of out-stations, the totals for the whole month supplied by the Judge in charge must agree with the totals for the whole month supplied by the Treasury Officer, if only attention have been paid to the rules regarding periodical remittances. In the course of the month the former totals will ordinarily exceed the latter, and the difference must be taken to represent cash transactions advised by the court, but not yet brought on the treasury books. In the case of courts near treasuries, no such discrepancies should occur if the rules are properly observed. When any such are noticed, immediate steps must be taken under the District Judge's orders to reconcile them.

*Judge's Register of Totals.*

77. After examination, the totals of deposits received and paid shall be posted into a register to be kept by the District Judge in form No. 19. This register contains two sets of columns—one set relating to A Deposits, and the other to B Deposits. Separate portions of the register for the month must be allotted to each subordinate court,—that is, for each subordinate court a number of pages, according to the probable work, must be assigned in the leaves devoted to that particular month. The entries in respect of each subordinate court will thus come continuously and in order of date, and they must be totalled at the end of the month.

78. In the portion of the register which relates to B Deposits, a column has been provided for a daily balance, which must be struck by adding together the preceding day's balance and receipts, and deducting the payments. The object of the daily balance is to afford the District Judge a ready means of controlling subordinate courts in the receipt and payment of small deposits, as any excess of payments over receipts will be at once detected.

*Posting Repayments of A Deposits.*

79. Taking up next the detailed Daily Register of Deposits Repaid (form No. 17), the repayments must be posted against the corresponding entries in the Judge's Daily Register of Deposits Received (form No. 16), and must be initialled by the District Judge, or under his orders by the Chief Ministerial Officer of his Court, in the same manner as repayments authorized by himself. They must also, at the same time, be copied into his Register of Deposit Repayments (form No. 17).

As each payment is noted in the Judge's Register, the district number (rule 83) against which the payment is charged must be noted in the subordinate court's return.

In noting the repayments, care should be taken to see that the amounts thus reported as repaid are actually repayable, and that amounts which should be credited to Government are not repaid to individuals.

*Monthly Return.*

80. (*a*)—At the end of the month there shall be furnished by the subordinate courts to the District Judge a statement of all A Deposits received, but not wholly repaid during the month. This statement will be an extract from the Register of Deposit Receipts (form No. 16), omitting the items which have been wholly repaid during the same month. Of deposits received and partially repaid in the same month, the unpaid balance only is to be shown in this statement. The dates of despatch from the subordinate court and of receipt by the district court shall be noted on this statement.

*Explanation.*—An A Deposit, the balance of which has been reduced below Rs. 5 by a payment made in the same month, is to be included among the A, and not among the B, Deposits.

(*b*)—On the 31st March of each year the subordinate courts shall in addition submit to the District Court a certificate that all uncashed orders to be cancelled under Rule 42 (*b*) have been marked off in their registers.

*Plus and Minus Memorandum.*

81. There shall be appended to the monthly statement of deposit receipts a plus and minus memorandum in the following forming :—

| | | Rs. |
|---|---|---|
| Balance of last month ... ... ... ... | | |
| Amount of A Deposits received during the month. | Repaid during the month ... | |
| | Not repaid ditto ... | |
| Amount of B Deposits received during the month ... | | |
| Total ... | | |
| Amount of A Deposits repaid during the month. | Received during the month .. | |
| | Received during previous month ... ... | |
| Amount of B Deposits repaid during the month ... ... | | |
| BALANCE OF DEPOSITS OUTSTANDING ... | | |

*Certificate.*

Certified that on a comparison of Treasury Advices with postings therefrom in the Registers of Chalans of Payment Orders, of Deposit Receipts, and of Miscellaneous Receipts, the amounts entered above as received and paid are correct.

*Examination by District Judge.*

82. On receipt of the monthly statement and the plus and minus memorandum, the register (form No. 19) shall be compared therewith. First, as regards A Deposits, the total of the column headed "Repaid on account of current month" should agree with the amount shown in the plus and minus memorandum; and when this amount is deducted from the total of the column headed "Total amount received," the balance ought to agree exactly with the total of the statement of outstanding A Deposits received from the court to which the figures relate. Second, as regards B Deposits, the balance itself can be tested in detail only once a year, when the yearly statement under Rule 92 is received; but every month the difference between the opening and the closing balance should be equal to the difference between the receipts and payments reported in the plus and minus memorandum.

*Posting Receipts of A Deposits.*

83. The figures in the subordinate courts' monthly detailed statement of A Depositd received shall be entered by the District Judge in his own register of deposits received, and shall be numbered in continuation of his own series, their original numbers being also notes below the district numbers for subsequent reference.

The Judge should examine the receipts so as to see that no item has been improperly held in deposit and if he finds amounts so held which should be credited to Government, he should direct the subordinate court accordingly.

84. The District Judge's Registers of Deposits exceeding Rs. 5 received and repaid thus include each month not only those of his own court, but also of all subordinate courts, excepting only the sums received and repaid in such courts during the same month.

SECTION VIII.—DISTRICT MONTHLY RETURN.

| | | | |
|---|---|---|---|
| *Deposit Received* ... ... | 85 | *Plus and Minus Memorandum* ... ... | 87 |
| *Deposit Repaid* ... ... | 86 | | |

*Returns of Deposits Received.*

85. On the 12th of each month, an extract Register of Deposit Receipts exceeding Rs. 5 shall be prepared by the District Judge in form No. 20, and forwarded to the Treasury Officer for transmission, after comparison with his cash accounts, to the Accountant-General. This Extract Register will be a copy of the entries made during the month in his register (form No. 16), and will contain all such items of more than Rs. 5 each as were deposited in his own court and in courts subordinate to him, omitting all those which were wholly repaid during the month, and showing, in the case of those partially repaid during the month, the unpaid balance only. At the foot of this register, deposits received and repaid during the month, and deposits received for sums of Rs. 5 each and less, are to be shown in totals without details. This Extract Register should be despatched punctually on the 12th of the month, unless in the case of the larger districts a later date is fixed.

*Returns of Deposits Repaid.*

86. A monthly extract from his Register of Deposit Payments (form No. 17) of sums above Rs. 5 shall be forwarded in the same form by the Judge to the Treasury Officer for transmission, after comparison with his lists of payments, to the Accountant-General. The District Judge shall include in this extract (1) the details of repayments on account of deposits of previous months, whether made in his own court or entered by him from the statements of subordinate courts—rule 79; (2) a single total of the repayments of the current month's deposits, whether made at the district or subordinate court, which must agree with the total of receipts on the same account; (3) the total of the repayments on account of deposits of Rs. 5 and less.

*Plus and Minus Memorandum.*

87. A plus and minus memorandum in the form prescribed in rule 81, but including the figures of the subordinate courts, as well as those of the District Judge's own court, shall be appended to the Statement of Deposit Receipts.

This plus and minus memorandum is to show as repayments the actual repayments at the treasury, and is further to show the treasury balance outstanding.

It will be found convenient to keep in a separate register a copy of this plus and minus memorandum, with further memoranda of the details from which the figures have been arrived at. It is important that there should be no difficulty at any time in reconciling the figures of the court with those of the treasury.

SECTION IX.—ANNUAL ACCOUNT PARTICULARS.

| | | | | | |
|---|---|---|---|---|---|
| *Account Particulars* | ... | 88-89 | *Verification of Petty Deposit Balance* | ... | 92-44 |
| *Subordinate courts* | ... | 90 | | | |
| *District Judge* | ... | 91 | | | |

*Account Particulars.*

88. At the end of each year the Registers of A Deposits received in the next preceding year shall be closed by transcribing into the last column, headed "Transferred to Account Particulars," every balance which exceeds Rs. 5. An annual Account Particulars shall then be drawn up in form No. 20 with the alterations noted below, showing all these balances against their original numbers; showing, in other words, all the unpaid balances of A Deposits of the preceding account year next but one. For example, the account particulars of April 1880 will show all unpaid balances of A Deposits received in 1878-79.

Of balances which do not exceed Rs. 5, a separate list shall be made out under rule 95 below.

The changes necessary to adapt form No. 20 for use as an Account Particulars are as follow:—

*Account Particulars of Deposits received by the of in* 187 -7 , *still outstanding on 1st April* 187 .

In column 6, for *amount* substitute *balance of each deposit.*

In column 7, for *in the year of receipt* substitute *in the second year after receipt;* for *in the following year* substitute *in the third year after receipt.*

In the last column, for *transferred to Account particulars* substitute *lapsed and credited to Government.*

89. The items in this account having been carefully compared with the corresponding balances in the original Register of Deposits Received (form No. 16), the last-named document shall be laid aside, and future repayments recorded only on the Account Particulars.

If against any of the items transferred to Account Particulars a repayment order has been issued and cancelled under Rule 42 *(b)*, a note to that effect must be made in the Account Particulars, so that if application for payment is again made, an order may not be issued without recalling the original cancelled one.

*Return by Subordinate Courts.*

90. A copy of the Account Particulars shall be sent by the subordinate courts to the District Judge, and by him carefully compared with the entries in his Register of Receipts. Any discrepancies found must be investigated and corrected.

*Return by District Judge.*

91. The Account Particulars of the District Judge necessarily includes the items in the several Account Particulars of the subordinate courts, and a copy of it shall be sent to the Accountant-General. The due date for its despatch shall be the 30th April, by which time the Judge should have received and compared the Account Particulars of his subordinate courts.

*Verification of Petty Deposit Balance.*

92. In order to verify the balance of B Deposits, each court shall make a list of the unpaid balances of receipts of the past twelve months, and by actual summation of these balances, find the total amount outstanding on account of the past year's deposits. Each court is required to submit, along with the Account Particulars of A Deposits, a certificate that the balance of B Deposits of the past year has been found by actual summation to be Rs. .

93. The balance found under the last rule, together with the total of the list prepared under Rule 95 (2), must equal the total balance of petty deposits on March 31st, and must be so verified—

(1)—By each court with the forward balance in the plus and minus memorandum.

(2)—By the District Judge with the balances of the subordinate court brought forward in the Register No. 19.

94. The District Judge having verified the balance certificates of the subordinate courts, shall endorse each with the certificate "Examined and found correct," and shall certify the fact of having done so upon the Lists of Lapsed Deposits sent to the Accountant-General under the next rule.

---

SECTION X.—LAPSE OF DEPOSITS.

| | | | |
|---|---|---|---|
| *Lapse of Deposits* ... ... | 95 | *Correction of Balance* ... ... | 97 |
| *Lists* ... ... ... ... | 96 | *Refunds* ... ... ... ... | 98-99 |

*Lapse of Deposits*

95. On 31st March of each year the following unpaid balances of deposits lapse to Government, and are to be so written off in the Account Particulars and Registers of Receipts respectively :—

(1) of A Deposits, *first*, all balances of deposits of the last account year but one which do not exceed Rs. 5, and are therefore not carried forward under rule 88 into the Account Particulars; these balances should be marked "Lapsed" in the Register of Receipts: *secondly*, all balances of deposits outstanding over three complete years, that is, all balances in the Account Particulars prepared two years before; these are to be marked off in the last column of the Account Particulars.

(2) of B Deposits, the balances of all deposits outstanding over one complete year, that is, the balances which in the case of deposits over Rs. 5 are transferred to Account Particulars under rule 88; these are to be marked off in the last column of the Registers of Receipts.

[*Example.*—The balances which lapse on 31st March 1880 are—

(*a*) all balances not exceeding Rs. 5 of A deposits received in 1878-79.
(*b*) all balances of A Deposits received in 1878-77.
(*c*) all balances of B Deposits received in 1878-79.

*Lists of Lapsed Deposits.*

96. Three lists of the balances to be written off shall be prepared in form 21, one for each of the three classes (*a*), (*b*), and (*c*), specified in the *Example* under rule 95. These Lists shall be submitted along with the Account Particulars. Those of the subordinate courts must be compared by the District Judge with his own Registers, and discrepancies, if found, must be reconciled. Those of the District Judge must include under the District Judge's numbers, the lapsed balances of A Deposits of the subordinate courts.

As regards B Deposits, the Lists received from the subordinate courts must be copied into the District Judge's List, with a separate total for each court, the originals being filed for future reference.

The note under rule 89 applies to these Lists of Lapsed Deposits also.

*Correction of Balance.*

97. These Lists must be submitted during all April, and the totals thereof must be deducted by a separate entry from the plus and minus memorandum drawn up at the end of April, so that the plus and minus memorandum may show only the balance actually outstanding upon the Registers of the court concerned.

*Refund of Lapsed Deposits.*

98. When payment of a deposit lapsed under rule 95 is required by a person entitled thereto, application shall be made through the District Judge, who shall examine the claim,

and, if he find it correct, shall forward an application in form No. 9 to the Accountant-General. Several deposit numbers may be included in a single application, if they are payable to the same person. The Accountant-General's letter of authority, when received, shall be noted against the items in the Account Particulars (or original Register in the case of a B Deposit, so as to prevent a second application. This letter shall then be passed for payment at the treasury, as prescribed in the form. No other record of these refunds is necessary; and such payments are not to be shown in the plus and minus memorandum.

99. If the letter of authority received from the Accountant-General is not claimed by the payee within twelve months from the date thereof, it shall be returned to that officer.

---

SECTION XI.—MISCELLANEOUS RECEIPTS.

| | | | |
|---|---|---|---|
| *Fines* ... ... | 100—1 | *Rules regarding Receipts* | 104—7 |
| *Registers* ... ... | 102 | *Control* ... ... | 108 |
| *Credits to Government*... | 103 | *Monthly Returns* ... | 109 |

*Fines.*

100. The procedure for Magistrates' courts in respect of the realization of fines is prescribed by the orders of the Bengal Government published in March 1867 and May 1876, and produced in appendix C annexed to these rules. The rules of the Account Code, which prescribe a monthly statement to be sent by Subordinate Magistrates to the District Magistrate, and by the District Magistrate to the Accountant-General, are also reproduced in the same appendix.

101. When a fine is paid into a civil court, the receipt shall be dealt with under the next following rule.

*Registers.*

102. Every Judge in charge shall maintain (1) a Register of Judicial Fines in form 22; (2) a Register of Stamp Duty and Penalties in form 23; (3) a Register of the Refund of the value of court-fee stamps in form 24; and (4) a Register of Miscellaneous Receipts in form 25. In the 1st, 2nd, and 4th of these registers all receipts are to be posted which do not come under head (*a* (Deposits) or head (*b*) (Peremptory Receipts) of rule 5. The entries shall be made and checked in the same way as the entries in Register of Deposit Receipts of the subordinate courts. The amount of petty receipts under head (*f*) are to be shown only in a single total for each day.

It is not necessary to maintain in Magistrates' courts the Fine Register here prescribed, as another register is prescribed by rule 100.

*Credits to Government.*

103. It is the duty of every Judge to see that sums which are in deposit, but which under any rule or law are forfeited, or become the property of Government—(*e.g.*, earnest money forfeited, or intestate property unclaimed)—are duly credited to Government. In every such case there shall be prepared simultaneously (1) a payment order addressed to the cashier and directing payment of the deposit "by transfer as per chalan No. of this date," and (2) a chalan crediting it to the proper head Such payment order and chalan shall be registered and dealt with in every way as if cash were paid out of and received into court.

*Rules for Miscellaneous Receipts.*

104. With regard to stamp penalties, attention should be given to sections 34, 39, and the other sections in Chapter IV of the Indian Stamp Act (I of 1879). The penalty and the duty must always be separately credited. Form 10 shall be used for Certificates for Refund.

105. With regard to unclaimed property of intestates or others, it will be seen from the form that Register No. 25 deals only with receipts under this head which have remained in deposit for the prescribed period. A register showing the property in detail must be kept in civil courts in form 26, and in criminal courts in the form prescribed in the rules for Court Inspectors.

106. Under head (*e*) (Miscellaneous) of rule 5 shall be comprised all receipts not falling within any of the other principal heads of receipt;—*e.g.*, forfeiture of earnest-money, &c., sale proceeds of old stores of furniture, &c.

107. Receipts under the head of account mentioned in rule 106 are at once credited at the treasury to Government. They are not to be retained intermediately in deposit either at the court or at the treasury.

*Control of Subordinate Courts.*

108. The miscellaneous receipts of subordinate courts are included in the Daily Statement sent to the District Judge under rule 73, and are also included in the Daily Advice from the treasury received by the District Judge under rule 63. The Judge must

effect a comparison between these two, and see that in each month the total amount advised as paid into the treasury agrees with the total amount realized by the subordinate courts.

*Monthly Returns.*

109. At the close of the month every Judge in charge shall prepare lists in forms 22, 23, and 25 of all the miscellaneous receipts, &c., paid by him into the treasury Subordinate courts shall forward their lists in duplicate to the District Judge, and the District Judge shall add the totals of these lists at the foot of his own list, and, appending one of the copies received by him from each subordinate court, shall forward the whole to the Accountant-General for check against the treasury accounts.

So far as regards fines in Magistrate's courts, this is done under a separate set of rules, quoted in Appendix C.

SECTION XII.—MISCELLANEOUS RULES.

*Accountant and Cashier* ... ... 110 | *Forms* ... ... 112
*Language* ... ... ... 111 | *Daily Accounts* ... ... 113

*Accountant and Cashier.*

110. In carrying out these rules, care must be taken by all Judicial Officers that in respect of cash transactions in court distinct officers are employed as accountant and cashier. In other words, the same officer shall not keep the registers of Chalans and Payment Orders, Deposit Registers, &c., and also receive and pay the money.

*Language of Record.*

111. Judges who are acquainted with English and have a clerk acquainted with English, should keep their accounts in English. Those who cannot do so must keep their books and submit their accounts in the vernacular In either case it must be distinctly recorded by each Judicial Officer whether the sheristadar is or is not responsible for a general control and supervision over the accountant.

*Forms.*

112. The whole of the necessary forms and account books are to be obtained through the Superintendent of Stationery, and each court is responsible for maintaining a proper printed stock of all the forms herein prescribed, and for submitting timely indents according to the rules in force from time to time. The forms intended for non-English offices shall be printed in biglot form, with English and Bengali, or English and Hindi headings Manuscript forms are prohibited

*Daily Examination of Accounts.*

113. The accounts and registers, of which a list is given in appendix A, must be compared daily by the Judge in charge; and this rule is on no account to be neglected, as its observance is essential to the integrity of the transactions and the correctness of the books. The notes at foot of the forms indicate how the verification is to be made.

The following orders, issued by the Government of India in the Department of Finance and Commerce, are republished for general information :—

### NOTIFICATION.

*Fort William, the 26th February 1881.*

*No.* 875.—In exercise of the powers conferred by Sections nine, fifteen, seventeen, thirty-two, fifty-one, and fifty-six of the Indian Stamp Act, 1879, the Governor General in Council is pleased to make the following Rules :—

### CHAPTER I.—*Preliminary.*

1. These Rules shall come into force throughout British India on the 1st April 1881 in supersession of the Rules promulgated by Notifications No. 196, dated 19th April, No. 996, dated 6th June 1879, and No. 92, dated 10th January, and No. 479, dated 8th May 1880.

2. All words and expressions used in these Rules and defined in the Indian Stamp Act, 1879, shall be deemed to have the meaning attached to them respectively by the said Act.

3. There shall be two kinds of stamps for indicating the payment of duty on instruments under the Indian Stamp Act, 1879, namely—

(*a*) Impressed Stamps—including—

Impressed Sheets,—that is to say, sheets of paper bearing the impression of Stamps of different values engraved thereon and sold to the public for use by them in accordance with these Rules.

Impressed Labels,—to be affixed and impressed by Government Officers as directed in Chapter III of these Rules.

(*b*) Adhesive Stamps sold to the public for use by them in accordance with these Rules.

## CHAPTER II.—*Of Impressed Sheets.*

4. All instruments chargeable with duty, except hundis, may be written on Impressed Sheets, and, except as provided by Section ten of the said Act and by these Rules, shall be so written.

5 (*a*). When any instrument is to be written on an Impressed Sheet, if the amount of duty with which such instrument is chargeable does not exceed one hundred rupees, a single sheet shall be used, unless—

where the application for the required stamp is made at a treasury, the officer in charge of such treasury, or,

where such application is made to a stamp-vendor, the vendor

certifies that he is unable to furnish a single stamp of the required value:

(*b*). When the amount of duty chargeable in respect of any instrument exceeds one hundred rupees, or a treasury officer or stamp-vendor has certified under clause (*a*) that he is unable to furnish a single stamp of the required value, the number of sheets used for indicating the payment of duty shall not exceed the number which the treasury-officer or the stamp-vendor certifies in either case to be the smallest number which he can furnish so as to make up the required amount.

(*c*). No certificate shall be made under clause (*a*) or clause (*b*) by a stamp vendor in any case in which the stamp duty required exceeds the highest value of the stamps which such vendor is authorised to sell.

(*d*). When, under this Rule, two or more Impressed Sheets are used to make up the amount of duty chargeable in respect of any instrument, a portion of such instrument shall be written on each sheet so used.

(*e*). When a single sheet used under this Rule is found insufficient to admit of the entire instrument being written on the side of the paper which bears the stamp, so much plain paper may be subjoined thereto as may be necessary for the complete writing of such instrument: provided that in every such case the side of the sheet which bears the stamp must be covered by a substantial part of the instrument before any part of the latter can be written on the plain paper joined to such sheet. Provided further, that the part of the instrument written on the plain paper must be attested by the signatures or marks of all the persons executing the document and the witnesses to the same.

## CHAPTER III.—*Of Impressed Labels.*

6. Impressed labels may be used for the following instruments and counterparts thereof, namely,—

(1) Administration-bonds:
(2) Affidavits:
(3) Appointments made in execution of a power:
(4) Articles of Association of a Company:
(5) Articles of clerkship:
(6) Bills of lading:
(7) Charter-parties:
(8) Declarations of trust:

(9) Instruments evidencing an agreement to secure the repayment of a loan made upon the deposit of title-deeds or other valuable security, or upon the hypothecation of moveable property:
(10) Leases printed or lithographed in an Oriental language, when the written matter filled in does not exceed one-fourth of the printed matter:
(11) Memoranda of Association of Companies:
(12) Notes of Protest:
(13) Petitions for leave to file a specification of an invention, &c.:
(14) Policies of insurance:
(15) Revocations of trust:
(16) Warrants for Goods:

and for the following—when written in any European language, provided that any instrument written in any European language other than English shall have attached to it a translation in the English language—

(17) Agreements or Memoranda of Agreements which, in the opinion of the officer empowered to affix the label, cannot conveniently be written on impressed sheets:
(18) Instruments engrossed on parchment and written in the English style, which in the opinion of such officer cannot conveniently be written on impressed sheets:
(19) Awards:
(20) Bills of Exchange payable otherwise than on demand and drawn in British India:
(21) Bonds:
(22) Certificates of sale:
(23) Composition-deeds:
(24) Conveyances:
(25) Instruments imposing a further charge on mortgaged property:
(26) Instruments of apprenticeship:
(27) Instruments of co-partnership:
(28) Instruments of dissolution of partnership:
(29) Instruments of exchange:
(30) Instruments of gift:
(31) Instruments of partition:
(32) Leases:
(33) Letters of license:
(34) Mortgage-deeds:
(35) Powers of Attorney:
(36) Reconveyances of mortgaged property:
(37) Releases:
(38) Settlements:
(39) Transfers of the description mentioned in Article No. 60, clauses (*b*), (*c*), and (*d*) of the First Schedule of the said Act.

7. The following officers are empowered to affix these labels to the instruments mentioned in Rule six, namely,—

(*a*) the Collectors of Calcutta and Karáchí;
(*b*) the Superintendents of Stamps at Madras, Bombay, Lahore, Rangoon, Maulmain and Akyab;
(*c*) the Commissioner of Stamps, North-Western Provinces and Oudh;
(*d*) the Superintendent of Stamps (Political Resident), Aden.

8 (*a*). Every such officer shall, upon any instrument mentioned in Rule six being brought to him before it is executed, and application being made to him for that purpose, affix thereto a label or labels of such value as the applicant may desire and pay for, and impress such label or labels by means of a stamping-machine, and also write on the face of the label or labels his initials and the date of impressing the label or labels before returning the instrument to the applicant. In the case of instruments written on parchment, the labels must be further secured by metallic eyelets.

(*b*). When the stamp duty amounts to twenty rupees or upwards, such officer shall further attach his usual signature to the instrument immediately under the labels.

9 (*a*). Hundís other than hundís which can be stamped with an adhesive stamp under Section ten of the said Act shall be written on paper supplied for sale by the Government, and to which labels have been affixed by one of the officers mentioned in Rule seven, Clause (*b*) or by the Superintendent of Stamps, Calcutta, and impressed by him in manner provided by Rule eight.

(*b*). Every sheet of such paper shall be of a size not less than $8\frac{5}{8} \times 5\frac{1}{8}$ inches, and no plain paper shall be joined to it.

10 (*a*). The payment of duty on instruments (other than Bills of Exchange, Cheques, and Promissory Notes) executed out of British India and requiring to be stamped after their receipt in British India, shall be indicated only by impressed labels.

(*b*). When any such instrument is taken to the Collector under Section seventeen of the said Act, the Collector, unless he be Collector of Calcutta or Karáchí, shall send the instrument to one of the officers mentioned in Rule seven, remitting the amount of duty paid in respect of such instrument; and such officer shall stamp the instrument and write his initials and the date in the manner prescribed by Rule eight and return the same to the Collector for delivery to the person by whom it was produced.

## CHAPTER IV.—*Adhesive Stamps.*

11. Bills of Exchange, payable otherwise than on demand and drawn in sets, when the amount of stamp duty does not exceed one anna for each part of the set, may be stamped with adhesive stamps.

12. Except as otherwise provided in these Rules the adhesive stamp used to denote the duty of one anna shall bear the words "one anna."

13. The following instruments when stamped with adhesive stamps shall be stamped as follows:—

(*a*). Bills of Exchange, Cheques, and Promissory Notes drawn or made out of British India, with adhesive stamps bearing the words "Foreign Bill."

(*b*). Transfers by endorsement of shares of Public Companies and Associations with adhesive stamps bearing the words "Share Transfer."

(*c*). An entry as an Advocate, Vakil, or Attorney on the roll of any High Court with an adhesive stamp bearing the word "Advocate," "Vakil," or "Attorney."

(Such stamp shall be affixed under the superintendence and responsibility of a gazetted officer of the High Court, who shall obtain the stamp from the Superintendent of Stamps and account to him for it. The gazetted officer who affixes the stamp shall write on the face of it his usual signature and the date of signature before parting with the instrument.)

(*d*). Notarial Acts with adhesive Foreign Bill stamps bearing the word "Notarial" printed over them.

## CHAPTER V.—*Miscellaneous.*

14. When it is necessary under Section fifteen of the said Act to denote upon one instrument the payment of duty in respect of another, such payment shall be denoted by an endorsement under the hand of the Collector on the former instrument.

15. Every payment made under Section thirty of the said Act shall be made in cash.

16. The Collector may require every person claiming a refund or renewal under Chapter VI of the said Act, or his duly authorised agent, to make an oral deposition on oath or affirmation, or to put in an affidavit, setting forth the circumstances under which the claim has arisen. The Collector may also, if he thinks fit, call for the evidence of witnesses in support of the statement set forth in the deposition or affidavit of the claimant or his Agent.

17. Any Magistrate convicting or trying an offender under Chapter VIII of the Stamp Act may grant to any person who may have contributed to the conviction, a reward within a limit to be fixed by the local Government.

## Rules made under Section 277 of the Act, regarding the erection of huts.

1. When new huts are being added to existing ranges or blocks of huts under Section 277, the new huts shall be kept in line with the existing main lines of huts which are to be taken as directing lines.

2. When new blocks or ranges of huts are being erected, the direction of the lines will be regulated by the position of the land, but preference will be given to new passages or footpaths running north and south, or nearly so.

3. Every new hut which may be built abutting on a public road or footpath shall be so constructed as not to project on the road or footpath, and so as not to allow rain-water from its roof to fall upon or injure the same.

4. No hut to be built upon the site of a filled-up tank, except at such a level as will admit of necessary drainage.

5. The space between the walls of any two huts to be not less than three feet for ventilation. But this rule is not to apply to two or more huts built in continuation and composing one "bari."

6. All huts abutting on Municipal roads to have a pucka or kutcha-pucka plinth not less than two feet high.

## Maps for Sale.

LISTS of Maps published at the Madras Survey Office, containing information as to price, &c., can be had *gratis* on application to the Superintendent, Madras Survey, Chepauk, Madras.

Remittances on account of value of maps should be made either by a cheque or money order; stamps will not be accepted in payment for maps.

## The Indian Law Reports.

*Published under Authority of the Governor-General in Council.*

THE Reports appear in monthly parts, published as soon as possible after the first of each month as Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series.

The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set

## PART IV.

## Bill of the Bengal Council.

### GOVERNMENT OF BENGAL.

### LEGISLATIVE DEPARTMENT.

THE following Bill was read in the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations on the 26th February 1881, and was referred to a Select Committee who are to report thereon within seven days:—

*A Bill to amend "The Cess Act, 1880."*

WHEREAS it is expedient to amend "The Cess Act, 1880," passed by the Lieutenant-Governor of Bengal in Council: It is hereby enacted as follows:— Preamble.

1. In section 9 of "The Cess Act, 1880," for the figures "111" the figures "109" shall be inserted. Amendment of section 9 of "The Cess Act, 1880."

2. In section 10 after the words "public works cess," the words "and all interest paid thereon" shall be inserted. Amendment of section 10.

3. In section 13 after the words "in accordance with any valuation," the words "or revaluation" shall be introduced. Amendment of section 13.

4. After section 40, the following section shall be inserted, namely: Introduction of new section after section 40.

"40A. Notwithstanding anything in the definitions of "estate" and "tenure" in section 4 or elsewhere in this Act contained, the Board of Revenue may direct that any land (other than the holding of a cultivating ryot) of which the rent or revenue is payable directly to the Government as proprietor thereof, shall for the purposes of this Part be deemed to be a tenure and not an estate, and that the Government shall be deemed to be the holder of the estate within which such tenure is included, and thereupon the Collector may recover any sum payable from such tenure under the provisions of this Act, in the same manner and under the same penalties as if the same were arrears of rent or revenue due to him." Recovery of cess from tenures in Government estates.

5. In section 43, after the word "proportionately" the words "to the land revenue" shall be inserted. Amendment of section 43.

In clause 3 of the same section, for the words "the last preceding section," the words "this section" shall be substituted.

6. In section 45 after the word "twelve" the words "and a half" shall be inserted. Amendment of section 45.

7. In section 46, clause (3), for the word "section" the word "clause" shall be substituted. Amendment of section 46.

8. In section 108, after the words "cesses under this Act" the words "not being interest levied in respect of public works cess" shall be added. Amendment of section 108.

9. In the heading of column 4 of Part II, Schedule A, after the word "occupied" the words "if known" shall be added. Amendment of Schedule A, Part II.

### STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to correct certain errors which are found to have crept into the edition of the Bill to repeal the previous Cess Acts, which was ultimately passed by this Council and assented to by the Governor-General, and so became law as Act IX of 1880.

The opportunity is taken to make one or two amendments in the Act which the working of it has shown to be desirable.

### AMENDMENT OF THE CALCUTTA PORT IMPROVEMENT ACT.

THE Hon'ble the Advocate-General, in moving for leave to introduce a Bill to amend "The Calcutta Port Improvement Act Amendment Act, 1880," said that Act IV of 1880 empowered the Port Commissioners to borrow money by the issue of debentures under the provisions of sections 9 and 16, subject to certain conditions which were imposed by sections 17, 18, and 19 of the Act. These conditions were that, if interest upon any loan was not paid according to the conditions of the loan, the Lieutenant-Governor might of his own motion, and should on the application of lenders holding not less than one-third in

value of the total of the loan in respect of the payment of interest on which default had been committed, attach the tolls, duties, rates, fund or property on the security of which the loan was made, and appoint a receiver. The section further provided that no default in payment of interest should render the loan repayable. Sections 18 and 19 worked out that procedure, section 19 giving the Lieutenant-Governor certain power over the accounts to be kept in case of attachment. This was considered by the Council, he presumed, an inexpensive and expeditious method of recovering in case of default in the payment of interest. and it was thought that the facilities thus offered would be readily accepted. But advertisements having been issued under section 9 of the Act, calling for loans, the Port Commissioners represented to the Government that they were unable to raise loans in the open market under the restrictions imposed under section 17 of the Act. Upon that matter being represented to Government, together with two or three minor matters which he should presently notice, it was deemed advisable to remove the restrictions imposed by the Act in the way of effecting loans, and to give persons lending money the full benefit of any independent action which any debenture-holder might be entitled to under the law. He believed it was not the intention of the Government or of the Legislature in any way to reduce the security on which money was to be advanced, but it was thought that the simple and inexpensive method of obtaining payment in case of default, which was provided under sections 17 to 19—a method which it was hoped, in the flourishing state of the Port Commissioners, would never come into operation—would give to the debenture-holders sufficient security. However, as a matter of fact, objections were taken, and it was immediately conceded by the Government that those restrictions should be removed. This was one of the purposes for which he moved for leave to introduce this Bill. In the Bill he proposed to repeal sections 17, 18, and 19 of the Act, and then in sections 7 and 8 to introduce a few words to make the subject-matter of the previous sections clear, and to substitute amended sections for them. Then in order to remove the other difficulty that no default of payment of interest should render the loan repayable, it was provided in the form of debentures to be issued that if default be made for two consecutive half-years, either in the payment of interest or in making the necessary investments on account of the Sinking Fund, the loan should become repayable; and in order to remove any difficulty as regards the question of registration, he had drawn a form of debenture which he thought would be entirely free from any such objection. The difficulties having been removed, he had every confidence that the loan would be immediately subscribed for. Opportunity had also been taken to raise the maximum number of the Commissioners to 13, to enable the Lieutenant-Governor to add a Commissioner to represent the growing interests of Howrah. A section had been added for that purpose. Further, opportunity had been taken to empower the Lieutenant-Governor to make bye-laws regulating the hours of employment of European seamen on board ships lying in the port in work necessitating exposure to the sun. The subject had attracted considerable public attention, and it was not necessary to enlarge upon it. But it was clear to every one who had thought on the subject that exposure to the sun in the very hot months was detrimental to the health and injurious to the lives of seamen and others employed on board vessels in Calcutta. It was known to the Council that, however hard and injurious the work might be, it was lawful for the master of a vessel to order any member of his crew to do work which exposed him to the sun in the hot months, and disobedience to such order was punishable very severely. It was thought necessary to protect persons so situated, and to give persons employed in vessels lying in the port special protection of a law reasonably limiting the hours of employment. The Port Commissioners had made a recommendation to that effect, and the subject had been referred for the opinion of the Chamber of Commerce. Their answer had not yet been received; but he had no doubt it would affirm the recommendation of the Port Commissioners.

The motion was agreed to.

On the application of the Advocate-General, the Rules were suspended and the Bill was read in Council and referred to a Select Committee, consisting

of the Hon'ble Mr. Mackenzie, the Hon'ble Mr. Prestage, and the mover, with instructions to report at the next meeting of the Council.

## COURT OF WARDS ACT AMENDMENT.

THE HON'BLE MR. DAMPIER moved for leave to introduce a Bill to amend "The Court of Wards Act, 1879." He said, the reason for the introduction of this Bill was a question relating to pensions. Under the impression that the law allowed it, small pensions had hitherto been paid out of the Wards' Fund to persons employed under the Court of Wards, and no objection had been raised. But the question had now arisen in connection with a gentleman of distinguished abilities, who had done great service to the public, besides those which he had rendered to the Court of Wards. It was now considered right to give him a pension in recognition of his services. MR. DAMPIER believed that the Government proposed to give from the general revenues such part of the pension as would represent this gentleman's services to the public at large, and it was right that the part which represented his services to the Court of Wards should be derived from the funds of the Court of Wards. But the Government of India was now advised that the wording of the existing law did not admit of pensions being charged against the Court of Wards Funds. The original object of the Bill was to remedy this defect.

Then, as his hon'ble and learned friend had just said, the opportunity was taken to amend the law in other points. Some of these were important points, relating to the protection of wards' estates from sale for arrears of revenue. There was a section of the Sale Law, Act XI of 1859, section 17, which protected these estates from sale. The existence of that section was obviously overlooked when the Wards Act of 1870 was passed, and, again, when the existing Act of 1879, which followed the Act of 1870, was enacted. What was meant to be a corresponding provision was then enacted. But unfortunately the corresponding section did not correspond. The Bill was not yet ready, but with it would be circulated some papers which would show hon'ble members the difference between the two Acts. It was now obviously necessary to amend the law. The provision in the Act of 1859 would be repealed, and the existing law would be so amended as to embody what the Council might consider to be a proper provision on the subject.

The next point was that, under the provision of section 17 of Act XI of 1859, which it would be proposed to the Council to re-enact, the estates of wards were protected from sale for arrears of revenue accruing due while such estates were under the Court of Wards; that is to say, if an arrear accrued a day before a ward attained his majority—if there happened to be an arrear outstanding on the day on which charge of the property was given up by the Court—it could not be recovered by sale of the estate on which the arrear was due. That was well enough, but unfortunately no other means were provided for realizing the arrears. Obviously, provision should be made for the recovery of such arrears in some way. It was proposed to provide that when an arrear was due at the time when a ward's property was released from the charge of the Court of Wards, the Collector might recover the arrear by attachment of the estate in the same manner as he was allowed to do in respect of an arrear of revenue accruing due from the inherited estate of a minor which had not been taken under charge of the Court of Wards.

The third point in connection with this protection to wards' estates was this: At present an estate could not be sold for arrears of revenue while under the charge of the Court of Wards. MR. DAMPIER was able to show hon'ble members of Council, from the papers which would be circulated with the Bill, that it was sometimes absolutely necessary, in the interests of the ward himself, that an estate should be so sold. When an estate was so deteriorated that it could not pay the revenue for which it was liable, any private zemindar would, as a matter of course, relieve himself of the liability to pay the revenue by letting the estate go to sale; but the law did not admit of a ward's estate being got rid of in this way. The answer which suggested itself at first sight was "so much the better for the ward; the manager has only got to leave the revenue unpaid; the Government cannot sell the estate." But it was not so. Unfortunately for the ward, there was another section of the law which required that all funds which came into the hands of the manager

of a ward's estate must be applied *in the first instance* to the payment of revenue as long as any arrear was outstanding, so that if any one particular estate belonging to a ward could not pay its own revenue demand, the manager was bound to make up the deficiency from the other funds in his hands. It was proposed, therefore, to modify the section which absolutely prohibited the sale of an estate for arrears of revenue, guarding the modification strictly by the condition that no estate would be sold unless the Board of Revenue should be thoroughly satisfied in each case that it was for the interest of the ward that the estate should be sold.

There were no other provisions in the Bill which MR. DAMPIER thought of sufficient importance to bring to the notice of the Council at this stage.

The motion was agreed to.

## AMENDMENT OF THE CESS ACT, 1880.

The HON'BLE MR. DAMPIER moved for leave to introduce a Bill to amend "The Cess Act, 1880," and in doing so he said that his remarks would consist in reading to the Council the statement of objects and reasons which accompanied the Bill, and which was as follows:—

"The object of this Bill is to correct certain errors which are found to have crept into the edition of the Bill to repeal the previous Cess Acts, which was ultimately passed by this Council and assented to by the Governor-General, and so became law as Act IX of 1880.

The opportunity is taken to make one or two amendments in the Act, which the working of it has shown to be desirable."

He would, however, add, by way of personal explanation, that the Bill into which the errors had crept was not the Bill which was passed by the Council when he was in charge of it. That Bill did not contain these errors, which he might state were first brought to light in a circular issued by the Board of Revenue. He did not know how the errors crept in when the second Bill was introduced and passed in consequence of the Viceroy having withheld his assent to the Bill which was originally passed.

The motion was agreed to.

## AMENDMENT OF THE CALCUTTA MUNICIPAL ACT.

The HON'BLE KRISTODAS PAL moved for leave to introduce a Bill to amend the Calcutta Municipal Consolidation Act, 1876, and in doing so he said he had been invited to take charge of the Bill, and he did so with pleasure. He should state at the outset that there was no intention whatever to touch the Municipal Constitution. The Lieutenant-Governor, he was permitted to say, was quite willing to give a full and fair trial to the present system of municipal government in Calcutta. The object of the Bill was partly to give legal effect to the loan arrangements lately entered into between the Government of India and the Calcutta Municipality; also to provide for the repayment of municipal loans which might be advanced by the public by extending the term of repayment from 30 to 60 years, or reducing the contribution to the Sinking Fund from 2 to 1 per cent.; to extend the power of the Corporation with regard to the reclamation of bustees; and to make such other amendments in the provisions of the existing law as had suggested themselves by practical experience. With regard to the first point, he might mention that the Corporation of Calcutta owed to the Government a debt of Rs. 78,81,000. These loans were raised at different rates, namely 4, 4½, and 5 per cent. It was proposed that, if these loans were consolidated, and 60 half-yearly payments of interest and Sinking Fund were made at the rate of 4¼ per cent., the Municipality might be able to save a considerable amount of money in the way of annual contribution to the Sinking Fund, provided that they would agree to make over to the Government the accumulations of the Sinking Fund up to the date of such arrangement. The Municipality accepted the proposal of the Government, and it had since been carried out. The arrangements made were thus summarised in the last administration report of the Commissioners:—

"The Government of India is prepared to close the transaction if the Municipality will surrender its present Sinking Funds, and agree to discharge the rest of the debt by 60 equal half-yearly payments of principal and interest, calculated at 4¼ per cent. It seems probable that neither the Government nor the Municipality would either lose or gain by this arrangement, and that it would be convenient for the Municipality, whose yearly payments would be reduced from Rs. 5,94,378 to about Rs. 4,67,290, or by Rs. 1,27,089."

By this arrangement the Municipality had been able to save about Rs. 1,25,000 per annum, which was equal to about 1 per centum of the house-rate, and he desired to acknowledge, on behalf of the Corporation, the substantial concession which the Government had made. The next important point was to reduce the contribution to the Sinking Fund from 2 to 1 per centum on loans raised from the public. The principle involved in this contribution was that the present generation was practically made to bear the whole cost of improvements; it was proposed that the cost of improvements of a permanent character should be equally divided between the present generation and posterity, and with that view it was proposed to reduce the contribution to the Sinking Fund. He would also observe that, while on the one hand the concession of Government he referred to had proved beneficial, it had on the other hand placed the Municipality at some disadvantage, because the minimum interest which the Corporation had now to pay for their loans was 5 per centum, whereas the rate of interest on Government loans seldom exceeded 4½. The main object he had in asking for the reduction of the contribution to the Sinking Fund was to help the Corporation in carrying out the doubling of the water-supply; and that object, as the Council was aware, was uppermost in the minds of the Corporation; but owing to financial difficulties and other considerations, they had not yet been able to carry it out. The most important point in the water extension scheme was the 62″ main, objection to which was raised on financial grounds; but if the contribution to the Sinking Fund were reduced as proposed, there would not, he apprehended, be any difficulty on that ground. It was not his intention, nor did he think this the place, to discuss the question of the main; but if a 62″ main was provided, it would not only meet the wants of Calcutta, but, he was told by competent men, would also suffice for a supply of water to the suburbs.

The third point in the Bill was the subject of bustee reclamation. He believed that the Government here, as well as the Home Government, were particularly anxious that active measures should be taken for the reclamation of bustees in the town. When the Municipal Act was amended in 1876, it was considered necessary to vest the Municipal Commissioners with extensive powers in this respect. There was, however, one defect which was unfortunately not remedied at that time. The procedure laid down by the Act of 1876 was as follows:—That if the Commissioners should find certain bustees or blocks of huts injurious to the health of the locality, they should serve notice on the owner, specifying the necessary improvements, and calling upon him to make them at his own expense. But should the owner neglect to do so, the Commissioners were empowered to carry out the improvements at the cost of the Municipality and recover the expenditure from him. The result would be that the owner of a bustee would be deprived of his property for the sake of improvements wholly beyond his means. When the Bill of 1876 was before the Council, Baboo Kristodas Pal had pointed out that that provision was not sufficient, and that it would press very severely on poor proprietors, and he drew attention to Mr. Cross's Artizans' Lodgings' Bill, which was then before Parliament, under which the Town Councils and Commissioners in the United Kingdom were empowered to take up lands by paying compensation to owners to make the necessary improvements, and to let or re-sell the lands. This Council, however, did not accept that view, but passed the Act without the equitable provision which he took the liberty of suggesting. In reviewing the first administration report of the present Corporation, His Honor the present Lieutenant-Governor directed attention to this most important point, and recorded a resolution from which Baboo Kristodas Pal would read a few lines:—

"Mr. Eden believes that the proper way of dealing with these bustees is for the Municipality to set aside a certain amount of money every year, and to buy up block after block of bustees, clear it, drain it, lay it out with roads, fill in all dirty tanks and hollows, and then sell the land thus reclaimed in convenient lots for the erection of houses for the people on plans to be approved by the Municipality. The owners of these bustees are frequently not in a condition to pay for their improvement, even though it be shown to them beyond question that the value of the land will be enormously improved by the removal

of nuisances and the levelling of the land. If the matter were taken up systematically by the Municipality, they would probably find that the profit of reclamation was so certain as to warrant their raising special loans for the subject, and thus, in a few years, getting rid of these sources of disease."

BABOO KRISTODAS PAL might mention that the late Municipal Commissioners followed the plan which His Honor suggested in this Resolution, and he held in his hands a list of the bustees which were reclaimed by them, by purchasing entire blocks of land and selling them in building lots. The first of these was Dunkin Bustee—a very large piece of land, which was a great nuisance to the neighbourhood, but the character of which was now entirely changed; in the place of dirty, stinking, miserable hovels, there were now palatial residences. In the same way Money Bustee was reclaimed, and another known as Peterson's Bustee. These were the three great bustees in the southern division of the town which were reclaimed in the way he had described. The present Municipal Commissioners had not lost sight of the question, but they were divided in opinion on the subject. He, and his friend DR. RAJENDRA LALA MITTRA, held that, under the law, municipal money could be applied to the purchase of bustees, that being one of the objects to which the municipal funds were applicable. Other Commissioners, however, held a different opinion, and at last the question was submitted to the learned Advocate-General, who was of opinion that, under the Act, it was not competent for the Commissioners to purchase land for the reclamation of bustees. He would read the following extract from that opinion:—

"The expression 'reclamation of unhealthy localities' in the 26th section, does not in my opinion apply to or justify the purchase of lands and the construction of necessary works of sanitation in bustees. The works referred to in the section in which the words 'reclamation of unhealthy localities' occur, are all works in which the public generally, and not private individuals, are interested; but assuming section 26 and the sections commencing with 280 in Part V of the Act to apply to the same class of subjects, and that the reclamation of unhealthy localities is an expression tantamount to taking sanitary measures with regard to blocks of huts, still I do not think that the effect of sections 26 and 280, 281 and 282 read together, is to allow the Commissioners the choice of one of two alternatives."

This being the opinion of the highest legal authority, the Commissioners were unable to move in the matter, and it was now thought desirable to take power from the Legislature to apply the municipal funds to this purpose.

Another object of the Bill was to give practical effect to the provisions of the present law for the regulation of druggists' shops. It would be in the recollection of those members who were in the Council in 1876, that power was given to the Health Officer to inspect dispensaries where European medicines were sold, but unfortunately the law did not give him power to seize or condemn drugs which might have become inert or noxious through deterioration by reason of time or climate. The Health Officer of the Corporation thought that such power ought to have been given to him, and it was also considered advisable to apply to the Council for power to require the proprietors of druggists' shops to employ certificated compounders. Fatal accidents not unfrequently occurred through the ignorance or neglect of compounders. At present these compounders, or the majority of them, had no professional training whatever, and it rested with the employers to engage the services of such persons as they thought fit. The Government some time ago drew the attention of the British Indian Association to this subject, and suggested a system of certificating compounders, and the Bill accordingly proposed to empower the Government to make rules on the subject. If such a system were introduced, the students of the Campbell Medical School, and of the Dacca and Patna schools, would find a large field for employment. At present this measure would be confined to Calcutta, but if it should work well, it might be extended to the mofussil hereafter.

The last point in the Bill to which he would refer was the question of allowing pensions to persons partly paid by the Government and partly by the Corporation. On this subject there had been considerable correspondence between the Government and the Corporation. The latter did not agree in the view taken by the former, viz., that the Corporation should pay the pensions of such persons, on the ground that they were in no sense servants of the

Municipality, but a part of whose salaries was borne by the municipal fund under a special legal obligation. He must frankly state that he did not accept the decision of the Government in this matter, but, as he had been put in charge of the Bill, he considered it his duty to introduce a provision on the subject in deference to the wishes of Government. It would be for the Council to say whether the power sought should be given to Government to compel the Corporation to pay the pensions of persons who were not servants of the Corporation, because their appointment and dismissal did not rest with it, but a part of whose salaries was met from contributions made by it.

There were a few other minor points in the Bill in respect of which he would not make any observations at present.

His Honor the President, in supporting the motion, said that, before putting the question for leave to introduce the Bill to amend the Calcutta Municipal Consolidation Act, he wished to say how glad he was that it had been brought forward by a gentleman who had shown himself, by his many years of hard and earnest service, to be a most able and zealous representative of municipal interests. He was quite sure that, while the Bill was in the hon'ble mover's hands, nothing would be done which would in any way interfere with the well-being of the Corporation. He would just say, in passing, with reference to the proposal to defer the time for the extinction of the Government Consolidated Loan by extending the period for repayment and decreasing payments towards the Sinking Fund, that it had his entire support, and had been recommended for the sanction of the Government of India on the distinct understanding that, in consideration of what was now being done to assist and relieve them, the Municipality would take sufficient measures to increase the water-supply of the town in such a manner as would give a complete and thoroughly efficient supply not only to the town, but enable the Commissioners to meet the demands which would probably be made on them by the Suburbs. His Honor understood that these views were now accepted by the majority of the Commissioners, and he supported the Bill on the understanding that the Corporation would be prepared to meet the Government so far.

As regards bustees, His Honor thought the town never would be what it ought to be until the power for taking up lands, reclaiming them, and letting them out, was conferred on the Municipality. He himself had been under the impression that that body had this power. He very well recollected that in old days great results had been obtained by the Town Commissioners by taking up bustee lands in this way, and he thought it very desirable that measures should be taken to regulate the construction of buildings, whether European or native. and other schemes for drainage and ventilation, on plans to be approved by the Commissioners. He was not sure how far the Municipality were to blame in this matter, but he had observed that some lands which had been reclaimed and made healthy and clean had now been allowed to pass away into filthy bustees again. He might mention that the land in the neighbourhood of Theatre Road, known as Baman Bustee, which had been taken up by the old Commissioners, was now rapidly retrograding into a bad native bustee.

As regards compounders, it was sad to think of the amount of mischief and loss of life which had been caused by the gross ignorance of the persons in charge of the many petty druggists' shops scattered all over the town. The subject had been forced upon the attention of Government very frequently in several ways, and not unfrequently by the proceedings of the Coroner's Court, and His Honor thought the time had arrived when it was the bounden duty of the Corporation to see that arrangements were made to protect the lives of people, by prohibiting these shops being placed in the hands of men who had little or no training or knowledge in the use of drugs; and he was willing to co-operate with the Municipality in this matter, by establishing in the Government Medical Schools and Colleges cheap classes for compounders entirely distinct from the Government medical classes now in existence, the pupils of which would be fit to be employed by the owners of drug shops with a certain amount of reliance as compounders.

As regards pensions, His Honor was sorry his hon'ble friend was unable to support that part of his own Bill. It seemed to him most unreasonable that the Corporation should dispute their liability to pay the usual proportion of the pensions of men who were lent to them by Government, and whose salaries they distinctly recognized their liability to pay so long as they had the benefit of their service. He did not understand the distinction made by the hon'ble mover that these persons, though employed under the Municipality, were not their servants. They were lent by the Government to the Municipality, and all payments to them should be chargeable to that body. He felt reason to hope that on a full consideration of the subject the hon'ble mover would be able to give this part of the Bill also his support.

The motion was agreed to.

The Council was adjourned to Saturday, the 26th February.

### AMENDMENT OF THE CESS ACT.

The Hon'ble Mr. Dampier moved that the Bill to amend the Cess Act, 1880, be read in Council. He said that, in asking for leave to introduce this Bill, he explained that the object of it was to correct certain errors which had been made in the edition of the Bill which was finally passed as Act IX of 1880. He would first mention the main error, out of which arose the necessity for this Bill. Under the old Cess Act, the interest payable on arrears of cess was 12 per cent, whether the cess was payable to Government by the zemindar, or to the zemindar from his ryots. The Council agreed after full discussion, both in Select Committee and when the Bill was being passed, that the rate of interest should, merely for facility of calculation, be raised to 12½ from 12 per cent, 12½ per cent being exactly two annas on each rupee. All the sections of the Bill which were affected were altered accordingly, and so the Bill was originally passed by this Council, and submitted for the approval of the Governor-General. Hon'ble members were aware that the Bill as first submitted was vetoed. Two lakhiraj sections were then omitted, and the Bill as so amended was again passed by this Council. In the Bill as it was finally passed by the Council, while the sections providing that the rate of interest on arrears payable by the ryot to the zemindar should be twelve and a half per cent were correctly reprinted, in the section determining the rate of interest on arrears payable to Government, the rate was by some unaccountable error reduced again to twelve per cent, the words "and a half" having dropped out. That was the substantial error for which it became necessary to introduce a Bill.

The other amendments of the Act were such as the critical perusal which accompanied the working of an Act had brought to light.

The first of these was embodied in section 2 of the Bill. As the Act stood, the words in section 10 seemed to imply that interest on the Public Works Cess should be credited to the Road Cess Fund of the district. That of course was not intended.

Then came the proposed section 40A, to make which thoroughly intelligible to the Council Mr. Dampier should have to enter into a lecture on the minutiæ of administration which would be out of place. He had tried to explain the matter as fully as he could in the papers which had been circulated to the Council. Briefly, it was this—In Chittagong, there was a vast estate, called the Noabad Estate, of which the Government was proprietor. The tenures in this estate, amounting to some 37,000, were scattered all over the district, and in some of these the amount of rent payable was most trifling, and the amount of cess was also extremely small, ranging down to items of less than one rupee. As they now stood, the different laws which regulated the collection of rent and cesses, required the collection of the cesses and of the rent on these 37,000 holdings by separate establishments and under different processes. In Chittagong, say fifty per cent of the payers never thought of paying their dues until compulsory processes of some sort were taken out against them. Why should they? On the one hand some thirty per cent interest would be obtained for the use of money—on the other, arrears of Government revenue carried no interest, and a man would indeed be blind to his own interests if he did not withhold the money due as revenue, and use it profitably and productively until the last moment.

As the law stood then, if a man fell into arrears of rent to the amount of one rupee, and of road cess to the amount of four annas on one of these 37,000 Noabad talooks, the rent and the cess must be collected by two different establishments and by two different processes. The Road Cess Committee, through their agent, the Collector, and his cess establishment, must collect the four annas of cess; whereas the one rupee rent must be collected through the revenue tehsildary establishment of the Collector by another process. This would necessitate the issue of some 37,000 processes instead of some 19,000, which only would be required if the rent and the cess were collected together under one and the same process. The advantage of collecting both together by the same establishment and the same process was obvious, and he hoped the Council would therefore accept the section which was proposed to effect this object.

The last amendment which it was necessary for him to notice was that contained in section 9 of the Bill. The British Indian Association had brought to notice that the heading of the section there mentioned required zemindars to give certain details which very often they could not give as to the lands contained in their zemindaries; it was therefore proposed to relieve them of the obligation by adding to the heading of column 4 of that schedule the words "if known," after the words "area occupied."

The Hon'ble Kristodas Pal said, following the lines laid down by the Hon'ble Mover of the Bill, he wished to draw attention to Part I of Schedule A, annexed to the Cess Act. This Part of the schedule required the owner to give details of lands in the actual occupation or cultivation of the person submitting the return, and a "Note" to that Part said that only nij-jote lands and unculturable unlet lands should be included in this part. Baboo Kristodas Pal did not observe that Note when the Act was passed, and he did not understand the object of it. The principle of the cess was that all lands paying rent or yielding profit in some shape or other were to be assessed; but under this schedule the landlord was required to make a return of unculturable and unlet lands, and as in another column the probable annual value of the land was required to be given, although no rent or profit was derived from it, the result would be that lands which yielded no profit would be brought under assessment. Then, again, many zemindars were not in a position to give a correct return of unculturable and unlet land in their *nij* possession: auction purchasers in particular would experience great difficulty in giving the information required. The provision in question was not contained in the Road Cess Act of 1871; why it was introduced in the amending Act he could not say, but as it was in

contravention of the principle of the cess, he hoped the Hon'ble Mover would take the matter into his consideration in Select Committee.

The HON'BLE MR. DAMPIER remarked that the Select Committee to which the Bill would be referred, would no doubt consider the suggestion made by the Hon'ble Member, granting the premises that it was against the principle of the Act to assess the lands to which he had referred.

The motion was then agreed to, and the Bill referred to a Select Committee consisting of the Hon'ble Mr. Reynolds, the Hon'ble Kristodas Pal, the Hon'ble Peary Mohun Mookerjee, and the Mover, with instructions to report within seven days.

## CALCUTTA PORT IMPROVEMENT ACT AMENDMENT.

THE HON'BLE THE ADVOCATE-GENERAL moved that the report of the Select Committee on the Bill to amend the Calcutta Port Improvement Act Amendment Act, 1880, be taken into consideration, in order to the settlement of the clauses of the Bill. He had on this occasion to observe that the Select Committee had substituted a new section for section 10 of the Act, to make it clearly understood. Since the last meeting of the Council a letter had been received by the Government of Bengal from the Chamber of Commerce, expressing their concurrence in the recommendation made by the Port Commissioners, and expressing a hope that the power vested in the Port Commissioners would be exercised with caution and due regard to the public convenience. The ADVOCATE-GENERAL thought he might safely say that the desire of the Chamber of Commerce would be fully met, bearing in mind that the rules to be passed under the Act were to be made by the Lieutenant-Governor on the recommendation of the Port Commissioners. A slight mistake had crept into the form of debenture which he would wish to have corrected before the Bill was passed. Four-and-a-half per cent. was mentioned, in the form of debenture, as the rate of interest to be paid. That was a mistake; the rate of interest should be left blank, to be determined at the time when a loan was about to be contracted.

The motion was agreed to.

On the motion of the ADVOCATE-GENERAL the clauses of the Bill were considered for settlement in the form recommended by the Select Committee, and the Bill was then passed with the correction above referred to.

The Council was adjourned to Saturday, the 12th March.

The mean pressure, temperature, &c., are deduced from the traces of the barograph and thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The direction and movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

NOTIFICATION.

*The 8th March* 1881.—In part supersession of the Notification, dated the 26th November 1868, the Lieutenant-Governor sanctions the following alterations in sub-divisional and thana jurisdictions in the district of Cuttack, with effect from the 1st June 1880 :—

*1st.*—Thana Aul, with the exception of its outpost Ayas, has been transferred from the sub-division of Jajpore to the sub-division of Kendrapara.

*2nd.*—The outpost of Ayas, including pergunnahs Ayas and Bowtirah, the villages of Kumardee, Kycanh (two portions), and Durbah of pergunnah Kymah, and the village of Sattibattee of pergunnah Jajpore, which has hitherto been under thana Aul, has been included in thana Jajpore.

In consequence of the above alterations, the revised boundaries of thanas Aul and Jajpore are described below, in modification of the boundaries defined by the Notification cited above.

BOUNDARIES OF THANA AUL.

*On the North.*—The boundary of the district along the Durmah and Byturnee rivers.

*On the West.*—The Petajora Nullah along the boundaries of pergunnah Barran southwards to the Kursooa river ; thence the Kursooa river along the boundaries of pergunnah Hatteemundah westwards to the village of Sunderpore ; thence the boundaries of villages Sunderpore, Modoosoodunpore, Ungalloo and Berangee.

*On the South.*—The boundaries of the following villages, viz. Turreepal, Andeerah, Bulbooreea, Samoomung, Ungaruk, Mahasohance, Chundeeguree, Singeree-Putna and Rambarra ; thence the Brahmunnee river southwards to the village of Damurpoor ; thence the boundaries of the following villages, viz. Damurpoor, Peereekeedundee, Konosona, and Dukhundundee ; thence the boundary of pergunnah Killa Kunika to the village of Kurkole ; thence the boundaries of villages Kherkole, Tatullung, Koelpoor, and Durpoor ; thence the boundary of pergunnah Killa Kunika along the Boronee Mohan to the Bay of Bengal.

*On the East.*—The Bay of Bengal.

BOUNDARIES OF THANA JAJPORE.

*On the North.*—The boundary of the district.

*On the West and South.*—The boundary remains the same as defined by the Notification of 26th November 1868.

*On the East.*—The western boundary of Thana Aul as above described.

*Note.*—All villages named above are situated outside the boundaries of the thanas under description.
*Note.*—Thana Aul, which was, under the notification, dated 30th March 1875, included in the Jajpore Moonsifee, is now transferred to the Cuttack Moonsifee.

A. MACKENZIE,
*Secy. to the Govt. of Bengal.*

NOTIFICATION.

*The 5th March* 1881.—In exercise of the power conferred on him by Section 54, Act V (B.C.) of 1866, an Act to make better provision for the regulation of hackney carriages and palankeens in the town and suburbs of Calcutta, the Lieutenant-Governor hereby extends the provisions of the said Act to the Patna Municipality, with effect from the 1st April 1881.

COLMAN MACAULAY,
*Offg. Secy. to the Govt. of Bengal.*

[First Publication.]

NOTIFICATION.

*The 8th March* 1881.—Under the provisions of Section 16 of the Indian Forest Act VII of 1878, the Lieutenant-Governor hereby appoints the Commissioner of the Rajshahye and Cooch Behar Division to hear appeals from orders passed by the Forest Settlement Officer in the districts of Darjeeling and Julpigori under Sections 10, 11, 14 and 15 of the said Act.

A. MACKENZIE,
*Secy. to the Govt. of Bengal.*

[First Publication.]

NOTIFICATION.

*The 3rd March* 1881.—The Lieutenant-Governor is pleased, under Section 4 of Act VII (B.C.) of 1873, to direct the substitution of the following rules regulating the transport of labour to the Tea Districts of Assam for the corresponding rules at present in force.

*Rule* 79.—The master of any vessel intending to apply for a license to carry more than twenty emigrant passengers, shall provide the permanent fittings as prescribed in the rules; and shall thereafter apply in writing to the Superintendent of Emigration at Calcutta, or other officer duly empowered by the local Government, for an inspection of such fittings, and of the legal capacity of the deck space for the accommodation of such passengers.

*Rule* 80.—The Superintendent or other officer shall thereupon examine the fittings, and after satisfying himself that the requirements of the rules have been complied with, shall grant a certificate of approval specifying the number of emigrant passengers that the vessel may carry.

*Rule* 81.—The master of any vessel intending to carry labourers as emigrant passengers under his license, shall provide the following :—

(*a*) Stores, medicines, medical comforts, and cooking utensils in accordance with the requirements of Schedules B. C. and D.

(*b*) A medical officer licensed by the Medical Inspector or other officer so empowered.

(*c*) The establishment of attendants as prescribed in Schedule E.

*Rule* 82.—On arrival at the place of embarkation, the master desiring a license shall make a written application to the Embarkation Agent, or other officer duly empowered by the local Government, and shall be prepared for survey by clearing the whole or such portion of the deck space as may be intended for the accommodation of emigrant passengers; and, if labourers are to be carried, by having the prescribed provisions and other stores arranged conveniently for examination.

*Rule* 83.—The Embarkation Agent or other officer as aforesaid, on receipt of the application for license, shall, in consultation with the Medical Inspector, hold the survey of the vessel's fittings and available space, and, if labourers are to be carried, of the requisite stores, at which both master and medical officer are to be present. The certificate of approval granted under Rule 80 shall be produced by the master at such survey, and the Embarkation Agent or other officer as aforesaid shall accept the permanent fittings as therein described on satisfying himself that they have not since been altered or damaged; and shall also, in the event of the entire deck space being reserved for emigrant passengers, accept and enter in the license, which he may in his discretion grant to the master, the number such space is stated in the certificate to be capable of accommodating; but, if only a part of such space be reserved, he shall, after ascertaining the number that may be accommodated therein, specify in the license such number only.

*Rule* 84.—The medical officer of every licensed vessel shall, in conjunction with the master, be responsible for the proper discharge of the duties to be performed by the establishment, and shall, in case of misconduct or neglect of his duties or of the requirements of the rules regulating transport, be liable to dismissal on the requisition of any Medical Inspector.

*Rule* 87.—After everything has been examined and approved of, the master or manjee, and the doctor or sirdar in charge, shall sign the provision lists; and when the Embarkation Agent is satisfied that all is correct, and that the master of the steamer, or head manjee in charge of the flotilla, has a copy of the Act and Rules, he shall license the vessels.

*Rule* 90.—Hospital space shall be provided for 5 per cent. of the total number of statute adults to be carried; but such space shall be allotted *at double the rate allowed for healthy adults*, viz. 20, or 24 superficial feet to each statute adult, according to season, making reasonable allowance for space occupied by medical stores.

*Rule* 97.—Four four hundred gallon iron water-tanks, each fitted with at least three large taps of simple construction, and capable of being secured against use when desirable and with a padlocked iron cover, besides a canvas over all to exclude dust, &c., shall be conveniently placed and filled, before the arrival of the steamer at the place of embarkation, with the best water available, for the exclusive use of the emigrants. Two of the tanks only shall be in use at the same time, the others being reserved as settling tanks.

*Rule* 98.—One or two fire-proof cabooses, fitted inside with brick and plaster, to accommodate the full number of boilers according to scale, shall be firmly secured in the after-part of the vessel, and so placed as to prevent risk of contamination from the hospital.

*Rule* 99.—Latrines with canvas screens in front shall be securely fitted as far aft as possible, and at some distance from the deck space for emigrants, their drinking water, and cooking places, &c.; and in every compartment a metal vessel, secured by a chain, shall be provided for drawing river water for washing purposes.

*Rule* 100.—There shall be two separate sets of latrines for males and females respectively, placed, if possible, on opposite sides of the deck: and each set shall consist of at least three compartments, for the use of the first 200 statute adults and under on board, and of one additional compartment for every 100 statute adults in excess of 200.

*Rule* 101.—Every vessel licensed to carry emigrants shall be provided with a covered trough, fitted with at least six large and simple taps placed at such distances apart as to admit of six persons abreast washing their clothes at the same time, and connected with a fixed pump for the constant supply of water therein. Two such troughs shall be provided if the number of emigrants to be carried exceeds 300 statute adults.

*Rule* 102.—A sufficiently large and well-protected space for bathing in shall be set apart for the use of the emigrants, and shall be fitted with a suitable shower-bath of simple construction and capable of distributing the shower over a large area, and a moveable canvas screen, to be invariably used when women are bathing. A ship's force-pump with hoses complete shall also be provided for the exclusive purpose of supplying water to the shower-bath and to the drinking water-tanks, and shall on no pretext whatever, excepting on an outbreak of fire on board, be otherwise used.

*Rule* 107.—A suitable compartment, approved by the Medical Inspector, shall be set apart for a dispensary, and bamboos shall be fastened, fore and aft, along the central stanchions near the emigrants' deck space to enable the emigrants to hang up their bundles and blankets for the day.

*Rule* 122.—Emigrant passengers other than labourers may be accommodated on board the same vessel with labourers and on the same deck, provided that the total number under conveyance does not exceed the maximum number specified in the license.

*Rule* 150.—All extra food and any change in diet shall be regulated by the medical officer only on his own responsibility.

*Rule* 151.—A constant supply of good drinking water shall be kept in the tanks. These shall be used alternately, the water in each being allowed to settle, after the addition of alum in the proportion of six grains to the gallon. The water shall be pumped directly into the tanks from the river in mid stream, and clear from all possible risk of pollution from latrines and other sources.

*Rule* 152.—A register shall be kept by the medical officer of the daily issue of stores which shall be filled in regularly every day and submitted for inspection to the inspecting officers when they visit the vessel at the close of the passage. This register shall be delivered by the medical officer to the Embarkation Agent.

*Rule* 154.—The topases shall sweep the decks morning and evening, and after every meal; and shall keep them always clean and dry. They shall also keep the latrines and bed-pans constantly clean and sprinkled with disinfecting powder or carbolic acid.

*Rule* 162.—Masters of vessels shall report their arrival at each inspecting station to the senior magisterial officer and to the civil medical officer; omission to do so shall entail prosecution or forfeiture of license for the future.

*Rule* 165.—At the end of the voyage, after the last official inspection at the place of final disembarkation, the master or medical officer in charge shall forward the way-bill in original to the Embarkation Agent at the last place of embarkation for his remarks, and for transmission to any other Embarkation Agent concerned in the shipment for his remarks and for its ultimate submission to Government through the Superintendent of Emigration at Calcutta.
